PART 1 – INTRODUCTION

This non-binding Request for Proposals (“RFP”) is an invitation to obtain Proposals from qualified Proponents for HVAC System Air Filters and Related Products (“Products”) as described in Part 2 – The Deliverables.

OECM intends to award up to four (4) Master Agreements for Category A – HVAC System Air Filters and **one (1) or more Master Agreements** for Category B – **HEPA Air Filtration Units and Related Products**, with an initial Term of the Master Agreement (“Term”) of three (3) years with an option in favour of OECM to extend the Term on the same terms and conditions for up to two (2) years.

The Proponent may submit a Proposal for one (1) or both Categories. Each Category will be evaluated, scored and awarded independently.

This RFP is issued by OECM.

1.1 Objective of this RFP

The objective of this RFP includes, but is not limited to provide:

- (a) A wide range of quality Products at competitive pricing to all Customers;
- (b) Excellent customer service and timely delivery to all Customers across Ontario;
- (c) Expertise on the latest air filtration trends and Products;
- (d) Flexible ordering and payment methods for Customers; and;
- (e) Detailed, accurate and punctual spend reports to OECM.

1.2 OEM and Reseller/Dealer Status

The Proponent must be an OEM or an authorized reseller for proposed OEM Products.

During the Term, if the Supplier is a reseller, it must maintain OEM authorized reseller status and provide proof of its status upon OECM’s request. The Supplier must advise OECM of any changes to its reseller status within thirty (30) days of such change.

1.3 Project Background

OECM’s first HVAC System Air Filters request for tenders (RFT) was in 2017 which generated cumulative spend of over two million dollars (\$2,000,000). This project is the second-generation RFP for HVAC System Air Filters and **HEPA Air Filtration Units** which includes a technical evaluation phase in addition to commercial evaluation phase. Please refer to Part 3 – Evaluation of Proposals for further details. With indoor air quality at the top of mind, the inclusion of **HEPA Air Filtration Units** will also be a **Deliverable** in this RFP.

1.4 Historical Spend

OECM currently has HVAC System Air Filters agreements in place with three (3) suppliers that expire on June 30, 2021. There are presently twenty-five (25) active CSAs using these existing OECM HVAC System Air Filters agreements:

- (a) Thirteen (13) School Boards;
- (b) Four (4) Colleges;
- (c) Four (4) Universities; and,
- (d) Four (4) other organizations.

Approximate purchases through these existing agreements from June 2017 to January 2021 are approximately two million dollars (\$2,000,000).

Customers using OECM's current agreement are not, in any way, obligated to participate in any Master Agreement resulting from this RFP.

Project Advisory Committee

The following Customers were involved with the development of the requirements set out in this RFP:

- (a) Hastings and Prince Edward District School Board;
- (b) Upper Grand District School Board; and,
- (c) York Catholic District School Board.

The above Customers are **not**, in any way, committed to participating in the Master Agreement resulting from this RFP.

1.5 Overview of OECM

OECM is a trusted not-for-profit partner for Ontario's education sector, Broader Public Sector ("BPS") entities, Provincially Funded Organizations ("PFO"), Crown Corporations, and other not-for-profit organizations. OECM offers a comprehensive choice of collaboratively sourced and competitively priced products and services through its Marketplace, the goal of which is to generate savings, choice and service for its Customers.

Recognizing the power of collaboration, OECM is committed to fostering strong relationships with both Customers and suppliers by:

- (a) Actively sourcing products and services in an open, fair, transparent and competitive manner, compliant with BPS Procurement Directive and applicable trade agreements;
- (b) Establishing, promoting and managing product and service agreements used throughout its Customer community;
- (c) Supporting Customers' access and use of OECM agreements through analysis, reporting and the development of tools, guides, and other materials;
- (d) Effectively managing supplier contract performance while harnessing expertise and innovative ideas, to drive continuous improvements through a Supplier Relationship Management program;
- (e) Promoting OECM's Supplier Code of Conduct, based on its core values, to ensure that all supplier partners adhere to a set standard when conducting business with OECM and its Customers resulting in continuous, long-term success; and,
- (f) Supporting supplier partners through a Supplier Recognition Program.

1.6 Use of OECM Master Agreements

As of December 31, 2020, one thousand and fifteen (1015) Customers were using one (1) or more OECM agreements with a cumulative spend of more than two (2) billion dollars over the last eleven (11) years.

More information about OECM is available on our website - <http://www.oecm.ca/>.

1.7 The Ontario Broader Public Sector Procurement Directive

OECM, and the Customers they service, follow the Ontario BPS Procurement Directive. The directive sets out rules for designated BPS entities on the purchase of goods and services using public funds. The Procurement Directive is available here <https://www.doingbusiness.mgs.gov.on.ca/mbs/psb/psb.nsf/English/bps-procurementdirective>.

1.8 Trade Agreements

OECM procurements are undertaken within the scope of Chapter 5 of the Canadian Free Trade Agreement ("CFTA"), Chapter 19 of the Comprehensive Economic and Trade Agreement ("CETA"), and within the scope of the Trade and Cooperation Agreement between Quebec and Ontario and are subject to such agreements, although the rights and obligations of the parties shall be governed by the specific terms of this RFP. For more information, refer to the Section 5.6.11.

1.9 Rules of Interpretation

This RFP shall be interpreted according to the following provisions, unless the context requires a different meaning:

- (a) Unless the context otherwise requires, wherever used herein the plural includes the singular, the singular includes the plural, and each of the masculine and feminine includes the other gender;
- (b) Words in the RFP shall bear their natural meaning;
- (c) References containing terms such as “includes” and “including”, whether or not used with the words “without limitation” or “but not limited to”, shall not be deemed limited by the specific enumeration of items but shall, in all cases, be deemed to be without limitation and construed and interpreted to mean “includes without limitation” and “including without limitation”;
- (d) In construing the RFP, general words introduced or followed by the word “other” or “including” or “in particular” shall not be given a restrictive meaning because they are followed or preceded (as the case may be) by particular examples intended to fall within the meaning of the general words;
- (e) Unless otherwise indicated, time periods will be strictly applied; and,
- (f) The following terminology applies in the RFP:
 - i. The terms “must” and “shall” relate to a requirement the Supplier will be obligated to fulfil. Whenever the terms “must” or “shall” are used in relation to OEMC or the Supplier, such terms shall be construed and interpreted as synonymous and shall be construed to read “OEMC shall” or the “Supplier shall”, as the case may be;
 - ii. The term “should” relate to a requirement that OEMC would like the Supplier to fulfil; and,
 - iii. The term “will” describe a procedure that is intended to be followed.

[End of Part 1]

PART 2 – THE DELIVERABLES

This Part of the RFP describes the HVAC System Air Filters and HEPA Air Filtration Units and Related Products (“Product”) Deliverables which will be incorporated into the final Master Agreement.

OECM requires that the Proponent has a clear and comprehensive understanding of the RFP requirements (i.e. Part 2 – The Deliverables **and** Part 4 – Master Agreement Structure and Management). The Proponent will be required to indicate their agreement accordingly in the Form of Offer in the Qualification Envelope on OTP.

The Supplier shall provide **all** RFP requirements **for the Category being proposed**.

The Proponent may submit a response for Category A only. Deliverables for Category B – HEPA **Air Filtration Units and Related Products**, Section 2.4 will not apply.

The Proponent may submit a response for Category B only. Deliverables for Category A – HVAC System Air Filters, Section 2.2 and 2.3 will not apply.

The Proponent may submit a response for both Category A and B. All Deliverables outlined the RFP will apply.

2.1 Description of Deliverables

Deliverables include a broad range of cost-effective Products to meet the Customer’s requirements. Products are divided into the following categories:

- a) Category A – HVAC System Air Filters; and,
- b) Category B – HEPA **Air Filtration Units and Related Products**.

2.2 Category A – HVAC System Air Filters

Deliverables include a broad range of cost-effective Products to meet the HVAC system air filter requirements of Customers. Products include both standard and customized filters that vary in size, shape, material, and frame construction (if applicable) but are not limited to the following:

- a) Panel Filtered Products;
- b) Pleated Filtered Products (Standard Size);
- c) Pleated Filtered Products (Non-Standard Size);
- d) Media Pad or Rolled Products;
- e) Box Filtered Products;
- f) Pocket/Bag Filtered Products; and,
- g) Other Filter Products and Product Accessories.

2.2.1 Panel Filtered Products

Panel Filtered Products are low efficiency, framed HVAC system air filter products. They are typically made with disposable frames (e.g. cardboard or wire) and low efficiency media types (e.g. fiberglass or synthetic material). They may also be referred to as throwaway or disposable filters.

2.2.2 Pleated Filtered Products

Pleated Filtered Products are framed and consist of extended surface area media arranged in pleats. Typically, pleated filter products are made with a cotton/synthetic blend media arranged in wedge shaped pleats and have a disposable frame (e.g. rigid, high wet strength, heavy duty beverage board). They may also be referred to as pleated panel filters.

2.2.3 Media Pad or Rolled Products

Media Pad or Rolled Products are frameless filter media of various types. They are typically precut to Customer specifications.

2.2.4 Box Filtered Products

Box Filtered Products are rigid style cartridge HVAC system air filter products made of various depths and media types (e.g. lofted or paper).

2.2.5 Pocket/Bag Filtered Products

Pocket/Bag Filtered Products consist of a header that has multiple self-inflating pockets attached. Pocket/bag filters are typically high-efficiency and disposable, consist of four-six (4-6) pockets and are made of various media types.

2.2.6 Other Filter Products and Product Accessories

These are other filter Products and Product Accessories that may be required by Customers but are not addressed in the categories listed above such as HEPA filters.

2.3 Optional Services

The Supplier may provide optional services at the request of the Customer. Additional costs may apply and shall be approved and mutually agreed upon between the Supplier and Customer. Suppliers may add other optional services during the product refresh period. Optional services may include but not limited to:

- a) Inventory Management Services;
- b) Related Product Training;
- c) Disposal of Used Products;
- d) Resource Audit and Review Service (including Product dependent HVAC system energy usage audit);
- e) Indoor Air Quality Test Service; and,
- f) Assist in Governmental Financial Incentive Opportunities, if applicable.

2.4 Category B – HEPA Air Filtration Units and Related Products

Deliverables include a broad range of cost effective HEPA Air Filtration Units and Related Products to meet or exceed the Product requirements of Customers. Products may include but are not limited to the following:

- a) HEPA Air Filtration Units;
- b) HEPA filters;
- c) Odour reducing filters;
- d) Carbon filters; and,
- e) Pre-filters.

The Supplier will ensure the units provide air filtration through the use of HEPA filter(s) and may also include regular filters (with a minimum of MERV 8 rating) and/or other filter types.

The Supplier will ensure the Products meet all applicable industry standards and regulations including but not limited to CSA and/or UL approval.

2.4.1 HEPA Air Filtration Units

The Supplier shall ensure that the commercial HEPA Air Filtration Units meet or exceed the following requirements including, but not limited to:

- a) Purification percentage at 99.9% at 0.3-micron size;
- b) 120 voltage, 60 hertz (HZ) and suitable for standard 15 AMPs receptacles;
- c) Maximum noise level of 70db;
- d) Tamperproof (if applicable);
- e) UL2998 certified to be ozone-free and mercury-free (if applicable);
- f) Energy Star and Ontario Electrical Safety Code certified;
- g) Easy to maintain by the Customer; and,
- h) Have a minimum of a one (1) year warranty.

The Products should not require annual service or maintenance contract.

