- (a) 5 School Boards;

Approximate purchases through these existing agreements from April 2020 to June 2024 is approximately four million, three hundred thousand dollars (\$4.3M).

Customers using OECM's current agreement are **not**, in any way, obligated to participate in any Master Agreement resulting from this RFP.

1.4.2 Customer Engagement

The following Customer was engaged with the development of the Deliverables set out in this RFP:

(a) Trillium Lakes School Board

The above Customers are **not**, in any way, committed to participating in the Master Agreement resulting from this RFP.

1.5 Award Strategy

OECM may, through this RFP process, enter into Master Agreements with one (1) or more Suppliers for the provision of the Services .

The Term is intended to be for five (5) years, with an option in favour of OECM to extend the Term on the same terms and conditions for up to two (2) additional years. Performance as set out in Appendix D – Supplier Performance Management Scorecard and, if applicable, Supplier Recognition Program evaluation results will be considered when contemplating a Master Agreement extension.

Customers participating in the Master Agreements will execute a CSA with a Supplier as attached in Appendix A – Form of Master Agreement. Prior to executing a CSA, the Customer may negotiate their unique requirements and further negotiate with the Supplier and mutually agree to additional terms and conditions (e.g., reporting, Rates specific to the Customer's requirements and volumes) ensuring the additional terms and conditions are not in any way inconsistent with the Master Agreement agreed to by OECM and the Supplier.

The Supplier must provide a copy of every CSA to OECM within thirty (30) days of execution.

1.5.1 No Contract until Execution of Written Master Agreement

This RFP process is intended to identify Proponents for the purpose of negotiation of potential Master Agreements. The negotiation process is further described in Part 3 – Evaluation of Proposals, Section 3.7 of this RFP.

No legal relationship or obligation regarding the procurement of any Services shall be created between the Proponent and OECM by this RFP process until the successful completion of negotiation and execution of a written Master Agreement for the provision of the Services has occurred.

The Master Agreement must be fully executed before the provision of any Deliverables commences.

1.5.2 Customer's Usage of Master Agreements

The establishment and use of the Master Agreement consists of a two (2) part process.

Part One, which is managed by OECM, is the creation of the Master Agreement through the issuance of this RFP, the evaluation of Proposals submitted in response to it and the negotiation and execution of the Master Agreement.

Part Two, the Second Stage Selection Process ("Second Stage") is managed by the Customer or by OECM on the Customer's behalf and is focused on the Customer's specific needs. Depending on the Customer's internal policies, and potential dollar value of the Services a Customer may:

- (a) Select a Supplier and sign a CSA; or,
- (b) Seek Rates and other relevant Service information specific to a Customer's organization (e.g., by issuing a non-binding request via a Second Stage tool (e.g., Request for Services ("RFS")), or Customer's process (e.g., directly or via an online e.tendering platform)) from the Supplier for their specific Service requirements (e.g., reporting, Rates, invoicing). If selected by the Customer, the Supplier shall provide the Services in accordance with the specifications stated in the Master Agreement and in the Customer's CSA.

When a Second Stage request is issued, which does not constitute a contract A, contract B situation, it will identify the required Services or it may request the Supplier to propose appropriate Services to fulfill the Customer's requirements and any other applicable information.

The Customer may negotiate their unique requirements (e.g., reporting, Rates, the length of time the Rates remain firm, invoicing) with the Supplier and mutually agree to additional terms and conditions ensuring the additional terms and conditions are not in any way inconsistent with the Master Agreement.

The Supplier must respond to a Second Stage request and, at minimum, the response should set out the following:

- (a) Proposed Services;
- (b) Number of Roles and experience levels required;
- (c) Approximate time period for the completion of the project including the estimated start date; and,
- (d) Final, net Rates. The Rates should be valid for a period of not less than ninety (90) days, or as requested by the Customer. Limited time offer Rates and/or promotional Rates must be specified by the Supplier, if applicable to the specific Second Stage request.

1.5.3 No Guarantee of Volume of Work or Exclusivity of Master Agreement

The volume information contained in this RFP constitutes an estimate and is supplied solely as a guideline to the Proponent. Such information is not guaranteed, represented, or warranted to be accurate, nor is it necessarily comprehensive or exhaustive.

Nothing in this RFP is intended to relieve the Proponent from forming its own opinions and conclusions with respect to the matters addressed in this RFP. Volumes are an estimate only and may not be relied on by the Proponent.

OECM makes no guarantee of the value or volume of work to be assigned to the Supplier.

The Master Agreement executed with the Supplier may not be an exclusive Master Agreement for the provision of the Deliverables. Customers may contract with others for the same or similar Deliverables to those described in this RFP.

PART 3 – EVALUATION OF PROPOSALS

3.1 Stages of Proposal Evaluation

OECM will conduct the evaluation of Proposals in the following stages:

Stage	Description	Refer to RFP Section	Scoring Methodology and Maximum Points (if applicable)	Minimum Threshold Requirement (if any)
Stage I	Qualification Response	3.2	Pass/Fail	Pass
Stage II	Technical Response	3.3	70	49 (70%)
Stage III	Commercial Response	3.4	30	15 (50%)
Stage IV	Cumulative Score	3.5	100	64
Stage V	Tie Break Process	3.6	Not Applicable	Not Applicable
Stage VI	Negotiations	3.7	Not Applicable	Not Applicable
Stage VII	Master Agreement Finalization	3.8	Not Applicable	Not Applicable

3.2 Stage I – Review of Qualification Responses (Pass/Fail)

Stage I will consist of a review to determine which Proposals comply with all qualification requirements.

The Proponent **must** complete the following forms in Ontario’s Tenders Portal (“OTP”) to qualify and proceed to the next stage of evaluation.

