1.2 Project Background

OECM’s first Payment Recovery Services RFP was awarded in 2014. There has been a cumulative lifetime spend of approximately six million dollars (\$6,000,000) as of December 2023. This project is the third-generation RFP Payment Recovery and Advisory Services

1.2.1 Historical Spend

OECM currently has Payment Recovery Services agreements in place with three (3) suppliers that expire February 28, 2025. There are presently forty-five (45) unique Customers using these existing OECM agreements:

- (a) Ten (10) School Boards;
- (b) Nine (9) Colleges;
- (c) Two (2) Universities; and,
- (d) Twenty-four (24) other organizations.

Approximate purchases through these existing agreements from March 2020 to December 2023 is approximately two million dollars (\$2,000,000).

Customers using OECM's current agreement are **not**, in any way, obligated to participate in any Master Agreement resulting from this RFP.

1.2.2 Customer Engagement

The following Customers were engaged with the development of the Deliverables set out in this RFP:

- (a) Durham College of Applied Arts and Technology.

The above Customers are **not**, in any way, committed to participating in the Master Agreement resulting from this RFP.

1.3 Award Strategy

OECM may, through this RFP process, enter into Master Agreements with one (1) or more Suppliers for the provision of the Services but may not award more than practicable.

The Term is intended to be for six (6) years, with no option to extend it further. Performance as set out in Appendix D – Supplier Performance Management Scorecard and, if applicable, Supplier Recognition Program evaluation results will be considered when contemplating a Master Agreement extension.

Customers participating in the Master Agreements will execute a CSA with a Supplier as attached in Appendix A – Form of Master Agreement. Prior to executing a CSA, the Customer may negotiate their unique requirements and further negotiate with the Supplier and mutually agree to additional terms and conditions (e.g., reporting, Rates specific to the Customer's requirements and volumes) ensuring the additional terms and conditions are not in any way inconsistent with the Master Agreement agreed to by OECM and the Supplier.

The Supplier must provide a copy of every CSA to OECM within thirty (30) days of execution.

1.3.1 No Contract until Execution of Written Master Agreement

This RFP process is intended to identify Proponents for the purpose of negotiation of potential Master Agreements. The negotiation process is further described in Part 3 – Evaluation of Proposals, Section 3.7 of this RFP.

No legal relationship or obligation regarding the procurement of any Services shall be created between the Proponent and OECM by this RFP process until the successful completion of negotiation and execution of a written Master Agreement for the provision of the Services has occurred.

The Master Agreement must be fully executed before the provision of any Deliverables commences.

1.3.2 Customer's Usage of Master Agreements

The establishment and use of the Master Agreement consists of a two (2) part process.

Part One, which is managed by OECM, is the creation of the Master Agreement through the issuance of this RFP, the evaluation of Proposals submitted in response to it and the negotiation and execution of the Master Agreement.

Part Two, the Second Stage Selection Process (“Second Stage”) is managed by the Customer or by OECM on the Customer’s behalf and is focused on the Customer’s specific needs. Depending on the Customer’s internal policies, and potential dollar value of the Services a Customer may:

- (a) Select a Supplier and sign a CSA; or,
- (b) Seek Rates and other relevant Service information specific to a Customer’s organization (e.g., by issuing a non-binding request via a Second Stage tool (e.g., Request for Services (“RFS”), Quick Quote (“Q”) or Customer’s process (e.g., directly or via an online e-tendering platform)) from the Supplier for their specific Service requirements (e.g., reporting, Rates, Rate refresh process and timing, invoicing)]. If selected by the Customer, the Supplier shall provide the Services in accordance with the specifications stated in the Master Agreement and in the Customer’s CSA.

When a Second Stage request is issued, which does not constitute a contract A, contract B situation, it will identify the required Services or it may request the Supplier to propose appropriate Services to fulfill the Customer’s requirements and any other applicable information.

The Customer may negotiate their unique requirements (e.g., reporting, Rates, invoicing)] with the Supplier and mutually agree to additional terms and conditions ensuring the additional terms and conditions are not in any way inconsistent with the Master Agreement.