The HEPA Air Filtration Units **shall not** have the following:

- a) Air intake cannot be on the floor;
- b) Have any odour unpleasant to the user;
- c) Cause any irritation or other adverse reactions; and,
- d) Cause any health hazard including but not limited to risk of electric shock.

The air filtration units **shall not** include other types of technology used to purify/treat the air such as, LED technology, plasma production technology, (bipolar ionization), UV light technology (non-ozone producing), and other technologies.

2.4.2 Features

The HEPA Air Filtration Units may include but not limited to the following:

- a) Have options of variable speed control;
- b) Easy to clean and maintain by Customers;
- c) Scheduled run timer to control when the unit is requested to run (i.e. unit is off during the off hours), if applicable;
- d) Easily readable display for user control; and
- e) Filter replacement indication light or reminder.

2.5 Regulatory Requirements for Category A Only

The Supplier shall ensure the Products meet all applicable industry standards and regulations including but not limited to the following:

- a) Underwriters' Laboratories of Canada or Underwriters' Laboratories as to flammability Class II or be classified as UL 900;
- b) ASHRAE 52.2-2007 Test Standard (or later version);
- c) Independent laboratories shall be used to confirm Product's Minimum Efficiency Reporting Value (MERV) on OEM and/or Customer's request at no cost to OEM or the Customer; and,
- d) Ontario Occupational Health and Safety Act.

2.6 Product Testing

The Supplier shall provide, where mutually agreed upon with Customer, Customer-specific Products for testing (e.g. to ensure the Product meets Customer's requirements and to assess the Product suitability of use and application).

The duration of Product testing shall be mutually agreed upon by the Customer and Supplier.

A CSA does not have to be executed prior to the Supplier providing Product for Customer testing.

2.7 Product Warranty

At a minimum, the Supplier shall provide Customers a four (4) month warranty for all its Product under Category A – HVAC System Air Filters and one (1) year warranty for all its Product under Category B – HEPA Air Filtration Units and Related Products or from the beginning of use, or twelve (12) months from date of receipt, whichever ends sooner. The Supplier shall warrant against, but not limit to, the following conditions:

- a) Faulty material; and
- b) Manufacturing defects.

Where a manufacturer's warranty applies to the Product, the Supplier shall be responsible for arranging Product exchanges, repairs or replacement. All shipping costs related to warranty exchanges, repairs and replacements shall be at no cost to the Customers.

Warranty support shall include:

- a) Customer telephone support during Business Days; and
- b) Toll free telephone number.

The Supplier and Customer will agree upon on the terms (e.g. location of repair, lead-time, response time) when warranty repair is required.

2.8 Delivery

The Supplier shall deliver the correct Products and quantities Delivered Duty Paid ("DDP") to Customer's location for Category A – HVAC System Air Filters.

Products under Category B – HEPA Air Filtration Units and Related Products do not include delivery. However, the Supplier is responsible for clearing the Products through customs in Canada, including both paying the duties and taxes, and obtaining the necessary authorizations and registrations from the authorities in Canada. Delivery lead times are mutually agreed upon between the Customer and Supplier.

All deliveries shall be mutually agreed to by the Customer and Supplier.

Most Customers require orders for a specific location not to be broken up into multiple deliveries. The Customer and Supplier shall mutually agree, when executing a CSA, to any restrictions on multiple deliveries and to any accommodations for back-order items.

Customers may have more than one (1) location within their organization (e.g. one hundred (100) individual schools, three (3) campuses) and may have more than one (1) delivery location within one (1) delivery address (e.g. two (2) mini-store locations in one (1) campus). The Supplier and Customer will set out this arrangement when executing a CSA.

Products will be packaged appropriately to ensure safe delivery. All deliveries must include a packing slip specifying the Customer's required information (e.g. name of the employee who placed the order, purchase order or work order number, Product and quantities ordered, shipped, and back ordered), as required.

The Customer and Supplier may agree to other delivery terms (e.g. increase order size, to satisfy the Customer's schedule), which are mutually beneficial to each party.

Deliveries should be made by the Supplier's own transportation fleet or a reputable transportation company that allows for tracking and proof of deliveries.

2.8.1 Delivery Lead Times for Category A Only

The Supplier shall ship large orders, generally meeting seasonal Customer requirements, within three to four (3-4) weeks after receiving the Customer's order.

The Supplier shall ship commonly stocked Products (e.g. standard pleated filtered Products) within three (3) Business Days after receiving the Customer's order.

There may be other circumstances where the Supplier and Customer may mutually agree upon other lead times which are beneficial to both parties, such as custom products or allowance for blanket purchase orders with scheduled release dates, bulk or large orders or special delivery requirements (e.g. specific hours). This may be established when executing a CSA or at the time of order confirmation.

Products affected by extenuating circumstances (i.e. pandemic) may not meet the standard delivery lead times above. The Supplier will communicate to Customers at the time of order acknowledgement any extended lead times on any products purchased. Customers will have the option to cancel or proceed with the extended lead times on the products.

2.8.2 Back Orders

Back orders should be confirmed at the time of the order acknowledgement with an estimated delivery date, Customers will have an option to cancel or accept the back orders.

2.8.3 Product Substitution for Category A Only

The Supplier may offer appropriate Product substitutions if the Customer requested Product is not available. In this case, the Customer may:

- a) Request a sample of the suggested substitute Product;
- b) Request verification from an independent lab that the suggested substitute Product meets regulatory standards; and,
- c) Agree to the recommended substitute Product. The Customer may return the substitute Product in the event it does not fulfill the Customer's needs. The Supplier shall bear all costs for this return.

2.8.4 Damaged or Defective Shipment

The Customer may not accept the delivery of the Products if they are:

- a) Damaged (or the packaging is damaged);
- b) Not delivered as agreed; or,
- c) Substituted without prior approval of the Customer.

The Supplier shall be responsible for all shipping costs related to the return and replacement (e.g. immediately if required by Customer for an imminently scheduled maintenance) of any damaged or defective Products from the Customer's location. Customers will not be responsible for any additional costs (e.g. re-stocking fees) due to damaged or defective Products received.

2.8.5 Returns for Category A Only

The Supplier shall accept all Products returned by the Customer that were ordered incorrectly and not used within thirty (30) days from delivery date, at no additional cost (e.g. restocking or shipping fee) to the Customer.

2.8.6 Recalls

The Supplier shall ensure that Products meet current safety standards and regulations and shall advise OEM and Customers of any changes with regulatory agencies related to the Products, which may impact the future availability of Products, or Service support of the Products within

The Supplier shall immediately report recalled Products to OEM and Customers advising applicable details (e.g. model number, serial number). Supplier shall comply with the requirements of any Applicable Law in respect to recalled Products and repair or replace the Product at no additional cost to Customer.

2.8.7 Discontinued Products

The Supplier shall not arbitrarily discontinue Products and shall provide the Customer with sufficient notice (e.g. within sixty (60) days) prior to discontinuation.

Further, the Supplier shall ensure that in the event a Product becomes unavailable, and a replacement is proposed, the replacement Product shall have equal or greater functional capabilities/specifications than those of the retiring Product at a similar Rate.

The Supplier shall provide the manufacturer's supporting letter to the Customer and OEMC prior to discontinuation.

2.9 Order Management

The Supplier shall provide a variety of ways for Customers to order Products and/or Services including, but not limited to the following:

- a) Electronic Data Interchange ("EDI");
- b) Email;
- c) Supplier's online ordering process.
- d) Toll free phone; and/or,
- e) Via purchase order through the Customer's system;

Where applicable, Customers may need to perform integration testing on the Supplier's online ordering system to ensure it is compatible with the Customers' systems, policies and procedures.

2.9.1 Minimum Order

The Supplier shall not have any minimum order value or volume requirements.

2.9.2 Order Acknowledgement

The Supplier shall acknowledge the receipt of an order by Customer immediately or within one (1) Business Day. The Supplier will include in this acknowledgement, any Product and/or Service ordered that cannot be fulfilled (e.g. back orders). The Customer, at its sole discretion may:

- a) Cancel some or the entire order;
- b) Ask the Supplier to ship only available Products and cancel any backorders; and/or,
- c) Agree to an alternative delivery schedule based on anticipated Product availability.

2.9.3 Order Changes and/or Cancellation

The Supplier shall accept new orders, order changes and/or cancellation as may be required based on Customer's requirements, at no additional cost to the Customer.

2.9.4 Coordinating Bulk Purchases

The Supplier shall support coordinated bulk purchases initiated by OEMC and/or Customers for several Customers during the Term. If this occurs, OEMC or the Customer may negotiate a lower Rate with the Supplier for bulk purchases. Lead time for bulk purchases may differ from that set out in Section 2.8.1. OEMC or the Customer will ensure reasonable lead times for bulk purchases are requested.

OEMC and/or Customers may consolidate various Customer volumes and coordinate bulk purchases. Once Products have been received at Customer's location, the Supplier shall invoice each Customer accordingly.

2.9.5 Electronic Commerce

Customers currently use a variety of ERP, e-Procurement or financial systems (e.g. PeopleSoft, Jaggaer) for processing orders and payments. To support these processes, the Supplier will provide reasonable technology and implementation support, at any time during the Term, at no additional cost to the Customer.

2.10 Invoicing

Flexibility in invoicing processes is required. The Customer and Supplier can mutually agree to invoicing details when executing a Customer-Supplier Agreement ("CSA").

The Supplier shall, for Customers using Jaggaer, support cXML and/or portal invoicing functionality.

The invoices, in either paper or electronic format, as detailed in the Customer's CSA shall be itemized and contain, at a minimum, the following information:

- a) Customer name and location;
- b) Customer purchase order number (if applicable) and order date;
- c) Description of Products and/or Services provided, quantities and Rates; and,
- d) HST and total cost.

2.10.1 Payment Terms and Methods

The Customer's common payment terms are net thirty (30) days.

The Supplier shall accept payment from Customers by cheque, Purchasing Card, Visa Payables Automation (via ghost card) or Electronic Funds Transfer ("EFT") at no additional cost to the Customer.

Different payment terms may be agreed to when executing a CSA (e.g. 2%/10 early payment discount for Customers).

Note – Customer's payment terms will not be in effect until the Supplier provides an accurate invoice.

2.10.2 Electronic Funds Transfer

The Supplier shall provide the Customer with the necessary banking information to enable EFT, at no additional cost to the Customer, for any related invoice payments including, but not limited to:

- a) A void cheque;
- b) Financial institution's name;
- c) Financial institution's transit number;
- d) Financial institution's account number; and,
- e) Email address for notification purposes.

2.11 Support to Customers

The Supplier shall provide effective support to Customers including, but not limited to:

- a) Providing a responsive account executive (with applicable back-up) assigned to the Customer to support their needs by providing day-to-day and ongoing administrative support, and operational support;
- b) Managing issue resolution in a timely manner;
- c) Complying with agreed upon escalation processes to resolve outstanding issues;
- d) Responding to Customer's inquiries (e.g. to day-to-day activities) within one (1) Business Day;
- e) Ensuring minimal disruption to the Customer;
- f) Providing easy access to the Supplier (e.g. online, toll free telephone number, email, voicemail, chat or fax);
- g) Providing training/demonstrations, knowledge transfer, and no-cost educational events (e.g. webinars), if available;

- h) Establishing an ongoing communications program with the Customer (e.g. new initiatives, innovation, sustainability);
- i) Adhering to the Customer's confidentiality and privacy policies (e.g. related to student's private information);
- j) Providing written notice to Customers on any scheduled shut down that would impact services (e.g. inventory count, relocation of warehouse, website maintenance);
- k) Provide Customer reporting;
- l) Attending meetings with Customers, as requested; and,
- m) Additional project specific requirements.