Title	OTP Envelope
Qualification Response	Qualification
Compliance with Form of Master Agreement	Qualification
Commercial Response (in Microsoft Excel format only)	Qualification

If the Proponent fails to insert information contained in the above forms, OECM may provide an opportunity to rectify such deficiency within a period of two (2) Business Days from notification thereof. Only Proponents satisfying the identified deficiencies within allotted time will proceed to Stage II.

Other than inserting the information requested on the qualification submission forms set out above, the Proponent may not make any changes to any of the forms. Any Proposal containing any such changes, whether on the face of the form or elsewhere in the Proposal, may be disqualified.

3.3 Stage II – Technical Response

Stage II will consist of an evaluation and scoring of the Technical Response of each Eligible Proposal.

The Technical Response includes a series of questions the Proponent is required to respond to in order to demonstrate the Proponent’s ability to fulfill the RFP Deliverables. Only information contained within the Technical Response will be evaluated in Stage II.

Only Proposals that meet or exceed the minimum thresholds will receive a **pass** in this stage and proceed to Stage III of the evaluation process.

Point allocations for the Technical Response sections are as follows:

Technical Response Sections	Available Points	Minimum Threshold
Proponent's Experience and Qualifications	35	24.5
Proponent's Performance and Service Approach	35	24.5
TOTAL POINTS:	70	49

Detailed sub-point allocations and minimum thresholds are set out in the Technical Response on OTP.

In the case that contradictory information or information that contains conditional statements is provided, OECM will determine whether the response complies with the requirements, and may seek clarification from the Proponent.

A Proposal that does not respond to a particular question (e.g., it is left blank) or contains a response of N/A or not applicable will receive a zero (0) score.

Stage II resulting scores per Proposal will be used when determining the cumulative score as described below in Section 3.5.

3.4 Stage III – Commercial Response

The Proponent **must** complete the Commercial Response, in Microsoft Excel format only, into the OTP Commercial Envelope for this stage of evaluation.

Upon the completion of Stage III of the evaluation, the Commercial Response will be opened for all Eligible Proposals.

Rates will be evaluated using a relative formula. See example below:

EXAMPLE OF COMMERCIAL RESPONSE EVALUATION FOR SECTION 3.5		
Proposed Rates	Calculation	Resulting Points
If Proponent 1 proposes the lowest overall Rate total of \$1000.00 for the eleven (11) Roles and Levels, it would receive 100% of the points allocated.	$\$1000 \div \1000×30 Points	30
If Proponent 2 proposes the second lowest overall Rate total of \$1500.00 for the eleven (11) Roles and Levels, it would receive 67% of the points allocated.	$\$1000 \div \1500×30 Points	20
If Proponent 3 proposes the third lowest overall Rate total of \$2000.00 for the eleven (11) Roles and Levels, it would receive 50% of the points allocated.	$\$1000 \div \2000×30 Points	15

Stage IV resulting scores per Eligible Proposal will be used when determining the cumulative score as described below in Section 3.5.

3.5 Stage IV – Cumulative Score

At this stage, the scores from Stages II and III will be combined for each Eligible Proposal

Subject to the express and implied rights of OECM; the Proponents with the highest scoring Eligible Proposals or all Proponents may become the Preferred Proponents, and be invited to negotiations, as further described below.

Reference checks could be performed to confirm or clarify information provided within the Proposal. The reference checks themselves will not be scored, however, OECM may adjust Technical Response scores related to the information obtained during the reference check.

3.6 Stage V – Tie Break Process

At this stage, where two (2) or more of the highest scoring Eligible Proposals achieve a tie score on completion of the Stage IV, OECM may invite all Proponents to negotiations or break the tie by selecting the Proposal with the highest score in Stage III – Commercial Response.

3.7 Stage VI – Negotiations

Concurrent negotiations, with the Preferred Proponents, will be based on the RFP Deliverables, and the Proposals, understanding that OECM is seeking the best overall solution and value for money for Customers.

The negotiations may include:

- (f) Best and Final Offer.

OECM may also request supplementary information from a Preferred Proponent to verify, clarify or supplement the information provided in its Proposal or confirm the conclusions reached in the evaluation and may include requests by OECM for improved Rates.

OECM intends to complete negotiations within fifteen (15) calendar days after notification. If, for any reason, OECM and a Preferred Proponent fail to reach an agreement within the aforementioned timeframe, OECM may:

- i. Request the Preferred Proponent to submit its Best and Final Offer;

Supplier performance means the Supplier meets or exceeds the performance requirements described below and adheres to all the other contractual requirements.

As part of OECM's efforts to provide greater value to Customers, OECM has implemented a Supplier Recognition Program ("SRP"). Through the SRP, OECM will objectively assess Supplier's performance using an open, fair and transparent framework to recognize and reward top-performing suppliers on an annual basis.

To ensure Master Agreement requirements are met, the Supplier's performance will be measured and tracked by OECM to ensure:

- (a) On time delivery of high-quality Resources at the Master Agreement Rates or lower;
- (b) Customer satisfaction;

By providing the reports, OECM is able to analyze and maintain the integrity of the Supplier's performance.

Failure, by the Supplier, to provide accurate reports by the due dates set out in Appendix C – Supplier Reporting Requirements may be deemed poor performance and will reflect on the Supplier's Performance Management Scorecard and SRP results.

During the Term of the Master Agreement, the Supplier shall collect and report the agreed upon results of the performance measures as requested by OECM. The Performance Management Scorecard and other performance indicators will be used to measure the Supplier's performance throughout the Term of the Master Agreement, ensuring Customers receive appropriate Services on time. The Supplier's performance score will be considered when OECM contemplates Master Agreement decisions such as:

- (a) The approval or rejection, in whole or in part, of the Supplier's Rate refresh requests;
