[End of Part 2]

PART 3 – EVALUATION OF PROPOSALS

3.1 Stages of Proposal Evaluation

OECM will conduct the evaluation of Proposals in the following stages:

Stage	Type of Evaluation	Refer to RFP Section	Scoring Methodology and Maximum Points (if applicable)	Minimum Threshold Requirement (if any)
Stage I	Qualification Response	3.2	Pass/Fail	Pass
Stage II	Technical Response	3.3	300	50%
Stage III	Commercial Response	3.4	200	Not Applicable
Stage IV	Cumulative Score	3.5	500	Not Applicable
Stage V	Tie Break Process	3.6	No Point Allocation	Not Applicable
Stage VI	Negotiations	3.7	No Point Allocation	Not Applicable
Stage VII	Master Agreement Finalization	3.8	No Point Allocation	Not Applicable

3.2 Stage I – Review of Qualification Responses (Pass/Fail)

Stage I will consist of a review to determine which Proposals comply with all qualification requirements.

The Proponent **must** complete the following forms in (“Ontario’s Tenders Portal (“OTP”) to qualify and proceed to the next stage of evaluation.

Title	OTP Envelope
Form of Offer	Qualification
Compliance with Form of Master Agreement	Qualification
Commercial Response (in Microsoft Excel format only)	Commercial

If the Proponent fails to insert information contained in the above forms, OECM may provide an opportunity to rectify such deficiency within a period of two (2) Business Days from notification thereof. Only PropONENTS satisfying the identified deficiencies within allotted time will proceed to Stage II.

3.3 Stage II – Technical Response

Stage II will consist of an evaluation and scoring of the Technical Response of each Eligible Proposal.

The Technical Response includes a series of questions the Proponent is required to respond to in order to demonstrate the Proponent’s ability to fulfill the RFP Deliverables and Master Agreement management. Only information contained within the Technical Response will be evaluated in Stage II.

Only Proposals that meet or exceed the minimum thresholds will receive a **pass** in this stage and proceed to Stage III of the evaluation process. While the overall threshold for the Technical Response is fifty percent (50%), the Technical Response section 1,2 and 3 are the only individual section that has a minimum threshold of 50%.

Point allocations for the Technical Response sections are as follows:

Technical Response Sections	Available Points	Minimum Threshold if any
- Proponent’s Qualification and Experience	60	50%

Technical Response Sections	Available Points	Minimum Threshold if any
- Expertise and Staffing	60	50%
- Audit Approach	140	50%
- Value Adds	10	Not Applicable
- Customer Support and Account Management	30	Not Applicable
TOTAL POINTS:	300	50%

Detailed sub-point allocations and minimum thresholds are set out in the Technical Response on OTP.

In the case that contradictory information or information that contains conditional statements is provided, OECM will determine whether the response complies with the requirements, and may seek clarification from the Proponent.

A Proposal that does not respond to a particular question (e.g. is left blank) or contains a response of N/A or not applicable will receive a zero (0) score.

Stage II resulting scores per Proposal will be used when determining the cumulative score as described below in Section 3.5.

3.4 Stage III – Commercial Response

The Proponent **must** complete and upload Appendix C – Commercial Response, in Microsoft Excel format only, into the OTP Commercial Envelope for this stage of evaluation.

Upon the completion of Stage II of the evaluation, the Commercial Response will be opened for all Eligible Proposals.

Point allocations for the Commercial Response sections are as follows:

Commercial Response Sections	Available Points
- Maximum Rates for Audit Services	175
- Maximum Hourly Rates	25
TOTAL POINTS:	200

Detailed sub-point allocations are set out in the Appendix C – Commercial Response on OTP.

Rates will be evaluated using a relative formula. See example below:

EXAMPLE OF COMMERCIAL RESPONSE EVALUATION FOR Financial Statements Audit Services		
Proposed Rates	Calculation	Resulting Points
If Proponent 1 proposes the lowest Rate of \$100.00 for Financial Statements Audit Services, it would receive 100% of the points allocated.	$\$100 \div \100×1.25 Points	1.25
If Proponent 2 proposes the second lowest Rate of \$200.00 for Financial Statements Audit Services, it would receive 50% of the points allocated.	$\$100 \div \200×1.25 Points	0.625
If Proponent 3 proposes the third lowest Rate of \$400.00 for Financial Statements Audit Services, it would receive 25% of the points allocated.	$\$100 \div \400×1.25 Points	0.3125

Where \$0.00 is entered in any Rate cell, it is deemed to mean that the particular Service **will be provided to Customers at no additional cost**. Therefore, when evaluating and scoring the Rates, a Proposal specifying \$0.00 in a Rate cell in the Commercial Response shall receive the maximum point allocation for that particular Service. The remaining Proposals will be evaluated using a relative formula based on the remaining percentage of available points regardless of the Proposals of \$0.00 Rate as per below example.