2.11.1 Transition

The Supplier should, at no additional cost, provide Customer's transition support (e.g. setting up a Supplier's account from the Customer's current agreement/purchasing arrangement) with minimal service disruption.

2.11.2 Incentive to Customers

Where feasible, the Supplier should offer incentives to Customers to promote additional cost savings resulting from better operational efficiencies that may including, but not limited to:

- a) Increased online ordering including electronic commerce;
- b) Use of Purchasing Card ("P-Card") for immediate payment;
- c) Early payment discount for Customers;
- d) Support for excess inventory;
- e) Higher volumes; and,
- f) Overall growth.

In consultation with OEM, the Customer may negotiate specific details related to one (1) or more financial incentive.

The financial incentives the Supplier and Customer agree to shall be incorporated into the CSA and reviewed and adjusted (e.g. annually) as required and reported to OEM as part of the sales reporting.

The financial incentive to Customers can be reviewed and adjusted annually as required.

2.12 Environmental and Sustainability Considerations

OEM and its Customers are committed to reducing their carbon footprint. The Supplier should keep Customers informed about any environmentally friendly processes, Products, new technologies and/or green initiatives. The Supplier should, in consultation with OEM, make any environmentally friendly processes, Products, new technologies and/or green initiatives, related to the RFP Deliverables, available to Customers as required.

2.13 Social Procurement

OEM and its Customers are committed to social procurement. The Supplier should keep OEM and Customers informed about social procurement processes.

2.14 Disaster Recovery and Business Continuity

The Supplier shall possess and provide to OEM and/or Customers upon request, information about disaster recovery and business continuity programs including processes, policies, and procedures related to safety standards, preparing for recovery or continuation of Product and Service availability critical to Customers.

2.15 Licences, Right to Use and Approvals

The Supplier shall obtain all licences, right to use and approvals required in connection with the supply of the Products and provide them at Customer and OEMC request. The costs of obtaining such licences, right to use and approvals shall be the responsibility of, and shall be paid for by, the Supplier.

Where a Supplier is required by Applicable Law to hold or obtain any such licence, right to use and approval to carry on an activity contemplated in its Proposal or in the Master Agreement, neither acceptance of the Proposal nor execution of the Master Agreement by OEMC shall be considered an approval by OEMC for the Supplier to carry on such activity without the requisite licence, right to use or approval.

2.16 Workplace Hazardous Material Information System

The Supplier shall ensure Workplace Hazardous Materials Information System (“WHMIS”) Safety Data Sheets (“SDS”) are onsite as required. Additionally, the Supplier should provide the Customer’s personnel WHMIS training, as it relates to the Products and equipment, in accordance with the *Ontario Occupational Health and Safety Act*.

The Supplier shall provide the Customer with online access to SDSs. If there are any changes or updates to the SDS, the Supplier shall update the documents within twenty-four (24) hours and provide notification to the Customer that the SDS has been updated.

2.17 Electrical Requirements

The Supplier shall ensure electrical Products are authorized or approved by the Customer and in accordance with the Ontario Electrical Safety Code or by a certification organization accredited with the *Standards Council of Canada Act* (Canada), and shall bear the certification organization’s mark identifying the goods certified for use in Canada. Certification shall be to the standard that is appropriate for the intended use of the electrical Products at Customer’s facilities.

2.18 Accessibility for Ontarians with Disabilities Act

OEMC and its Customers are committed to the highest possible standards for accessibility. The Supplier must be capable to recommend and deliver, as appropriate for the Deliverables, accessible and inclusive Resources consistent with the Ontario Human Rights Code (“OHRC”), the *Ontarians with Disabilities Act, 2001* (“ODA”) and *Accessibility for Ontarians with Disabilities Act, 2005* (“AODA”) and its regulations in order to achieve accessibility for Ontarians with disabilities.

In accordance with Ontario Regulation 429-07 made under the *Accessibility for Ontarians with Disabilities Act, 2005* (Accessibility Standards for Customer Service), Customers have established policies, practices and procedures governing the provision of its services to persons with disabilities.

The AODA may be found at http://www.e-laws.gov.on.ca/html/statutes/english/elaws_statutes_05a11_e.htm.

PART 3 – EVALUATION OF PROPOSALS

3.1 Stages of Proposal Evaluation

OECM will conduct the evaluation of Proposals, **per Category**, in the following stages:

Stage	Type of Evaluation	Refer to RFP Section	Scoring Methodology and Maximum Points (if applicable)	Minimum Threshold Requirement (if any)
Stage I	Qualification Response	3.2	Pass/Fail	Pass
Stage II	Technical Response	3.3	300	180
Stage III	Commercial Response	3.4	700	Not Applicable
Stage IV	Cumulative Score	3.5	1000	Not Applicable
Stage V	Tie Break Process	3.6	No Point Allocation	Not Applicable
Stage VI	Negotiations	3.7	No Point Allocation	Not Applicable
Stage VII	Master Agreement Finalization	3.8	No Point Allocation	Not Applicable

3.2 Stage I – Review of Qualification Responses (Pass/Fail)

Stage I will consist of a review to determine which Proposals comply with all qualification requirements.

The Proponent **must** complete the following forms in (“Ontario’s Tenders Portal (“OTP”) to qualify and proceed to the next stage of evaluation.

Title	OTP Envelope
Form of Offer	Qualification
Compliance with Form of Master Agreement	Qualification
Appendix I – OEM Undertaking	Qualification
Commercial Response (in Microsoft Excel format only)	Commercial

If the Proponent fails to insert information contained in the above forms, OECM may provide an opportunity to rectify such deficiency within a period of two (2) Business Days from notification thereof. Only Proponents satisfying the identified deficiencies within allotted time will proceed to Stage II.

If the proponent is an original equipment manufacturer (OEM), Appendix I – OEM Undertaking is not required. All other authorized resellers or distributors must complete Appendix I – OEM Undertaking.

3.3 Stage II – Technical Response

Stage II will consist of an evaluation and scoring of the Technical Response of each Eligible Proposal.

The Technical Response includes a series of questions the Proponent is required to respond to in order to demonstrate the Proponent’s ability to fulfill the RFP Deliverables and Master Agreement management. Only information contained within the Technical Response will be evaluated in Stage II.

Only Proposals that meet or exceed the minimum thresholds will receive a **pass** in this stage and proceed to Stage III of the evaluation process.

Point allocations for the Technical Response sections are as follows:

Technical Response Sections	Available Points	Minimum Threshold, if any
- Proponent's Capabilities and Experience	25	N/A
- Products, Delivery and Order Management	150	N/A
- Customer Support and Account Management	100	N/A
- Optional Services and Value Add Services	25	N/A
TOTAL POINTS:	300	180

Detailed sub-point allocations and minimum thresholds are set out in the Technical Response on OTP.

In the case that contradictory information or information that contains conditional statements is provided, OECM will determine whether the response complies with the requirements and may seek clarification from the Proponent.

A Proposal that does not respond to a particular question (e.g. is left blank) or contains a response of N/A or not applicable will receive a zero (0) score.

Stage II resulting scores per Proposal will be used when determining the cumulative score per Category as described below in Section 3.5.

3.4 Stage III – Commercial Response by Category

The Proponent **must** complete and upload Appendix C – Commercial Response, in Microsoft Excel format only, for each Category being proposed into the OTP Commercial Envelope for this stage of evaluation.

Upon the completion of Stage III of the evaluation, the Commercial Response will be opened for all Eligible Proposals.

Point allocations for the Commercial Response (Category A – HVAC System Air Filters) sections are as follows:

Commercial Response Sections	Available Points
- Product information (Sample Basket of Goods)	700
- Proponent Product Catalogue	Not Evaluated
TOTAL POINTS:	700

Detailed sub-point allocations are set out in the Appendix C – Commercial Response (Category A) on OTP.

Point allocations for the Commercial Response (Category B – HEPA Air Filtration Units and Related Products) sections are as follows:

Commercial Response Sections	Available Points
- HEPA Air Filtration Units	350
- Consumable Maintenance Costs	350
- Additional Products	Not Evaluated
TOTAL POINTS:	700

Proponents can submit for one (1) or more proposed units for evaluation purposes. Each proposed unit will be evaluated separately out of the total points available.

Detailed sub-point allocations are set out in the Appendix C – Commercial Response (Category B) on OTP.

Rates will be evaluated using a relative formula. See example below:

EXAMPLE OF COMMERCIAL RESPONSE EVALUATION		
Proposed Rates	Calculation	Resulting Points
If Proponent 1 proposes the lowest Rate of \$100.00, it would receive 100% of the points allocated.	$\$100 \div \100×200 Points	200
If Proponent 2 proposes the second lowest Rate of \$200.00, it would receive 50% of the points allocated.	$\$100 \div \200×200 Points	100
If Proponent 3 proposes the third lowest Rate of \$400.00, it would receive 25% of the points allocated.	$\$100 \div \400×200 Points	50

Where \$0.00 is entered in any Rate cell, it is deemed to mean that the particular Product **will be provided to Customers at no additional cost**. Therefore, when evaluating and scoring the Rates, a Proposal specifying \$0.00 in a Rate cell in the Commercial Response shall receive the maximum point allocation for that particular Product. The remaining Proposals will be evaluated using a relative formula based on the remaining percentage of available points regardless of the Proposals of \$0.00 Rate as per below example.

EXAMPLE – WHERE FIVE (5) PROPOSALS WERE RECEIVED WITH \$0.00 RATE PROPOSED		
Number of Proposals with a proposed Rate of \$0.00 for a particular Product	The number of remaining Proposals	The percentage (%) of the sub-point allocation for the remaining Proposals will be:
1	4	80%
2	3	60%
3	2	40%
4	1	20%

Where N/A or not applicable is entered in a Commercial Response cell or a Commercial Response cell is left blank for the Product, it is deemed to mean that the particular Product will **not be provided** to Customers. Therefore, when evaluating and scoring the Rates, a Proposal specifying N/A or not applicable, or left blank in Appendix C – Commercial Response will receive a zero (0) point allocation for that particular pricing section.

Stage III resulting scores per Proposal will be used when determining the cumulative score per Category as described below in Section 3.5.

3.5 Stage IV – Cumulative Score

At this stage, the scores from Stages II and III will be combined for each Eligible Proposal by Category.

Subject to the express and implied rights of OEM; the Proponents with the highest scoring Proposals or all Proponents by Category may become the Preferred Proponents, and be invited to negotiations, as further described below.

Reference checks will be performed to confirm or clarify information provided within the Proposal. The reference checks themselves will not be scored, however, OEM may adjust Technical Response scores related to the information obtained during the reference check.

3.6 Stage V – Tie Break Process

At this stage, where two (2) or more of the highest scoring Eligible Proposals by Category achieve a tie score on completion of the Stage V, OEM may invite all Proponents by Category to negotiations or break the tie by selecting the Proposal by Category with the highest score in Stage III – Commercial Response.

3.7 Stage VI – Negotiations

Concurrent negotiations, with the Preferred Proponents, will be based on the RFP requirements, and the Proposals, understanding that OECM is seeking the best overall solution and value for money for Customers.

The negotiations may include:

- a) Products and/or Optional Services;
- b) Master Agreement management (e.g. performance, KPIs, penalties, reporting);
- c) Master Agreement terms and conditions;
- d) Additional references, if required;
- e) Rates; and,
- f) Best and Final Offer.