The Supplier must respond to a Second Stage request and, at minimum, the response should set out the following:

- (a) Proposed Services;
- (b) Timelines for Services; and,
- (c) Final, net Rates. The Rates should be valid for a period of not less than ninety (90) days, or as requested by the Customer. Limited time offer Rates and/or promotional Rates must be specified by the Supplier, if applicable to the specific Second Stage request.

1.3.3 No Guarantee of Volume of Work or Exclusivity of Master Agreement

The volume information contained in this RFP constitutes an estimate and is supplied solely as a guideline to the Proponent. Such information is not guaranteed, represented, or warranted to be accurate, nor is it necessarily comprehensive or exhaustive.

Nothing in this RFP is intended to relieve the Proponent from forming its own opinions and conclusions with respect to the matters addressed in this RFP. Volumes are an estimate only and may not be relied on by the Proponent.

OECM makes no guarantee of the value or volume of work to be assigned to the Supplier.

The Master Agreement executed with the Supplier may not be an exclusive Master Agreement for the provision of the Deliverables. Customers may contract with others for the same or similar Deliverables to those described in this RFP.

In the case that contradictory information or information that contains conditional statements is provided, OECM will determine whether the response complies with the requirements, and may seek clarification from the Proponent.

A Proposal that does not respond to a particular question (e.g., it is left blank) or contains a response of N/A or not applicable will receive a zero (0) score.

Stage II resulting scores per Proposal will be used when determining the cumulative score as described below in Section 3.5.

3.4 Stage III – Commercial Response

The Proponent **must** complete and upload Appendix B – Commercial Response, in Microsoft Excel format only, into the OTP Commercial Envelope for this stage of evaluation.

Upon the completion of Stage II of the evaluation, the Commercial Response will be opened for all Eligible Proposals.

Only Proposals that meet or exceed the minimum thresholds will receive a pass in this stage and proceed to Stage IV of the evaluation process. While the overall threshold for the Commercial Response is **ten percent (10%) or forty points (40)**. There is no minimum threshold in individual sections.

Point allocations for the Commercial Response sections are as follows:

Commercial Response Sections	Available Points	Minimum Threshold if any
Maximum Contingency Based Rates in Percentage (%) for:		
<ul style="list-style-type: none"> Commodity Tax Payment Recovery Services 	120 Points	Not Applicable
<ul style="list-style-type: none"> Payroll-Related Payment Recovery Services 	120 Points	Not Applicable
<ul style="list-style-type: none"> Purchasing Process Activity Payment Recovery Services 	120 Points	Not Applicable
Maximum Hourly Rates for General Tax Advisory Services	40 Points	Not Applicable
Maximum Contingency-Based Rates in Percentage (%) for other Related Payment Recovery Services	Not Evaluated	Not Applicable
Maximum Hourly Advisory Rates for other Related Payment Recovery Services	Not Evaluated	Not Applicable
TOTAL POINTS:	400 Points	40 Points

Detailed sub-point allocations are set out in the Appendix B – Commercial Response on OTP.

Rates will be evaluated using a relative formula. See example below:

EXAMPLE OF COMMERCIAL RESPONSE EVALUATION FOR PURCHASING PROCESS ACTIVITY PAYMENT RECOVERY SERVICES LEVELS OF RECOVERY PER CUSTOMER UNIQUE ASSIGNMENT \$0-\$25,000		
Proposed Rates	Calculation	Resulting Points
If Proponent 1 proposes the lowest percentage contingency-based Rate of 10% for the above, it would receive 100% of the points allocated.	$10\% \div 10\% \times 60 \text{ Points}$	60 Points
If Proponent 2 proposes the second lowest percentage contingency-based Rate of 20% for the above, it would receive 100% of the points allocated.	$10\% \div 20\% \times 60 \text{ Points}$	30 Points
If Proponent 3 proposes the third lowest percentage contingency-based Rate of 40% for the above, it would receive 100% of the points allocated.	$10\% \div 40\% \times 60 \text{ Points}$	15 Points

Where \$0.00 is entered in any Rate cell, it is deemed to mean that the particular Service **will be provided to Customers at no additional cost**. Therefore, when evaluating and scoring the Rates, a Proposal specifying \$0.00 in a Rate cell in the Commercial Response shall receive the maximum point allocation for that particular Service. The remaining Proposals will be evaluated using a relative formula based on the remaining percentage of available points regardless of the Proposals of \$0.00 Rate as per below example.