EXAMPLE – WHERE FIVE (5) PROPOSALS WERE RECEIVED WITH \$0.00 RATE PROPOSED		
Number of Proposals with a proposed Rate of \$0.00 for a particular Service	The number of remaining Proposals	The percentage (%) of the sub-point allocation for the remaining Proposals will be:
1	4	80%
2	3	60%
3	2	40%
4	1	20%

Where N/A or not applicable is entered in a Commercial Response cell or a Commercial Response cell is left blank for the Service, it is deemed to mean that the particular Service will **not be provided** to Customers. Therefore, when evaluating and scoring the Rates, a Proposal specifying N/A or not applicable, or left blank in Appendix C – Commercial Response will receive a zero (0) point allocation for that particular pricing section.

Stage III resulting scores per Proposal will be used when determining the cumulative score as described below in Section 3.5.

3.5 Stage IV – Cumulative Score

At this stage, the scores from Stages II and III will be combined for each Eligible Proposal.

Subject to the express and implied rights of OECM; the Proponents with the highest scoring Proposals or all Proponents may become the Preferred Proponents, and be invited to negotiations, as further described below.

Reference checks will be performed to confirm or clarify information provided within the Proposal. The reference checks themselves will not be scored, however, OECM may adjust Technical Response scores related to the information obtained during the reference check.

3.6 Stage V – Tie Break Process

At this stage, where two (2) or more of the highest scoring Eligible Proposals achieve a tie score on completion of the Stage IV, OECM may invite all to negotiations or break the tie by selecting the Proposal with the highest score in Stage II – Technical Response.

3.7 Stage VI – Negotiations

Concurrent negotiations, with the Preferred Proponents, will be based on the RFP requirements, and the Proposals, understanding that OECM is seeking the best overall solution and value for money for Customers.

The negotiations may include:

- (a) Services;
- (b) Master Agreement management (e.g. performance, KPIs, penalties, reporting);
- (c) Master Agreement terms and conditions;
- (d) Additional references, if required;
- (e) Rates; and,
- (f) Best and Final Offer.

OECM may also request supplementary information from a Preferred Proponent to verify, clarify or supplement the information provided in its Proposal or confirm the conclusions reached in the evaluation and may include requests by OECM for improved Rates.

OECM intends to complete negotiations within fifteen (15) calendar days after notification. If, for any reason, OECM and a Preferred Proponent fail to reach an agreement within the aforementioned timeframe, OECM may:

- (a) request the Preferred Proponent to submit its Best and Final Offer;
- (b) terminate negotiations with that particular Preferred Proponent;
- (c) extend the negotiation timeline; or
- (d) publish one (1) or some of the Suppliers, who have executed Master Agreements, within our promotional marketing launch. Other Master Agreements, if successfully negotiated with other Preferred Proponents would be added to OECM's website at a later date.

Upon successful negotiations, the Preferred Proponent will be invited to execute a Master Agreement.

3.8 Stage VII – Master Agreement Finalization

The Preferred Proponent will be given five (5) Business Days to execute the Master Agreement, unless otherwise specified by OECM. Once the Master Agreement has been executed, Customers may execute a CSA.

OECM shall at all times be entitled to exercise its rights under Section 5.6.

[End of Part 3]

PART 4 – MASTER AGREEMENT STRUCTURE AND MANAGEMENT

This Part of the RFP describes the Supplier's management requirements and will be incorporated into the final Master Agreement.

4.1 Master Agreement Structure

OECM may, through this RFP process, enter into Master Agreements with one (1) or more Suppliers for the provision of the Audit Related Services on an as-and-when required basis for OECM Customers.