OECM may also request supplementary information from a Preferred Proponent to verify, clarify or supplement the information provided in its Proposal or confirm the conclusions reached in the evaluation and may include requests by OECM for improved Rates.

OECM intends to complete negotiations within fifteen (15) calendar days after notification. If, for any reason, OECM and a Preferred Proponent fail to reach an agreement within the aforementioned timeframe, OECM may (a) request the Preferred Proponent to submit its Best and Final Offer; (b) terminate negotiations with that particular Preferred Proponent; (c) extend the negotiation timeline; or (d) publish one (1) or some of the Suppliers, who have executed Master Agreements, within our promotional marketing launch. Other Master Agreements, if successfully negotiated with other Preferred Proponents would be added to OECM's website at a later date.

Upon successful negotiations, the Preferred Proponent will be invited to execute a Master Agreement.

3.8 Stage VII – Master Agreement Finalization

The Preferred Proponent will be given five (5) Business Days to execute the Master Agreement, unless otherwise specified by OECM. Once the Master Agreement has been executed, Customers may execute a CSA.

OECM shall at all times be entitled to exercise its rights under Section 5.6.

[End of Part 3]

PART 4 – MASTER AGREEMENT STRUCTURE AND MANAGEMENT

This Part of the RFP describes the Supplier's management requirements and will be incorporated into the final Master Agreement.

4.1 Master Agreement Structure

OECM may, through this RFP process, enter into Master Agreements with up to four (4) Suppliers for the provision of the Products under Category A and **one (1) or more Supplier under** Category B to allow a wide range of products and availability.

The Term is intended to be for three (3) years, with an option in favour of OECM to extend the Term on the same terms and conditions for up to two (2) additional years. Performance as set out in Appendix G – Performance Management Scorecard and, if applicable, Supplier Recognition Program evaluation results will be considered when contemplating a Master Agreement extension.

Customers participating in the Master Agreements will execute a CSA with a Supplier as attached in Appendix B – Form of Master Agreement. The Supplier shall provide a copy of every CSA to OECM within thirty (30) days of execution.

The Master Agreement must be fully executed before the provision of any Deliverables commences.

4.1.1 No Contract until Execution of Written Master Agreement

This RFP process is intended to identify Proponents for the purpose of negotiation of potential Master Agreements. The negotiation process is further described in Part 3 – Evaluation of Proposals, and in Section 3.7 of this RFP.

No legal relationship or obligation regarding the procurement of any Products shall be created between the Proponent and OECM by this RFP process until the successful completion of negotiation and execution of a written Master Agreement for the provision of the Products has occurred.

4.1.2 Customer's Usage of Master Agreements

The establishment and use of the Master Agreement consist of a two (2) part process.

Part One, which is managed by OECM, is the creation of the Master Agreement through the issuance of this RFP, the evaluation of Proposals submitted in response to it and the negotiation and execution of the Master Agreement.

Part Two, the Second Stage Selection Process ("Second Stage") is managed by the Customer or by OECM on the Customer's behalf and is focused on the Customer's specific needs. Depending on the Customer's internal policies, and potential dollar value of the Products a Customer may:

- (a) **Sign a CSA with a Supplier and then immediately obtain Products based on the Master Agreement terms, conditions, and Rates (which are maximum Rates); or,**
- (b) **Obtain Rates through the optional Second Stage Selection Process ("Second Stage") which is managed by the Customer or by OECM on the Customer's behalf. The Second Stage is a request (e.g. a non-binding request via a Second Stage tool (e.g. Quick Quote ("QQ"), or Customer's process (e.g. directly or via an online e.tendering platform)) to the Supplier from the Customer for their specific Products requirements. If selected by the Customer, the Supplier shall provide the Products in accordance with the specifications stated in the Master Agreement and in the Customer's CSA including Rates (which may be lower than the Master Agreement maximum Rates).**

When a Second Stage request is issued, which does not constitute a contract A, contract B situation, it will identify the required Products or it may request the Supplier to propose appropriate Products to fulfill the Customer's requirements and any other applicable information. The Customer may negotiate their unique requirements with the Supplier and mutually agree to additional terms and conditions (e.g. reporting, Rates, payment terms) ensuring the additional terms and conditions are not in any way inconsistent with the Master Agreement.

The Supplier must respond to a Second Stage Selection Process request and, at minimum, the response should set out the following:

- (a) Proposed Products;
- (b) Timelines for Products, or Lead times for Products; and,
- (c) Final, net Rates. The Rates should be valid for a period of not less than ninety (90) days. Limited time offer Rates and/or promotional Rates must be specified by the Supplier, if applicable to the specific Second Stage request.

Customers are not obligated to sign a CSA to obtain specific Services Rates. However, a CSA must be signed before the provision of any Services commences.

4.1.3 No Guarantee of Volume of Work or Exclusivity of Master Agreement

Nothing in this RFP is intended to relieve the Proponent from forming its own opinions and conclusions with respect to the matters addressed in this RFP. Volumes are an estimate only and may not be relied on by the Proponent.

OECM makes no guarantee of the value or volume of work to be assigned to the Supplier.

The Master Agreement executed with the Supplier may not be an exclusive Master Agreement for the provision of the Deliverables. Customers may contract with others for the same or similar Deliverables to those described in this RFP.

4.2 Rates

The proposed Product Rates shall be firm maximum Rates per Category for the first year of the Master Agreement and shall be:

- a) Maximum Rates applicable to all Customers;
- b) In Canadian funds and shall include all applicable costs, including, but not limited to overhead, materials, fuel, fuel surcharge, duties, tariffs, delivery (for Category A only) travel, office support, profit, permits, licences, labour, insurance, and Workplace Safety Insurance Board costs; and,
- c) Exclusive of the HST, or other similar taxes.

The Supplier may, however, lower its Rates and/or increase the minimum percentage discount off published price for specific Products when the Customer and Supplier mutually agree without affecting the Rates in the Master Agreement.

In extenuating circumstances, OECM may consider a Rate adjustment substantially effecting the provision of Products resulting from new or changed municipal, provincial, or federal regulations, by-laws and fluctuations in foreign exchange rates as published by the Bank of Canada, tariffs, or ordinances. Any such request from the Supplier must be accompanied and supported by documentation deemed appropriate by OECM. OECM may use a third-party index (e.g. Consumer Price Index ("CPI")) in its Rates review. The Supplier must submit documentation (i.e. Rate impact analysis) demonstrating how the request affects the delivery of Products in this Master Agreement. OECM will not consider any fixed costs or overhead adjustments in its review of the Supplier's documentation.

4.2.1 Optional Rate Refresh

OECM's goal is to keep Rates as low as possible for Customers. However, the Supplier may request a Rate refresh on the anniversary date of the Master Agreement (e.g. in June 2022 and every anniversary thereafter).

The Supplier shall provide a written notice with supporting documentation to OECM at least one-hundred-and-twenty (120) days prior to the Master Agreements' anniversary date annually if requesting a Rate refresh.

As part of any review OECM will consider Rate adjustments that reflect changes in operation, adjustments due to new or changed municipal, provincial, or federal regulations, by-laws, and

fluctuations in foreign exchange rates as published by the Bank of Canada, tariffs, or ordinances. Any Rate refresh request from a Supplier must be accompanied by supporting documentation (e.g. detailed calculations and individual Customer impact analysis) to support any Rate adjustment. OEMC may use a third-party index (e.g. Consumer Price Index) in its Rates review. OEMC will not consider any fixed costs or overhead adjustments in its review.

Volumes and Supplier performance (i.e. Supplier's Performance Management Scorecard and/or Supplier Recognition Program evaluation results) will be considered when contemplating a Rate refresh.

If a proposed Rate refresh was agreed upon between OEMC and the Supplier, the new Rates would only be applicable to Products ordered after the effective date of the new Rates. The effective date of the Rate change must allow Customers a minimum of thirty (30) days' prior notice from OEMC. If, however, a proposed Rate increase is not accepted by OEMC the Master Agreement may be terminated within one-hundred and twenty (120) days unless the Supplier agrees to withdraw its request for a Rate increase and continue the provision of the Products at the existing agreed upon Rates.

If a Rate refresh is not requested, the existing Rates shall remain in effect until the next Rate refresh opportunity.

Decreases to the Rates shall be accepted at any time during the Term.

Based on above, the Master Agreement will be amended, if needed.

4.2.2 Optional Process to Add Other Products

During the Term, if mutually agreed by OEMC and the Supplier, other Products (e.g. newly available Products, new technology) may be added to the Master Agreement to align with Customer needs.

The Supplier shall provide written notice to OEMC of at least one hundred and twenty (120) days if requesting a Product and/or Service refresh.

Additional Product and Service requests from the Supplier must be accompanied by appropriate documentation (e.g. Product description, and rationale for the addition).

Volumes and Supplier's performance (i.e. as described in Appendix G – Performance Management Scorecard and/or Supplier Recognition Program evaluation results) will be considered when contemplating adding Products, and Services. In the event the Supplier's performance is poor and/or unacceptable, OEMC may not agree to the Supplier's Product refresh request. All other Products shall remain unchanged.

Rates, for newly added Products, will be negotiated at the time ensuring Rate alignment with similar Products currently available on the Master Agreement.

Based on above, the Master Agreement will be amended, if needed.

4.2.3 OEMC Geographical Zones

OEMC Customers are located in five (5) geographical Zones (as set out below and detailed in Appendix D – OEMC Geographical Zones) throughout the Province of Ontario.

- a) Central Zone;
- b) East Zone;
- c) North East Zone;
- d) North West Zone; and,
- e) West Zone.

Also refer to Appendix E – OEMC School Board, University and College Customers in Ontario illustrating OEMC's educational Customers by Zone.

4.2.4 OEMC Cost Recovery Fee

As a not-for-profit/non-share capital corporation, OEMC recovers its operating costs from its agreements through a Cost Recovery Fee ("CRF"). CRFs from the resulting Master Agreement from this RFP and other OEMC agreements are structured to support OEMC's financial model, while providing savings to Customers.

The Supplier shall pay to OEMC a CRF of two-point five percent (2.5%) on all Products invoiced by the Supplier to the Customers throughout the Term.

CRF will be calculated as follows:

EXAMPLE OF HOW CRF WILL BE CALCULATED FOR THE SECOND CALENDAR QUARTER WITH A CRF = 2.5%				
Sales per Month	Calculation	CRF	HST	Total CRF Payment to OEMC
If Supplier has \$100,000 total sales in April	\$100,000 x 2.5% CRF	\$2,500	\$325	\$2,825
If Supplier has \$200,000 total sales in May	\$200,000 x 2.5% CRF	\$5,000	\$650	\$5,650
If Supplier has \$50,000 total sales in June	\$50,000 x 2.5% CRF	\$1,250	\$162.50	\$1,412.50

The CRF shall be paid to OEMC, via EFT, on a quarterly basis based on the calendar year by the tenth (10) Business Day of the applicable quarter.

CRF payment dates, for the first year of the Master Agreement, will be as follows:

CRF Payments	Payment Date
The first CRF, including any Customer purchases made between the Master Agreement execution date and June 30, 2021 shall be paid to OEMC by:	July 14, 2021
The next CRF, including any Customer purchases made between July 1, 2021 to September 30, 2021, shall be paid to OEMC by:	October 14, 2021
The next CRF, including any Customer purchases made between October 1, 2021 to December 31, 2021, shall be paid to OEMC by:	January 14, 2022
Subsequent CRF payments shall be paid to OEMC on the tenth (10) Business Day following each calendar quarter.	Tenth (10) Business Day in January, April, July, October of each year

HST is applicable to the CRF payments made to OEMC.