EXAMPLE – WHERE FIVE (5) PROPOSALS WERE RECEIVED		
Number of Proposals with a proposed Rate of \$0.00 for a particular Service	The number of remaining Proposals with a Service Rate greater than \$0.00	The percentage (%) of the Service sub-point allocation for the remaining Proposals will be:
1	4	80%
2	3	60%
3	2	40%
4	1	20%

Where N/A or not applicable is entered in a Commercial Response cell or a Commercial Response cell is left blank for the Service, it is deemed to mean that the particular Service will **not be provided** to Customers. Therefore, when evaluating and scoring the Rates, a Proposal specifying N/A or not applicable, or left blank in Appendix B – Commercial Response will receive a zero (0) point allocation for that particular pricing section.

Stage III resulting scores per Eligible Proposal will be used when determining the cumulative score as described below in Section 3.5.

3.5 Stage IV – Cumulative Score

At this stage, the scores from Stages II, and III will be combined for each Eligible Proposal.

Subject to the express and implied rights of OECM; the Proponents with the highest scoring Eligible Proposals or all Proponents may become the Preferred Proponents, and be invited to negotiations, as further described below.

Reference checks will be performed to confirm or clarify information provided within the Proposal. The reference checks themselves will not be scored, however, OECM may adjust Technical Response scores related to the information obtained during the reference check.

3.6 Stage V – Tie Break Process

At this stage, where two (2) or more of the highest scoring Eligible Proposals achieve a tie score on completion of the Stage IV, OECM may invite all Proponents to negotiations or break the tie by selecting the Proposal with the highest score in Stage III – Commercial Response.

3.7 Stage VI – Negotiations

Concurrent negotiations, with the Preferred Proponents, will be based on the RFP Deliverables, and the Proposals, understanding that OECM is seeking the best overall solution and value for money for Customers.

The negotiations may include:

- (a) RFP Deliverables;
- (b) Master Agreement management (e.g., performance, KPIs, penalties, reporting);
- (c) Master Agreement terms and conditions;
- (d) Additional references, if required;
- (e) Rates; and,
- (f) Best and Final Offer.

OECM may also request supplementary information from a Preferred Proponent to verify, clarify or supplement the information provided in its Proposal or confirm the conclusions reached in the evaluation and may include requests by OECM for improved Rates.

OECM intends to complete negotiations within fifteen (15) calendar days after notification. If, for any reason, OECM and a Preferred Proponent fail to reach an agreement within the aforementioned timeframe, OECM may:

- i. Request the Preferred Proponent to submit its Best and Final Offer;
- ii. Terminate negotiations with that particular Preferred Proponent;
- iii. Extend the negotiation timeline; or,
- iv. Publish one (1) or some of the Suppliers, who have executed Master Agreements, within our promotional marketing launch.

Other Master Agreements, if successfully negotiated with other Preferred Proponents would be added to OECM's website at a later date.

Upon successful negotiations, the Preferred Proponent will be invited to execute a Master Agreement.

3.8 Stage VII – Master Agreement Finalization

The Preferred Proponent will be given five (5) Business Days to execute the Master Agreement, unless otherwise specified by OECM. Once the Master Agreement has been executed, Customers may execute a CSA.

OECM shall at all times be entitled to exercise its rights under Section 4.6.

APPENDIX D – SUPPLIER PERFORMANCE MANAGEMENT SCORECARD

Master Agreement performance means the Supplier aligns with OECM's three (3) pillars of Savings, Choice and Service, supporting the growth of the Master Agreement among Customers, and providing quality products and services at competitive Rates.