The Term is intended to be for five (5) years, with an option in favour of OECM to extend the Term on the same terms and conditions for up to five (5) additional years. Performance as set out in Appendix G – Performance Management Scorecard and, if applicable, Supplier Recognition Program evaluation results will be considered when contemplating a Master Agreement extension and supplier refresh, if necessary. Should additional suppliers be added during a refresh process, all Master Agreements will be co-terminus.

Customers participating in the Master Agreements will execute a CSA with a Supplier as attached in Appendix B – Form of Master Agreement. The Supplier shall provide a copy of every CSA to OECM within thirty (30) days of execution.

The Master Agreement must be fully executed before the provision of any Deliverables commences.

4.1.1 No Contract until Execution of Written Master Agreement

This RFP process is intended to identify Proponents for the purpose of negotiation of potential Master Agreements. The negotiation process is further described in Part 3 – Evaluation of Proposals, and in Section 3.7 of this RFP.

No legal relationship or obligation regarding the procurement of any Services shall be created between the Proponent and OECM by this RFP process until the successful completion of negotiation and execution of a written Master Agreement for the provision of the Services has occurred.

4.1.2 Customer's Usage of Master Agreements

The establishment and use of the Master Agreement consists of a two (2) part process.

Part One, which is managed by OECM, is the creation of the Master Agreement through the issuance of this RFP, the evaluation of Proposals submitted in response to it and the negotiation and execution of the Master Agreement.

Part Two, the Second Stage Selection Process ("Second Stage") is managed by the Customer or by OECM on the Customer's behalf and is focused on the Customer's specific needs. Depending on the Customer's internal policies, and potential dollar value of the Services a Customer may:

- (a) Select a Supplier and sign a CSA; or,
- (b) Seek Rates and other relevant Services information specific to a Customer's organization (e.g. by issuing a non-binding request via a Second Stage tool (e.g. Request for Services ("RFS"), Quick Quote ("QQ"), or Customer's process (e.g. directly or via an online e.tendering platform)) from the Supplier for their specific Services requirements. If selected by the Customer, the Supplier shall provide the Services in accordance with the specifications stated in the Master Agreement and in the Customer's CSA.

When a Second Stage request is issued, which does not constitute a contract A, contract B situation, it will identify the required Services or it may request the Supplier to propose appropriate Services to fulfill the Customer's requirements and any other applicable information. The Customer may negotiate their unique requirements with the Supplier and mutually agree to additional terms and conditions (e.g. reporting, Rates, payment terms) ensuring the additional terms and conditions are not in any way inconsistent with the Master Agreement.

The Supplier must respond to a Second Stage Selection Process request and, at minimum, the response should set out the following:

- (a) Proposed Services;
- (b) Timelines for Services; and,
- (c) Final, net Rates. The Rates should be valid for a period of not less than ninety (90) days. Limited time offer Rates and/or promotional Rates must be specified by the Supplier, if applicable to the specific Second Stage request.

4.2 No Guarantee of Volume of Work or Exclusivity of Master Agreement

The volume information contained in this RFP constitutes an estimate and is supplied solely as a guideline to the Proponent. Such information is not guaranteed, represented, or warranted to be accurate, nor is it necessarily comprehensive or exhaustive.

Nothing in this RFP is intended to relieve the Proponent from forming its own opinions and conclusions with respect to the matters addressed in this RFP. Volumes are an estimate only and may not be relied on by the Proponent.

OECM makes no guarantee of the value or volume of work to be assigned to the Supplier.

The Master Agreement executed with the Supplier may not be an exclusive Master Agreement for the provision of the Deliverables. Customers may contract with others for the same or similar Deliverables to those described in this RFP.

4.3 Rates

The proposed Service Rates shall be firm for the Term of the Master Agreement and shall be:

- (a) Maximum Rates applicable to all Customers;
- (b) In Canadian funds and shall include all applicable costs, including, but not limited to overhead, materials, fuel, fuel surcharge, duties, tariffs, travel, delivery, office support, profit, permits, licences, labour, insurance, and Workplace Safety Insurance Board costs; and,
- (c) Exclusive of the HST, or other similar taxes.

The Supplier may, however, lower its Rates for specific Services when the Customer and Supplier mutually agree without affecting the Rates in the Master Agreement.