The CRF will be reviewed (e.g. annually) and may, at OEMC's sole discretion, be adjusted downwards.

During the Term, OECM may implement other CRF methodologies. Should this take place, the maximum CRF noted above shall not increase.

The Supplier shall be responsible for paying interest, as specified in Article 4.08 of the Master Agreement, for late CRF payments.

Upon termination or expiry of the Master Agreement, the Supplier will submit all outstanding CRF payments within thirty (30) days of the Master Agreement termination or expiry date.

4.2.5 Financial Administration Act Section 28

In accordance with the requirements of the *Financial Administration Act* (“FAA”), notwithstanding anything else in the CSA, or in any other agreement between the Customer and the Supplier executed to carry out the Services provided for herein, the remedies, recourse or rights of the Supplier shall be limited to the Customer and to the right, title and interest owned by the Customer in and to all of its real or personal property, whether now existing or hereinafter arising or acquired from time to time. The Supplier unconditionally and irrevocably waives and releases all other claims, remedies, recourse or rights against the Crown in right of Ontario in respect of the CSA, and agrees that it shall have no remedies, recourse or rights in respect of the CSA against the Crown in right of Ontario, any Ontario Ministry, Minister, agent, agency, servant, employee or representative of the Crown or any director, officer, servant, agent, employee or representative of a Crown agency or a corporation in which the Crown holds a majority of the shares or appoints a majority of the directors or members, other than against the Customer and its assets.

If the Supplier and the Customer agree that a CSA is exempt from the application of subsection 28(1) of the *Financial Administration Act* pursuant to Ontario Regulation 376/18: Section 28 Exemptions – Colleges, the Customer represents and warrants that the CSA (i) complies with all applicable policies of the Customer; (ii) complies with all applicable laws and Ontario government directives applicable to it; and, (iii) relates to activities of the Customer that are permitted under its objects and that are undertaken within Canada. The Supplier represents and warrants that the CSA complies with all Applicable Laws and Ontario government directives applicable to it.

4.2.6 Saving Calculation

OECM tracks, validates, and reports on savings on all of its agreements. Collaborative procurement processes enable several types of savings including direct and indirect savings (e.g. process improvement, lead time reduction, standardization, economies of scale, cost avoidance).

The Supplier shall report Customer savings Master Agreement Rate versus Rate invoiced to Customer, total cost of ownership, cost avoidance and/or other savings.

4.3 Supplier Management Support to OECM

OECM will oversee the Master Agreement, and the Supplier shall provide appropriate Master Agreement management support including, but not limited to:

- a) Assigning to OECM a Supplier Account Executive and team responsible for supporting and overseeing all aspects of the Master Agreement;
- b) Working and acting in an ethical manner demonstrating integrity, professionalism, accountability, transparency and continuous improvement;
- c) Promoting the Master Agreement within the Customer community;
- d) Maintaining OECM's and Customer's confidentiality by not disclosing Confidential Information without the prior written consent of OECM and/or the Customer, as the case may be, as further described in Appendix B – Form of Master Agreement;
- e) Attending business review meetings with OECM to review such information as:
 - i. CSAs and upcoming opportunities; and,
 - ii. Review and monitor performance management compliance;

- f) Complying with Appendix H – Code of Conduct requirements as described on the OEMC website at <https://oecm.ca/oecm-advantage/our-supplier-partners/supplier-code-of-conduct>;
- g) Managing issue resolution in a timely manner;
- h) Complying with agreed upon escalation processes to resolve outstanding issues;
- i) Timely submission of reports as described in Appendix F – Reporting Requirements; and,
- j) Complying with Master Agreement close out processes (e.g. ensuring all Master Agreement obligations have been fulfilled, such as submission of final reporting and CRF payments to OEMC).

4.3.1 Master Agreement Award and Launch

Once the Master Agreement is awarded, the Supplier will meet with OEMC to discuss an effective launch strategy, and shall provide:

- a) Supplier profile and logo;
- b) Supplier contact information;
- c) Customer engagement strategy;
- d) Access to knowledge sharing materials (e.g. webinars);
- e) Marketing materials, and,
- f) Other relevant materials.

4.3.2 Promoting OEMC Master Agreements

To support Customers, OEMC and the Supplier will work together to encourage the use of the Master Agreement resulting from this RFP.

The Supplier will actively promote the Master Agreement to Customers by:

- a) Conducting sales and marketing activities directly to onboard Customers;
- b) Executing CSAs with interested Customers;
- c) Providing excellent and responsive Customer support;
- d) Gathering and maintaining Customer and market intelligence, including contact information;
- e) Identifying Customer savings; and,
- f) Identifying improvement opportunities (e.g. new Products).

OEMC will promote the use of the Master Agreement with Customers by:

- a) Using online communication tools to inform and educate;
- b) Holding information sessions and webinars, as required;
- c) Attending, where appropriate, Customer and Supplier events;
- d) Facilitating CSA execution, where appropriate;
- e) Facilitating Second Stage requests, as required;
- f) Providing effective business relationship management;
- g) Managing and monitoring Supplier performance;
- h) Facilitating issue resolution; and,

- i) Marketing Supplier promotions.

4.3.3 Supplier's Performance Management Scorecard

To ensure Master Agreement requirements are met, the Supplier's performance will be measured and tracked by OECD as described in Appendix G – Performance Management Scorecard.

4.3.4 OECD's Supplier Recognition Program

OECD's suppliers play a fundamental role in ensuring Customers' needs are met with consistent and exceptional service. As part of OECD's efforts to provide greater value to Customers and support their Supplier selection process across OECD agreements, OECD has implemented a Supplier Recognition Program ("SRP"). Through the SRP, OECD will objectively assess supplier's performance using an open, fair and transparent framework to recognize and reward top-performing Suppliers on an annual basis.

The following five (5) key areas of focus that suppliers will be measured upon include:

- a) Supplier performance;
- b) Master Agreement performance (see Section 4.3.3 and Appendix G (Performance Management Scorecard));
- c) Generated savings and value;
- d) Customer Feedback,
- e) Technical Response scores from the Supplier's Proposal for this RFP.

Further details will be provided to the Suppliers.

4.3.5 Reporting to OECD

The Supplier shall be responsible for providing reports as further described in Appendix F – Reporting Requirements.

Report details will be discussed and established at the Master Agreement finalization stage between OECD and the Preferred Proponent. Other reports may be added, throughout the Term, if mutually agreed upon between OECD and the Supplier, and/or the Customer and Supplier.

[End of Part 4]

PART 5 – TERMS AND CONDITIONS OF THE RFP PROCESS

5.1 General Information and Instructions

Procurement Process Non-Binding

This RFP process is non-binding, and it does not intend to create, and shall not create, a formal legally binding procurement process, and shall not give rise to the legal rights or duties applied to a formal legally binding procurement process. This procurement process shall instead be governed by the law applicable to direct commercial negotiations. For greater certainty and without limitation:

- (a) This RFP shall not give rise to any contract A – based tendering law duties or any other legal obligations arising out of any process contract or collateral contract; and,
- (b) Neither the Proponent nor OECCM shall have the right to make any breach of contract, tort or other claims against the other with respect to the award of a Master Agreement, failure to award a Master Agreement or failure to honour a response to this RFP.

Non-Binding Rates

While the Proposal Rates will be non-binding prior to the execution of a written Master Agreement, such information will be assessed during the evaluation and ranking of the Proposals, as further described in Part 3 – Evaluation of Proposals. Any inaccurate, misleading, or incomplete information, including withdrawn or altered Rates, could adversely impact any such evaluation, ranking, or Master Agreement award.

5.1.1 RFP Timetable

Note – all times specified in this RFP timetable are local times in Toronto, Ontario, Canada.

OECM may amend any timeline, including the Closing Date, without liability, cost, or penalty, and within its sole discretion.

In the event of any change in the Closing Date, the Proponent may thereafter be subject to the extended timeline.

5.1.2 Proponent's Information and OTP Demonstration Session

The Proponent should participate in the Proponent's Information and OTP Demonstration Session, which will take place at the time set out in Section 5.1.1.

Prior to the Proponent's Information and OTP Demonstration Session, OECM will send a **Message** via OTP with the teleconference and webinar information to the Proponents who expressed interest on OTP.

The Proponent's Information and OTP Demonstration Session is an opportunity for the Proponent to enhance its understanding of the RFP process and to learn how to use OTP to submit its Proposal.

Any changes to the Proponent's Information and OTP Demonstration Session meeting date will be issued in an addendum on OTP.

Information provided during this session will be posted on OTP.

In the event of a conflict or inconsistency between the Proponent's Information and OTP Demonstration Session and the RFP, the RFP shall prevail.

The Proponent can contact OTP technical support directly for further assistance, using the contact details set out in Section 5.3.1.

5.1.3 Proponent to Follow Instructions

The Proponent should structure its Proposal in accordance with the instructions in this RFP. Where information is requested in this RFP, any response made in the Proposal should reference the applicable section numbers of this RFP where that request was made.

5.1.4 OECM's Information in RFP Only an Estimate

OECM makes no representation, warranty or guarantee as to the accuracy of the information contained in this RFP or issued by way of addenda. Any data contained in this RFP or provided by way of addenda are estimates only and are for the sole purpose of indicating to Proponents the general size of the work.

It is the Proponent's responsibility to avail itself of all the necessary information to prepare a Proposal in response to this RFP.

5.1.5 Proponent's Costs

The Proponent will bear all costs and expenses incurred relating to any aspect of its participation in this RFP process, including all costs and expenses relating to the Proponent's participation in:

- (a) The preparation, presentation and submission of its Proposal;
- (b) The Proponent's attendance at any meeting in relation to the RFP process, including any presentation and/or interview;
- (c) The conduct of any due diligence on its part, including any information gathering activity;
- (d) The preparation of the Proponent's own questions; and,
- (e) Any discussion and/or finalization, if any, in respect of the Form of Master Agreement.

5.2 Communication after RFP Issuance

5.2.1 Communication with OECM

All communications regarding any aspect of this RFP must be sent to OECM as a **Message** in OTP.

If the Proponent fails to comply with the requirement to direct all communications to OECM through OTP, it may be disqualified from this RFP process. Without limiting the generality of this provision, Proponents shall not communicate with or attempt to communicate with the following as it relates to this RFP:

- (a) Any employee or agent of OECM;
- (b) Any member or advisor of the Project Advisory Committee;
- (c) Any member of OECM's governing body (such as Board of Directors, or advisors);
- (d) Any employee, consultant or agent of OECM's Customers; and,
- (e) Any elected official of any level of government, including any advisor to any elected official.

5.2.2 Proponent to Review RFP

The Proponent shall promptly examine this RFP and all Appendices, including the Form of Master Agreement and:

- (a) Shall report any errors, omissions or ambiguities; and,
- (b) May direct questions or seek additional information **on** or **before** the Proponent's Deadline to Submit Questions to OECM.

All questions submitted by Proponents shall be deemed to be received once the **Message** has entered into OECM's OTP inbox.

In answering a Proponent's questions, OECM will set out the question, without identifying the Proponent that submitted the question and OECM may, in its sole discretion:

- (a) Edit the question for clarity;
- (b) Exclude questions that are either unclear or inappropriate; and,
- (c) Answer similar questions from various Proponents only once.

