

Automatic Door Operators, Electromagnetic Door Holders and Hands-free Switches/Sensors for Doors

Access a wide range of products and services, including optional services, related to the safe operation of doors. Awarded supplier partners can provide products within three distinct categories: Category A (Automatic Door Operators), Category B (Electromagnetic Door Holders), and Category C (Hands-free Switch/Sensor Products for Doors). This agreement is the result of a procurement project initiated to support School Boards as part of OECM's COVID-19 Resiliency Infrastructure Stream (CVRIS) Support Initiative.

Collection Agency Services

Gain access to dependable and effective debt recovery services for unpaid debts resulting from emergency loans, daycare, student residence and tuition fees, trade receivables, healthcare fees and more.

Commercial Air Treatment Technology, Related Products and Optional Services

Supporting clean air in environments with large groups of people, these agreements provide access to the latest commercial stand-alone and in-duct air treatment products with an additional technology, (e.g. LED, plasma, bipolar ionization, UV light, or others), related products and optional services. This agreement is the result of a procurement project initiated to support School Boards as part of OECM's COVID-19 Resiliency Infrastructure Stream (CVRIS) Support Initiative.

Commercial Ductwork Sealing and Related Services

Access to a range of ductwork sealing and related services suitable for various buildings including schools, colleges, universities, municipal buildings, and more. This agreement is the result of a procurement project initiated to support School Boards as part of OECM's COVID-19 Resiliency Infrastructure Stream (CVRIS) Support Initiative.

Electronic Document and Records Management Solutions

Featuring customized configurations and integrated solutions, these all-encompassing agreements include access to Digitization Services, Implementation of Software Solutions, Annual Maintenance and Licensing, and Professional Services to address electronic document and records management needs through a single supplier partner.

Legend Power® SmartGATE™ Supply and Installation Services

Increase building air quality with HVAC air filters, such as pleated filters, panel filters, media pads, media rolls, box filters, pocket filters, and bag filters. Services include indoor air tests, filter installation, filter recycling, filter management, and more.

HVAC System Air Filter and HEPA Air Filtration Units and Related Products

Quality air filters and systems promote air quality while reducing operating costs. This agreement has the following two (2) categories: Category A - HVAC System Air Filters and Category B - HEPA Air Filtration Units and Related Products. Our awarded suppliers can provide one or both types of air filters/units.

Unit Ventilators

These agreements include access to unit ventilators that provide Heating, Ventilation and Air Conditioning (HVAC) to a specific room or series of rooms, can be mounted inside or on the outside walls of rooms measuring up to approximately 100 square meters, and are suitable for environments with groups of people (e.g. school classrooms). Awarded supplier partners can provide products within three distinct categories: Category A - Vertical Unit Ventilators, Floor/Wall Mounted, Category B - Horizontal Unit Ventilators, Floor/Wall Mounted, and Category C - Ceiling-Mounted Unit Ventilators. These agreements are a the result of a procurement project initiated to support School Boards as part of OECM's COVID-19 Resiliency Infrastructure Stream (CVRIS) Support Initiative.