In extenuating circumstances, OECM may consider a Rate adjustment substantially effecting the provision of Services resulting from new or changed municipal, provincial, or federal regulations, by-laws and fluctuations in foreign exchange rates as published by the Bank of Canada, tariffs, or ordinances. Any such request from the Supplier must be accompanied and supported by documentation deemed appropriate by OECM. OECM may use a third-party index (e.g. Consumer Price Index ("CPI"), Accounting Services Price Index ("ASPI")) in its Rates review. The Supplier must submit documentation (i.e. Rate impact analysis) demonstrating how the request affects the delivery of Products in this Master Agreement. OECM will not consider any fixed costs or overhead adjustments in its review of the Supplier's documentation.

4.4 Travel Expenses

The Supplier must obtain prior approval from the Customer for costs incurred as a result of accommodation or travel associated with a particular Assignment. These costs must be charged in accordance with the Customer's travel policy, as may be amended from time to time. Suppliers may obtain applicable rates from the Customer. All such pre-approved costs, where applicable, must be itemized separately on invoices.

Customers shall not be responsible for any meal, hospitality, or incidental expenses incurred by the Supplier, whether incurred while travelling or otherwise including,

- (a) Meals, snacks and beverages;
- (b) Gratuities;
- (c) Laundry or dry cleaning;
- (d) Valet services;

- (e) Dependent care;
- (f) Home management; and,
- (g) Personal telephone calls.

4.5 Optional Rate Refresh

OECM's goal is to keep Rates as low as possible for Customers. However, the Supplier may request a Rate refresh at the optional extension period of the Master Agreement.

The Supplier shall provide a written notice with supporting documentation to OECM at least one-hundred-and-twenty (120) days prior to the Master Agreements' extension date if requesting a Rate refresh.

As part of any review OECM will consider Rate adjustments that reflect changes in operation, adjustments due to new or changed municipal, provincial, or federal regulations, by-laws, and fluctuations in foreign exchange rates as published by the Bank of Canada, tariffs, or ordinances. Any Rate refresh request from a Supplier must be accompanied by supporting documentation (e.g. detailed calculations and individual Customer impact analysis) to support any Rate adjustment. OECM may use a third-party index (e.g. Consumer Price Index and/or Accounting Services Price Index) in its Rates review. OECM will not consider any fixed costs or overhead adjustments in its review.

Volumes and Supplier performance (i.e. Supplier's Performance Management Scorecard and/or Supplier Recognition Program evaluation results) will be considered when contemplating a Rate refresh.

If a proposed Rate refresh was agreed upon between OECM and the Supplier, the new Rates would only be applicable to Services ordered after the effective date of the new Rates. The effective date of the Rate change must allow Customers a minimum of thirty (30) days' prior notice from OECM. If, however, a proposed Rate increase is not accepted by OECM the Master Agreement may be terminated within one-hundred and twenty (120) days unless the Supplier agrees to withdraw its request for a Rate increase and continue the provision of the Services at the existing agreed upon Rates.

If a Rate refresh is not requested, the Rates from year five (5) shall remain same for the applicable extension period, if exercised.

Decreases to the Rates shall be accepted at any time during the Term.

Based on above, the Master Agreement will be amended, if needed.

4.6 Optional Process to Add Other Services

During the Term, if mutually agreed by OECM and the Supplier, other Services (e.g. newly available Services) may be added to the Master Agreement to align with Customer needs.

The Supplier shall provide written notice to OECM of at least one hundred and twenty (120) days if requesting to add other Services.

Additional Service requests from the Supplier must be accompanied by appropriate documentation (e.g. Service description, and rationale for the addition).

Volumes and Supplier's performance (i.e. as described in Appendix G – Performance Management Scorecard and/or Supplier Recognition Program evaluation results) will be considered when contemplating adding Services. In the event the Supplier's performance is poor and/or unacceptable, OECM may not agree to the Supplier's Service refresh request. All other Services shall remain unchanged.

Rates, for newly added Services, will be negotiated at the time ensuring Rate alignment with similar Services currently available on the Master Agreement.

Based on above, the Master Agreement will be amended, if needed.

4.7 OECM Geographical Zones

OECM Customers are located in five (5) geographical Zones (as set out below and detailed in Appendix D – OECM Geographical Zones) throughout the Province of Ontario.