Where an answer results in any change to the RFP, such answer will be formally evidenced through the issue of a separate addendum for this purpose.

To ensure the Proponent clearly understand issued addenda, OECM allows Proponents to ask questions related to addenda, and question and answer documents. Refer to Section 5.1.1 for timelines.

OECM is under no obligation to provide additional information but may do so at its sole discretion.

It is the responsibility of the Proponent to seek clarification, by submitting questions to OECM through OTP, on any matter it considers to be unclear. OECM shall not be responsible for any misunderstanding on the part of the Proponent concerning this RFP or its process.

5.2.3 Proponent to Notify

In the event the Proponent has any reason to believe that an error, omission, uncertainty or ambiguity, as set out in Section 5.2.2 exists, the Proponent must notify OECM through OTP prior to submitting a Proposal.

If appropriate, OECM will then clarify the matter for the benefit of all Proponents.

The Proponent shall not:

- (a) After submission of a Proposal, claim that there was any misunderstanding or that any of the circumstances set out in Section 5.2.2 were present with respect to the RFP; and,
- (b) Claim that OEMC is responsible for any of the circumstances listed in Section 5.2.2 of this RFP.

5.2.4 All New Information to Proponents by way of Addenda

This RFP may only be amended by an addendum in accordance with this section.

If OEMC, for any reason, determines that it is necessary to provide additional information relating to this RFP, such information will be communicated to all Proponents by addenda on OTP. Each addendum shall form an integral part of this RFP.

Any amendment or supplement to this RFP made in any other manner will not be binding on OEMC.

Such addenda may contain important information including significant changes to this RFP. The Proponent is responsible for obtaining all addenda issued by OEMC.

The Proponent who intends to respond to this RFP is requested not to cancel the receipt of addenda or amendments option provided by OTP, since it must obtain all information and documents that are issued on OTP.

In the event that a Proponent chooses to cancel the receipt of addenda or amendments, its Proposal may be rejected.

5.3 Proposal Submission Requirements

5.3.1 General

The Proponent shall submit its Proposal through OTP at <https://ontariotenders.app.jaggaer.com/esop/nac-host/public/web/login.html>.

The Proponent should contact OTP technical support if it experiences technical difficulties or to seek support about the use of OTP via:

- (a) Email at etenderhelp_CA@jaggaer.com;
- (b) By phone at 866-722-7390; or,
- (c) Accessing website information at https://ontariotenders.app.jaggaer.com/esop/nac-host/public/attach/eTendering_responding_to_tender_guide.pdf.

To be considered in the RFP process, a Proposal must be submitted and received **before** the Closing Date as set out in Section 5.1.1 and on OTP.

The Proponent is strongly encouraged to become familiar with the use of OTP well in advance of the Closing Date.

The Proponent will not be able to submit a Proposal after the Closing Date, as OTP will close the access to the RFP on the Closing Date.

A Proposal sent by, email, facsimile, mail and/or any other means other than stated in this RFP shall **not** be considered. Notwithstanding anything to the contrary contained in any applicable statute relating to electronic documents transactions, including the *Electronic Commerce Act, 2000, S.O. 2000, c. 17*, any notice, submission, statement, or other instrument provided in respect of the RFP may not be validly delivered by way of electronic communication, unless otherwise provided for in this RFP.

5.3.2 Proposal in English

All Proposal submissions are to be in English only. Any Proposal received by OECM that is not entirely in the English language may be disqualified.

5.3.3 Proposal Submission Requirements

The Proponent is solely responsible for submitting its Proposal on OTP prior to the Closing Date.

The Proposal should be submitted in accordance with the instructions set out on OTP and in this RFP as set out below.

Appendix/Form Title	OTP Envelope	Complete Form within OTP	Complete Appendix and Upload to OTP
Form of Offer	Qualification	√	
Compliance with Form of Master Agreement	Qualification	√	
Technical Response	Technical	√	
Appendix C – Commercial Response (in Microsoft Excel format only) for Category A and/or Category B, if applicable	Commercial		√
Appendix I – OEM Undertaking	Qualification		√

5.3.4 Other Proposal Considerations

In preparing its Proposal, the Proponent should adhere to the following:

- (a) Information contained in any embedded link will not be considered part of a Proposal, and will not be evaluated or scored;
- (b) Completely address, on a point-by-point basis, each Technical Response question in Technical Response. Technical Responses left blank and/or unanswered will receive a score of zero (0). Refer to Section 3.3;
- (c) Information attached as part of the Commercial Envelope in OTP will not be considered as part of the evaluation of Stage II - Technical Response. Refer to Section 3.3; and,
- (d) The Proposal should be complete in all respects. Proposal evaluation and scoring applies only to the information contained in the Proposal, or accepted clarifications as set out in Section 5.3.13 Clarification of Proposals.

5.3.5 Proposal Receipt by OECM

Every Proposal received will be date/time stamped by OTP.

A Proponent should allow sufficient time in the preparation of its Proposal to ensure its Proposal is received **on** or **before** the Closing Date.

5.3.6 Withdrawal of Proposal

A Proponent may withdraw its Proposal by deleting its submission on OTP **before** the Closing Date or at any time throughout the RFP process until the execution of a Master Agreement. To withdraw a Proposal after the Closing Date, the Proponent should send a **Message** to OECM through OTP.

5.3.7 Amendment of Proposal on OTP

A Proponent may amend its Proposal after submission through OTP, but only if the Proposal is amended and resubmitted **before** the Closing Date.

5.3.8 Completeness of Proposal

By submitting a Proposal, the Proponent confirms that all components required to use and/or manage the Products have been identified in its Proposal or will be provided to OECM or its Customers at no additional cost. Any requirement that may be identified by the Proponent after the Closing Date or subsequent to signing the Master Agreement shall be provided at the Proponent's expense.

5.3.9 Proposals Retained by OECM

All Proposals submitted by the Closing Date shall become the property of OECM and will not be returned to the Proponent.

5.3.10 Acceptance of RFP

By submitting a Proposal, a Proponent agrees to accept the terms and conditions contained in this RFP, and all representations, terms, and conditions contained in its Proposal.

5.3.11 Amendments to RFP

Subject to Section 5.1.1 and Section 5.2.4, OECM shall have the right to amend or supplement this RFP in writing prior to the Closing Date. No other statement, whether written or oral, shall amend this RFP. The Proponent is responsible to ensure it has received all addenda.

5.3.12 Proposals will not be Opened Publicly

The Proponent is advised that there will not be a public opening of this RFP. OECM will open Proposals at a time subsequent to the Closing Date.

5.3.13 Clarification of Proposals

OECM shall have the right at any time after the Closing Date to seek clarification from any Proponent in respect of the Proposal, without contacting any other Proponent.

OECM will exercise this right in a similar manner for all Proponents.

Any clarification sought shall not be an opportunity for the Proponent to either correct errors or to change its Proposal in any substantive manner. Subject to the qualification in this provision, any written information received by OECM from a Proponent in response to a request for clarification from OECM may be considered, if accepted, to form an integral part of the Proposal.

OECM shall not be obliged to seek clarification of any aspect of any Proposal.

5.3.14 Verification of Information

OECM shall have the right, in its sole discretion, to:

- a) Verify any Proponent's statement or claim made in its Proposal or made subsequently in a clarification, interview, site visit, oral presentation, demonstration, or discussion by whatever means OECM may deem appropriate, including contacting persons in addition to those offered as references, and to reject any Proponent statement or claim, if such statement or claim or its Proposal is patently unwarranted or is questionable, which may result in changes to the scores for the Proponent's Technical Response; and,
- b) Access the Proponent's premises where any part of the work is to be carried out to confirm Proposal information, quality of processes, and to obtain assurances of viability, provided that, prior to providing such access, the Proponent and OECM shall have agreed on access terms including pre-notification, extent of access, security and confidentiality. OECM and the Proponent shall each bear its own costs in connection with access to each other's premises.

The Proponent shall co-operate in the verification of information and is deemed to consent to OEMC verifying such information, including references.

5.3.15 Proposal Acceptance

The lowest price Proposal or any Proposal shall not necessarily be accepted. While price is an evaluation criterion, other evaluation criteria as set out in Part 3 will form a part of the evaluation process.

5.3.16 RFP Incorporated into Proposal

All provisions of this RFP are deemed to be accepted by each Proponent and incorporated into each Proposal.

5.3.17 Exclusivity of Contract

The Master Agreement, if any, with the Preferred Proponent will not be an exclusive agreement for the provision of the described Deliverables.

5.3.18 Substantial Compliance

OECM shall be required to reject Proposals, which are not substantially compliant with this RFP.

5.3.19 No Publicity or Promotion

No Proponent, including the Preferred Proponent, shall make any public announcement or distribute any literature regarding this RFP or otherwise promote itself in connection with this RFP or any arrangement entered into under this RFP without the prior written approval of OEMC.

In the event that a Proponent, including the Preferred Proponent, makes a public statement either in the media or otherwise in breach of this requirement, in addition to any other legal remedy it may have in law, in equity or within the context of this RFP, OEMC shall be entitled to take all reasonable steps as may be deemed necessary by OEMC, including disclosing any information about a Proposal, to provide accurate information and/or to rectify any false impression which may have been created.

5.4 Negotiations, Timelines, Notification and Debriefing

5.4.1 Negotiations with Preferred Proponent

OECM reserves the right to accept or reject any Proposals in whole or in part; to waive irregularities and omissions, if doing so is in the best interests of OEMC and its Customers.

The Preferred Proponent shall execute the Master Agreement in the form attached to this RFP with negotiated changes, if any, and satisfy any other applicable conditions of this RFP within twenty (20) days of invitation to enter into negotiations. This provision is solely to the benefit of OEMC and may be waived by OEMC at its sole discretion.

If the Preferred Proponent and OEMC cannot execute the Master Agreement within the allotted twenty (20) days, OEMC will, as described in Section 3.7 and 3.8, be at liberty to extend the timeline, request the Preferred Proponent to submit its Best and Final Offer, terminate discussions/negotiations with the Preferred Proponent, or publish one (1) or some of the Suppliers, who have executed Master Agreements within OEMC's promotional marketing launch. Other Master Agreements, if successfully negotiated with other Preferred Proponents would be added to OEMC's website at a later date.

5.4.2 Failure to Execute a Master Agreement

When the Preferred Proponent successfully reaches an agreement with OEMC at the end of the negotiation process in accordance with the evaluation set out in this RFP, the Preferred Proponent will be allotted five (5) Business Days to execute the Master Agreement unless otherwise specified by OEMC.

If the Preferred Proponent cannot execute the Master Agreement within the allotted timeframe, OEMC may rescind the invitation to execute a Master Agreement or publish one (1) or some of the Suppliers, who have executed Master Agreements within OEMC's promotional marketing launch. Other Master Agreements, if successfully negotiated with other Preferred Proponents would be added to OEMC's website at a later date.

In accordance with the process rules in this Part 5 – Terms and Conditions of the RFP Process, there will be no legally binding relationship created with any Proponent prior to the execution of a written agreement.

5.4.3 Master Agreement

If a Master Agreement is subsequently negotiated and awarded to a Preferred Proponent as a result of this RFP process:

- a) Any such Master Agreement will commence upon signature by the duly authorized representatives of OEMC and the Preferred Proponent; and,
- b) May include, but not be limited to, the general Master Agreement terms contained in Appendix B – Form of Master Agreement.

5.4.4 Notification to Other Proponents

Once the Master Agreement is executed, other Proponents will be notified directly in writing and shall be notified by public posting in the same manner that the RFP was originally posted of the outcome of the procurement process and the award of the contract.