Supplier performance means the Supplier meets or exceeds the performance requirements described below and adheres to all the other contractual requirements.

As part of OECM's efforts to provide greater value to Customers, OECM has implemented a Supplier Recognition Program ("SRP"). Through the SRP, OECM will objectively assess Supplier's performance using an open, fair and transparent framework to recognize and reward top-performing suppliers on an annual basis.

To ensure Master Agreement requirements are met, the Supplier's performance will be measured and tracked by OECM to ensure:

- (a) On time delivery of high-quality Resources at the Master Agreement Rates or lower;
- (b) Customer satisfaction;
- (c) On-time Master Agreement activity reporting to OECM;
- (d) On-time Cost Recovery Fee remittance; and,

Reporting, as described in Appendix C – Supplier's Reporting Requirements is mandatory for the Supplier to submit as they provide evidence and justification of adherence to the Master Agreement. Through consolidation of reporting information, OECM provides Customers a thorough understanding of the Supplier's performance aiding the adoption of the Master Agreement.

By providing the reports, OECM is able to analyze and maintain the integrity of the Supplier's performance.

Failure, by the Supplier, to provide accurate reports by the due dates set out in Appendix C – Supplier Reporting Requirements may be deemed poor performance and will reflect on the Supplier's Performance Management Scorecard and SRP results.

During the Term of the Master Agreement, the Supplier shall collect and report the agreed upon results of the performance measures as requested by OECM. The Performance Management Scorecard and other performance indicators will be used to measure the Supplier's performance throughout the Term of the Master Agreement, ensuring Customers receive appropriate Services on time. The Supplier's performance score will be considered when OECM contemplates Master Agreement decisions such as:

- (a) The approval or rejection, in whole or in part, of the Supplier's Rate refresh requests;
- (b) The approval or rejection of the Supplier's request to add other related Resources to the Master Agreement;
- (c) Master Agreement extensions; and,
- (d) Master Agreement termination.

Additional penalties for failure to meet or rewards for exceeding the Master Agreement and/or Customer-Supplier Agreement requirements may be mutually agreed upon between the Customer and the Supplier, at the time of Customer-Supplier Agreement execution. Any penalty and/or reward shall be reported to OECM.

- (d) Not engage in any improper conduct to gain influence or competitive advantage especially that which would put OECEM or its Customers at risk of violating anti-bribery and/or anti-corruption laws. The Supplier must ensure that the requirements of all these applicable laws are met, and not engage in any form of corrupt practices including extortion, fraud or bribery;
- (e) Ensure that any outsourcing and/or subcontracting used to fulfill Services are identified and approved by the Customer and monitored to ensure compliancy with contractual obligations and adherence to OECEM's SCC. The Supplier must conduct business in an environmentally responsible and sustainable manner. The Supplier must comply with all applicable environmental laws, statutes and regulations, including, but not limited to, waste disposal (proper handling of toxic and hazardous waste), air emissions and pollution, to ensure that they meet all legal requirements and strive to prevent or mitigate adverse effects on the environment with a long-term objective of continual improvement.

- (a) Abide by OECM's SCC;
- (b) Report violations of the SCC or identify any Customer requests that might constitute violations; and,
- (c) Cooperate and collaborate with OECM and bring about the resolution of SCC compliance issues.

Compliance with SCC principles is a criterion that is taken into consideration in OECM's supplier selection process and ongoing performance and relationship management.

The practices adopted by the Supplier must be verifiable. Such verification may be conducted by way of a Supplier's self-evaluation and/or an audit completed by OECM at its discretion. The Supplier must provide, upon request, OECM with documents attesting to their compliance with the SCC.

In addition, OECM may elect to visit the Suppliers' facilities if OECM so chooses. Appropriate notice will be provided to the Supplier. Whenever a situation of non-compliance is identified, OECM will endeavor to work with the Supplier in order to develop a corrective plan to resolve the non-compliant issues in a timely manner.