- (a) Central Zone;
- (b) East Zone;
- (c) North East Zone;
- (d) North West Zone; and,
- (e) West Zone.

Also refer to Appendix E – OECM School Board, University and College Customers in Ontario illustrating OECM’s educational Customers by Zone.

4.8 OECM Cost Recovery Fee

As a not-for-profit/non-share capital corporation, OECM recovers its operating costs from its agreements through a Cost Recovery Fee (“CRF”). CRFs from the resulting Master Agreement from this RFP and other OECM agreements are structured to support OECM’s financial model, while providing savings to Customers.

The Supplier shall pay to OECM a CRF of two percent (2%) on all Services invoiced by the Supplier to the Customers throughout the Term.

CRF will be calculated as follows:

EXAMPLE OF HOW CRF WILL BE CALCULATED FOR THE SECOND CALENDAR QUARTER WITH A CRF = 2%				
Sales per Month	Calculation	CRF	HST	Total CRF Payment to OECM
If Supplier has \$100,000 total sales in April	\$100,000 x 2% CRF	\$2,000	13%	\$2,260
If Supplier has \$200,000 total sales in May	\$200,000 x 2% CRF	\$4,000	13%	\$4,520
If Supplier has \$50,000 total sales in June	\$50,000 x 2% CRF	\$10,000	13%	\$11,300

The CRF shall be paid to OECM, via EFT, by May 15, August 15, November 15, and February 15 annually, as follows:

CRF payment dates, for the first year of the Master Agreement, will be as follows:

Calendar Quarter	Including Months	Annual Cost Recovery Fee Payment Due Dates
Q1	January, February, March	May 15
Q2	April, May, June	August 15
Q3	July, August, September	November 15
Q4	October, November, December	February 15

HST is applicable to the CRF payments made to OECM.

The CRF will be reviewed (e.g. annually) and may, at OECM’s sole discretion, be adjusted downwards.

During the Term, OEMC may implement other CRF methodologies. Should this take place, the maximum CRF noted above shall not increase.

The Supplier shall be responsible for paying interest, as specified in Article 4.09 of the Master Agreement, for late CRF payments.

Upon termination or expiry of the Master Agreement, the Supplier will submit all outstanding CRF payments within thirty (30) days of the Master Agreement termination or expiry date.

4.9 Financial Administration Act Section 28

In accordance with the requirements of the *Financial Administration Act* ("FAA"), notwithstanding anything else in the CSA, or in any other agreement between the Customer and the Supplier executed to carry out the Services provided for herein, the remedies, recourse or rights of the Supplier shall be limited to the Customer and to the right, title and interest owned by the Customer in and to all of its real or personal property, whether now existing or hereinafter arising or acquired from time to time. The Supplier unconditionally and irrevocably waives and releases all other claims, remedies, recourse or rights against the Crown in right of Ontario in respect of the CSA, and agrees that it shall have no remedies, recourse or rights in respect of the CSA against the Crown in right of Ontario, any Ontario Ministry, Minister, agent, agency, servant, employee or representative of the Crown or any director, officer, servant, agent, employee or representative of a Crown agency or a corporation in which the Crown holds a majority of the shares or appoints a majority of the directors or members, other than against the Customer and its assets.

If the Supplier and the Customer agree that a CSA is exempt from the application of subsection 28(1) of the *Financial Administration Act* pursuant to Ontario Regulation 376/18: Section 28 Exemptions – Colleges, the Customer represents and warrants that the CSA (i) complies with all applicable policies of the Customer; (ii) complies with all applicable laws and Ontario government directives applicable to it; and, (iii) relates to activities of the Customer that are permitted under its objects and that are undertaken within Canada. The Supplier represents and warrants that the CSA complies with all Applicable Laws and Ontario government directives applicable to it.

4.10 Saving Calculation

OEMC tracks, validates, and reports on savings on all of its agreements. Collaborative procurement processes enables several types of savings including direct and indirect savings (e.g. process improvement, lead time reduction, standardization, economies of scale, cost avoidance).

The Supplier shall report Customer savings (e.g. Master Agreement Rate versus Rate invoiced to Customer).