5.4.5 Debriefing

Any Proponent may request a debriefing after receipt of a notification of award. All requests must be in writing to OEMC and should be made within sixty (60) days of notification of award. The intent of the debriefing information session is to aid the Proponent in presenting a better proposal in subsequent procurement opportunities. Any debriefing provided is not for the purpose of providing an opportunity to challenge the procurement process.

5.4.6 Bid Dispute Resolution

In the event that the Proponent wishes to review the decision of OEMC in respect of any material aspect of the RFP process, and subject to having attended a debriefing, the Proponent shall submit a protest in writing to OEMC within ten (10) days from such a debriefing.

Any request that is not timely received will not be considered and the Proponent will be notified in writing.

A protest in writing should include the following:

- a) A specific identification of the provision and/or procurement procedure that is alleged to have been breached;
- b) A specific description of each act alleged to have breached the procurement process;
- c) A precise statement of the relevant facts;
- d) An identification of the issues to be resolved;
- e) The Proponent's arguments and supporting documentation; and,
- f) The Proponent's requested remedy.

For the purpose of a protest, OEMC will review and address any protest in a timely and appropriate manner. OEMC will engage an independent and impartial third party should the need arise.

5.5 Prohibited Communications, and Confidential Information

5.5.1 Confidential Information of OECM

All correspondence, documentation, and information of any kind provided to any Proponent in connection with or arising out of this RFP or the acceptance of any Proposal:

- a) Remains the property of OECM and shall be removed from OECM's premises only with the prior written consent of OECM;
- b) Must be treated as confidential and shall not be disclosed except with the prior written consent of OECM;
- c) Must not be used for any purpose other than for replying to this RFP and for the fulfillment of any related subsequent agreement; and,
- d) Must be returned to OECM upon request.

5.5.2 Confidential Information of the Proponent

Except as provided for otherwise in this RFP, or as may be required by Applicable Laws, OECM shall treat the Proposal and any information gathered in any related process as confidential, provided that such obligation shall not include any information that is or becomes generally available to the public other than as a result of disclosure by OECM.

During any part of this RFP process, OECM or any of its representatives or agents shall be under no obligation to execute a confidentiality agreement.

In the event that a Proponent refuses to participate in any required stage of the RFP because OECM has refused to execute any such confidentiality agreement, the Proponent shall receive no points for that particular stage of the evaluation process.

5.5.3 Proponent's Submission

All correspondence, documentation, and information provided in response to or because of this RFP may be reproduced for the purposes of evaluating the Proposal.

If a portion of a Proposal is to be held confidential, such provisions must be clearly identified in the Proposal.

5.5.4 Personal Information

Personal Information shall be treated as follows:

- a) Submission of information – The Proponent should not submit as part of its Proposal any information related to the qualifications or experience of persons who will be assigned to provide Products unless specifically requested. OECM shall maintain the information for a period of seven (7) years from the time of collection. Should OECM request such information, OECM will treat this information in accordance with the provisions of this section;
- b) Use – Any personal information as defined in the *Personal Information Protection and Electronic Documents Act, S.C. 2005, c.5* that is requested from a Proponent by OECM shall only be used to select the qualified individuals to undertake the Products and to confirm that the work performed is consistent with these qualifications; and,
- c) Consent – It is the responsibility of the Proponent to obtain the consent of such individuals prior to providing the information to OECM. OECM will consider that the appropriate consents have been obtained for the disclosure to and use by OECM of the requested information for the purposes described.

5.5.5 Non-Disclosure Agreement

OECM reserves the right to require any Proponent to enter into a non-disclosure agreement satisfactory to OECM.

5.5.6 Freedom of Information and Protection of Privacy Act

The *Freedom of Information and Protection of Privacy Act (Ontario)* applies to information provided by the Proponent. A Proponent should identify any information in its Proposal, or any accompanying documentation supplied in confidence for which confidentiality is to be maintained by OECM and its Customers. The confidentiality of such information will be maintained by OECM, except as otherwise required by law or by order of a court, tribunal, or the Ontario Privacy Commissioner.

By submitting a Proposal, including any Personal Information requested in this RFP, the Proponent agrees to the use of such information for the evaluation process, for any audit of this procurement process, and for contract management purposes.

5.5.7 Intellectual Property

The Proponent shall not use any intellectual property of OECM or Customers including, but not limited to, logos, registered trademarks, or trade names of OECM or Customers, at any time without the prior written approval of OECM and the respective Customer.

5.6 Reserved Rights and Governing Law of OECM

5.6.1 General

In addition to any other express rights or any other rights, which may be, implied in the circumstances, OECM reserves the right to:

- a) Make public the names of any or all Proponents;
- b) Request written clarification or the submission of supplementary written information from any Proponent and incorporate such clarification or supplementary written information, if accepted, into the Proposal, at OECM's discretion, provided that any clarification or submission of supplementary written information shall not be an opportunity for the Proponent to correct errors in its Proposal or to change or enhance the Proposal in any material manner;
- c) Waive formalities and accept Proposals that substantially comply with the requirements of this RFP;
- d) Verify with any Proponent or with a third party any information set out in a Proposal;
- e) Check references other than those provided by Proponents;
- f) With supporting evidence, disqualify any Proponent on grounds such as:
 - i. Bankruptcy or insolvency;
 - ii. False declarations;
 - iii. Significant or persistent deficiencies in performance of any substantive requirement or obligation under a prior agreement or agreements;
 - iv. Final judgments in respect of serious crimes or other serious offence; or,
 - v. Professional misconduct or acts or omissions that adversely reflect on the commercial integrity of the Proponent;
- g) Disqualify any Proponent whose Proposal contains misrepresentations or any other inaccurate or misleading information;
- h) Disqualify any Proponent whose Proposal is determined by OECM to be non-compliant with the requirements of this RFP;
- i) Disqualify a Proposal based upon the past performance or on inappropriate conduct in a prior procurement process, or where the Proponent has or the principals of a Proponent have previously breached an agreement with OECM, or has otherwise failed to perform such agreement to the reasonable satisfaction of OECM (i.e. has not submitted required reporting and/or Cost Recovery Fees to OECM);

- j) Disqualify any Proponent, who, in relation to this RFP or the evaluation and selection process, has engaged directly or indirectly in any form of political or other lobbying whatsoever to influence the selection of the Supplier.
- k) Disqualify the Proponent who has been charged or convicted of an offence in respect of an agreement with OECM, or who has, in the opinion of OECM, engaged in any illegal business practices, including activities such as bid-rigging, price-fixing, bribery, fraud, coercion or collusion, unethical conduct, including lobbying as described above or other forms of deceitfulness, or other inappropriate communications offering gifts to any employees, officers, agents, elected or appointed officials or other representatives of OECM, or where the Proponent reveals a Conflict of Interest or Unfair Advantage in its Proposal or a Conflict of Interest or evidence of any Unfair Advantage is brought to the attention of OECM;
- l) Disqualify any Proposal of any Proponent who has breached any Applicable Laws or who has engaged in conduct prohibited by this RFP, including where there is any evidence that the Proponent or any of its employees or agents colluded with any other Proponent, its employees or agents in the preparation of the Proposal;
- m) Make changes, including substantial changes, to this RFP provided that those changes are issued by way of addenda in the manner set out in this RFP;
- n) Accept or reject a Proposal if only one (1) Proposal is submitted;
- o) Reject a Subcontractor proposed by a Proponent within a Consortium;
- p) Select any Proponent other than the Proponent whose Proposal reflects the lowest cost to OECM;
- q) Cancel this RFP process at any stage and issue a new RFP for the same or similar requirements, including where:
 - i. OECM determines it would be in the best interest of OECM not to award a Master Agreement,
 - ii. the Proposal prices exceed the bid prices received by OECM for Products acquired of a similar nature and previously done work,
 - iii. the Proposal prices exceed the costs OECM, or its Customers would incur by doing the work, or most of the work, with its own resources,
 - iv. the Proposal prices exceed the funds available for the Products, or,
 - v. the funding for the acquisition of the proposed Products has been revoked, modified, or has not been approved,

and where OECM cancels this RFP, OECM may do so without providing reasons, and OECM may thereafter issue a new request for proposals, request for qualifications, sole source, or do nothing;
- r) Discuss with any Proponent different or additional terms to those contained in this RFP or in any Proposal;
- s) Accept any Proposal in whole or in part;
- t) If OECM receives a Proposal from a Proponent with Rates that are abnormally lower than the Rates in other Proposals, OECM may verify with the Proponent that the Proponent satisfies the conditions for participation and is capable of fulfilling the Master Agreement; or,
- u) Reject any or all Proposals in its absolute discretion, including where a Proponent has launched legal proceedings against OECM and/or its Customers or is otherwise engaged in a dispute with OECM and/or its Customers;

and these reserved rights are in addition to any other express rights or any other rights which may be implied in the circumstances and OECM shall not be liable for any expenses, costs, losses or any direct or indirect damages incurred or suffered by any Proponent or any third party resulting from OECM exercising any of its express or implied rights under this RFP.

By submitting a Proposal, the Proponent authorizes the collection by OECM of the information set out under (d) and (e) in the manner contemplated in those subparagraphs.

5.6.2 Rights of OECM – Proponent

In the event that the Preferred Proponent fails or refuses to execute the Master Agreement within allotted time from being notified, OECM may, in its sole discretion:

- a) Extend the period for concluding the Master Agreement, provided that if substantial progress towards executing the Master Agreement is not achieved within a reasonable period of time from such extension, OECM may, in its sole discretion, terminate the discussions;
- b) Exclude the Preferred Proponent from further consideration and begin discussions with the next highest scoring Proponent without becoming obligated to offer to negotiate with all Proponents; or,
- c) Exercise any other applicable right set out in this RFP including, but not limited to, cancelling the RFP and issuing a new RFP for the same or similar Products.

OECM may also cancel this RFP in the event the Preferred Proponent fails to obtain any of the permits, licences, and approvals required pursuant to this RFP.

5.6.3 No Liability

The Proponent agrees that:

- a) Any action or proceeding relating to this RFP process shall be brought in any court of competent jurisdiction in the Province of Ontario and for that purpose the Proponent irrevocably and unconditionally attorns and submits to the jurisdiction of that Ontario court;
- b) It irrevocably waives any right to and shall not oppose any Ontario action or proceeding relating to this RFP process on any jurisdictional basis; and,
- c) It shall not oppose the enforcement against it, in any other jurisdiction, of any judgement or order duly obtained from an Ontario court as contemplated by this RFP.

The Proponent further agrees that if OECM commits a material breach of OECM's obligations pursuant to this RFP, OECM's liability to the Proponent, and the aggregate amount of damages recoverable against OECM for any matter relating to or arising from that material breach, whether based upon an action or claim in contract, warranty, equity, negligence, intended conduct, or otherwise, including any action or claim arising from the acts or omissions, negligent or otherwise, of OECM, shall be no greater than the Proposal preparation costs that the Proponent seeking damages from OECM can demonstrate. In no event shall OECM be liable to the Proponent for any breach of OECM's obligations pursuant to this RFP, which does not constitute a material breach thereof. The Proponent acknowledges and agrees that the provisions of the *Broader Public Sector Accountability Act, 2010* shall apply notwithstanding anything contained herein.

5.6.4 Assignment

The Proponent shall not assign any of its rights or obligations hereunder during this RFP process without the prior written consent of OECM. Any act in derogation of the foregoing shall be null and void.