4.11 Supplier Management Support to OEMC

OEMC will oversee the Master Agreement, and the Supplier shall provide appropriate Master Agreement management support including, but not limited to:

- (a) Assigning to OEMC a Supplier Account Executive and team responsible for supporting and overseeing all aspects of the Master Agreement;

- (c) Promoting the Master Agreement within the Customer community;
- (d) Maintaining OEMC's and Customer's confidentiality by not disclosing Confidential Information without the prior written consent of OEMC and/or the Customer, as the case may be, as further described in Appendix B – Form of Master Agreement;
- (e) Attending business review meetings with OEMC to review such information as:
 - i. CSAs and upcoming opportunities; and,
 - ii. Review and monitor performance management compliance;
- (f) Complying with Appendix H – Code of Conduct requirements as described on the OEMC website at [OEMC Supplier Code of Conduct](#);

- (g) Managing issue resolution in a timely manner;
- (h) Complying with agreed upon escalation processes to resolve outstanding issues;
- (i) Timely submission of reports as described in Appendix F – Reporting Requirements; and,
- (j) Complying with Master Agreement close out processes (e.g. ensuring all Master Agreement obligations have been fulfilled, such as submission of final reporting and CRF payments to OECM).

4.11.1 Master Agreement Award and Launch

Once the Master Agreement is awarded, the Supplier will meet with OECM to discuss an effective launch strategy, and shall provide:

- (a) Supplier profile and logo;
- (b) Supplier contact information;
- (c) Customer engagement strategy;
- (d) Access to knowledge sharing materials (e.g. webinars);
- (e) Marketing materials; and,
- (f) Other relevant materials.

4.11.2 Promoting OECM Master Agreements

To support Customers, OECM and the Supplier will work together to encourage the use of the Master Agreement resulting from this RFP.

The Supplier will actively promote the Master Agreement to Customers by:

- (a) Conducting sales and marketing activities directly to onboard Customers;
- (b) Executing CSAs with interested Customers;
- (c) Providing excellent and responsive Customer support;

4.11.3 Supplier's Performance Management Scorecard

To ensure Master Agreement requirements are met, the Supplier's performance will be measured and tracked by OECM as described in Appendix G – Performance Management Scorecard.

4.11.4 OECM's Supplier Recognition Program

OECM's suppliers play a fundamental role in ensuring Customers' needs are met with consistent and exceptional service. As part of OECM's efforts to provide greater value to Customers and support their Supplier selection process across OECM agreements, OECM has implemented a Supplier Recognition Program ("SRP"). Through the SRP, OECM will objectively assess supplier's performance using an open, fair, and transparent framework to recognize and reward top-performing Suppliers on an annual basis.

The following four (4) key areas of focus that suppliers will be measured upon include:

- (a) Supplier performance;
- (b) Master Agreement performance (see Section 4.11.3 and Appendix G (Performance Management Scorecard));
- (c) Generated savings and value; and,
- (d) Technical Response scores from the Supplier's Proposal for this RFP.

Further details will be provided to the Suppliers.

4.11.5 Reporting to OECM

The Supplier shall be responsible for providing reports as further described in Appendix F – Reporting Requirements.

Report details will be discussed and established at the Master Agreement finalization stage between OECM and the Preferred Proponent. Other reports may be added, throughout the Term, if mutually agreed upon between OECM and the Supplier, and/or the Customer and Supplier.

Supplier performance means the Supplier meets or exceeds the performance requirements described below and adheres to all the other contractual requirements.

As part of OECM's efforts to provide greater value to Customers, OECM has implemented a Supplier Recognition Program ("SRP"). Through the SRP, OECM will objectively assess Supplier's performance using an open, fair and transparent framework to recognize and reward top-performing suppliers on an annual basis.

To ensure Master Agreement requirements are met, the Supplier's performance will be measured and tracked by OECM to ensure:

By providing the reports, OECM is able to analyze and maintain the integrity of the Supplier's performance.

Failure, by the Supplier, to provide accurate reports by the due dates set out in Appendix F – Reporting Requirements may be deemed poor performance and will reflect on the Supplier's Performance Management Scorecard and SRP results.

During the Term of the Master Agreement, the Supplier shall collect and report the agreed upon results of the performance measures as requested by OECM. The Performance Management Scorecard and other performance indicators will be used to measure the Supplier's performance throughout the Term of the Master Agreement, ensuring Customers receive appropriate Services on time. - (a) The approval or rejection, in whole or in part, of the Supplier's Rate refresh requests;