5.6.5 Entire RFP

This RFP and all Appendices form an integral part of this RFP.

5.6.6 Priority of Documents

In the event of any inconsistencies between the terms, conditions, and provisions of the main part of the RFP and the Appendices, the RFP shall prevail over the Appendices during this RFP process.

5.6.7 Disqualification for Misrepresentation

OECM may disqualify the Proponent or rescind a Master Agreement subsequently entered if the Proponent's Proposal contains misrepresentations or any other inaccurate, misleading or incomplete information.

5.6.8 References and Past Performance

The evaluation may include information provided by the Proponent's references and may also consider the Proponent's past performance with OECM and/or its Customers.

5.6.9 Cancellation

OECM may cancel or amend the RFP process without liability at any time.

5.6.10 Competition Act

Under Canadian law, a Proposal must be prepared without conspiracy, collusion, or fraud. For more information, refer to the Competition Bureau website at <http://www.competitionbureau.gc.ca/eic/site/cb-bc.nsf/eng/home>, and in particular, part VI of the *Competition Act*, R.S.C. 1985, c. C-34.

5.6.11 Trade Agreements

The Proponent should note that procurements coming within the scope of either Chapter 5 of the Canadian Free Trade Agreement, Chapter 19 of the Comprehensive Economic and Trade Agreement ("CETA") or within the scope of the Trade and Cooperation Agreement between Quebec and Ontario are subject to such agreements, although the rights and obligations of the parties shall be governed by the specific terms of this RFP.

For more information, refer to the following:

2. OEMC Ad Hoc Reports - As requested and mutually agreed upon	As requested	As requested

Final reporting requirements will be determined during negotiations.

APPENDIX G – PERFORMANCE MANAGEMENT SCORECARD

Master Agreement performance means the Supplier aligns with OEMC's three (3) pillars of Savings, Choice and Service, supporting the growth of the Master Agreement among Customers, and providing quality Products at competitive Rates.

Supplier performance means the Supplier meets or exceeds the performance requirements described below and adheres to all the other contractual requirements.

As part of OEMC's efforts to provide greater value to Customers, OEMC has implemented a Supplier Recognition Program ("SRP"). Through the SRP, OEMC will objectively assess Supplier's performance using an open, fair and transparent framework to recognize and reward top-performing suppliers on an annual basis.

To ensure Master Agreement requirements are met, the Supplier's performance will be measured and tracked by OEMC to ensure:

- (a) On time delivery of high-quality Resources at the Master Agreement Rates or lower;
- (b) Customer satisfaction;
- (c) On-time Master Agreement activity reporting to OEMC;
- (d) On-time Cost Recovery Fee remittance; and,
- (e) Continuous improvement.

Reporting, as described in Appendix F – Reporting Requirements is mandatory for the Supplier to submit as they provide evidence and justification of adherence to the Master Agreement. Through consolidation of reporting information, OEMC provides Customers a thorough understanding of the Supplier's performance aiding the adoption of the Master Agreement.

By providing the reports, OEMC is able to analyze and maintain the integrity of the Supplier's performance.

Failure, by the Supplier, to provide accurate reports by the due dates set out in Appendix F – Reporting Requirements may be deemed poor performance and will reflect on the Supplier's Performance Management Scorecard and SRP results.

During the Term of the Master Agreement, the Supplier shall collect and report the agreed upon results of the performance measures as requested by OEMC. The Performance Management Scorecard and other performance indicators will be used to measure the Supplier's performance throughout the Term of the Master Agreement, ensuring Customers receive appropriate Products on time. The Supplier's performance score will be considered when OEMC contemplates Master Agreement decisions such as:

- (a) The approval or rejection, in whole or in part, of the Supplier's Rate refresh requests;
- (b) The approval or rejection of the Supplier's request to add other related Resources to the Master Agreement;
- (c) Master Agreement extensions; and,
- (d) Master Agreement termination.

The Supplier shall maintain accurate records to facilitate the required performance management reporting requirements related to OEMC and Customer KPIs.

During the business review, OEMC will review the KPIs with the Supplier. The KPIs include but are not limited to the following:

Supplier Provided Customer Performance Measures		
Key Performance Indicator	Performance Measurement	Performance Goal
Order Fulfillment	% of orders fulfilled within four (4) weeks	98% or greater
Order Processing	% of invoices submitted within thirty (30 days)	95% or greater
Invoice Accuracy	% of invoice accuracy per Customer	95% or greater
Order Shipment	% of errors for orders shipped per Customer	98% or greater
Delivery Performance	% of on-time shipments	95% or greater

OECM Evaluation of Supplier's Performance		
Key Performance Indicator	Performance Measurement	Performance Goal
Integrated Reporting Template Remittance	On time	98% of the time
Executed CSAs received within 30 days of execution	On time	98% of the time
Cost Recovery Fee Payment Remittance	Day of	98% of the time
Response Time to OEMC Inquiries	Response time of less than one (1) Business Day	98% of the time

Other KPIs, as mutually agreed upon between the Supplier and OEMC, may be added during the Term of the Master Agreement.

Customer may, when executing a Customer-Supplier Agreement, seek other KPIs.

Penalties and Rewards

The Supplier shall be responsible for all liquidated damages incurred by the Customers as a result of Supplier's failure to perform according to the Master Agreement and/or Customer-Supplier Agreement. Additional penalties for failure to meet or rewards for exceeding the Master Agreement and/or Customer-Supplier Agreement requirements may be mutually agreed upon between the Customer and the Supplier, at the time of Customer-Supplier Agreement execution. Any penalty and/or reward shall be reported to OEMC.

APPENDIX H – CODE OF CONDUCT

The Supplier will take every measure to comply with OECEM's Supplier Code of Conduct ("SCC") principles set out below and to adopt behaviours and practices that are in alignment with these principles or those of OECEM's Customers as mutually agreed upon between the Customer and Supplier. OECEM's core values are in alignment with and entrenched within the key principles of the SCC. The SCC applies to the Supplier's owners, employees, agents, partners and subcontractors who provide Products to OECEM and/or Customers.

The Supplier will manage their operations according to the most stringent standards of ethical business, integrity and equity. The Supplier must therefore:

- a) Refrain from engaging in any form of non-competitive or corrupt practice, including collusion, unethical bidding practices, extortion, bribery and fraud;
- b) Ensure that responsible business practices are used, including ensuring that business continuity and disaster recovery plans are developed, maintained and tested in accordance with applicable regulatory, contractual and service level requirements, and that healthy and safe workplaces that comply with relevant health and safety laws are provided;
- c) Ensure the protection of the confidential and personal information they receive from OECEM, and only use this information as part of their business relations with OECEM;
- d) Comply with intellectual property rights relating to the Products provided to OECEM and its Customers;
- e) Never place an OECEM employee in a situation that could compromise his/her ethical behaviour or integrity or create a conflict of interest;
- f) Divulge all actual and potential conflicts of interest to OECEM; and,
- g) Disclose to OECEM any behaviour deemed unethical on the part of an OECEM employee.

Also, the Supplier shall:

- a) Comply with all foreign and domestic applicable federal/provincial/municipal laws and regulations including, but not limited to the environment, health and safety, labour and employment, human rights and Product safety and anti-corruption laws, trade agreements, conventions, standards, and guidelines, where the Products are provided to OECEM Customers. Fair competition is to be practised in accordance with applicable laws. All business activities and commercial decisions that restrict competition or may be deemed to be uncompetitive are to be avoided;
- b) Not try to gain improper advantage or engage in preferential treatment with OECEM employees and Customers. The Supplier must avoid situations that may adversely influence their business relationship with OECEM or can be directly or indirectly perceived as a conflict of interest and interfere with the provision of the Products to OECEM or its Customers. The Supplier must disclose any actual or potential conflicts of interest promptly to OECEM;
- c) Never offer to OECEM staff bribes, payments, gifts of entertainment or any type of transactions, inducements, services, discounts and/or benefits that may compromise or appear to compromise an OECEM's employees' ability to make business decisions in the best interest of OECEM and its Customers. If a Supplier is unsure whether a gift or entertainment offer to an OECEM employee complies with OECEM's SCC, the Supplier should consult with the intended recipient's manager;
- d) Not engage in any improper conduct to gain influence or competitive advantage especially that which would put OECEM or its Customers at risk of violating anti-bribery and/or anti-corruption laws. The Supplier must ensure that the requirements of all these applicable laws are met, and not engage in any form of corrupt practices including extortion, fraud or bribery;
- e) Ensure that any outsourcing and/or subcontracting used to fulfill Products are identified and approved by the Customer and monitored to ensure compliancy with contractual obligations and adherence to OECEM's SCC. Supplier's employees, subcontractors and other service providers must adhere to the requirements of the SCC, which must be made available as necessary. The Supplier must also ensure that its subcontractors and other service providers are paid properly and promptly to avoid any disruption in the provision of Products by the Supplier to OECEM or its Customers;

- f) Maintain workplace professionalism and respect for the dignity of all employees, Customers, and individuals. The Supplier must never exercise, tolerate or condone harassment, discrimination, violence, retaliation and any other inappropriate behaviour;
- g) Abide by applicable employment standards, labour, non-discrimination and human rights legislation. Where laws do not prohibit discrimination, or where they allow for differential treatment, the expectation of the Supplier is to be committed to non-discrimination principles and not to operate in an unfair manner. The Supplier must be able to demonstrate that their workplaces operate under the following principles:
 - i. Child labour is not accepted;
 - ii. Discrimination and harassment are prohibited, including discrimination or harassment based on any characteristic protected by law;
 - iii. Employees are free to raise concerns and speak up without fear of reprisal;
 - iv. Appropriate and reasonable background screenings, including investigations for prior criminal activity, have been completed to ensure integrity and character of the Supplier's employees; and,
 - v. Clear and uniformly applied employment standards are used that meet or exceed legal and regulatory requirements;
- h) Provide healthy and safe workplaces for their employees. These workplaces must comply with applicable health and safety laws, statutes and regulations to ensure a safe and healthy work environment. Employers must also ensure that their employees are properly trained and that they have easy access to information and instructions pertaining to health and safety practices; and,
- i) Give high priority to environmental issues and implement initiatives to foster sound environmental management through practices that prevent pollution and preserve resources. The Supplier must conduct business in an environmentally responsible and sustainable manner. The Supplier must comply with all applicable environmental laws, statutes and regulations, including, but not limited to, waste disposal (proper handling of toxic and hazardous waste), air emissions and pollution, to ensure that they meet all legal requirements and strive to prevent or mitigate adverse effects on the environment with a long-term objective of continual improvement.

The Supplier is expected to:

- a) Abide by OEMC's SCC;
- b) Report violations of the SCC or identify any Customer requests that might constitute violations; and,
- c) Cooperate and collaborate with OEMC and bring about the resolution of SCC compliance issues.

Compliance with SCC principles is a criterion that is taken into consideration in OEMC's supplier selection process and ongoing performance and relationship management.

The practices adopted by the Supplier must be verifiable. Such verification may be conducted by way of a Supplier's self-evaluation and/or an audit completed by OEMC at its discretion. The Supplier must provide, upon request, OEMC with documents attesting to their compliance with the SCC.

In addition, OEMC may elect to visit the Suppliers' facilities if OEMC so chooses. Appropriate notice will be provided to the Supplier. Whenever a situation of non-compliance is identified, OEMC will endeavor to work with the Supplier in order to develop a corrective plan to resolve the non-compliant issues in a timely manner.

Failure to comply with OEMC's SCC may result in termination of this Master Agreement.
