ELECTRIC VEHICLE SUPPLY EQUIPMENT AND RELATED SERVICES

REQUEST FOR PROPOSALS #2024-456

Request for Proposals Timetable	
Event	Time/Date
OECEM's Issue Date of Request for Proposals:	October 31, 2024
Proponent's Information and Ontario Tenders Portal Demonstration Session:	2:00 pm on November 4, 2024
Proponent's Deadline to Submit Questions:	5:00 pm on November 7, 2024
OECEM's Deadline for Issuing Answers:	November 13, 2024
Proponent's Deadline to Submit Questions Related to Addenda & Question and Answer Documents:	5:00 pm on November 18, 2024
OECEM's Deadline for Issuing Final Documents:	November 22, 2024
Proponent's Intent to Submit a Proposal:	November 27, 2024
Closing Date:	2:00:00 pm on December 9, 2024
Anticipated Master Agreement Start Date:	January 2025

All times specified in this timetable are local times in Toronto, Ontario, Canada

OECEM shall not be obligated in any manner to any Proponent whatsoever until a written Master Agreement has been duly executed with a Supplier.

APPENDIX H – ONTARIO COUNTIES, DISTRICTS, REGIONS, AND SINGLE-TIER LOCATIONS		62

PART 1 – INTRODUCTION

This non-binding Request for Proposals (“RFP”) is an invitation to obtain Proposals from qualified Proponents for Electric Vehicle Supply Equipment (“EVSE”) and Related Services (“Services”) as described in Part 2 – The Deliverables.

The EVSE and Services, as further described in Part 2 – The Deliverables are in two (2) Categories:

- (a) Category A – Level Three (3) Direct Current (“DC”) Fast Charge EVSE; and,
- (b) Category B – Level Two (2) EVSE.

The Proponent may submit a Proposal for one (1), or both Categories. Each Category will be evaluated, scored, and awarded independently. Refer to Part 3 – Evaluation of Proposals for more information.

Master Agreements will not be awarded by a particular geographical area. The Proponent will, however, identify the Ontario Counties, Districts, Regions, and/or Single-Tier locations (refer to Appendix H) where it is able to provide EVSE and Services. Other geographical locations can be added during the Term of the Master Agreement. This information will be shared with Customers, post-award, to support their purchasing activities (e.g., Second Stage Selection Process (“Second Stage”)).

This RFP is issued by OECM.

1.1 Objective of this RFP

The objective of this RFP is to:

- (a) Establish Master Agreements with pre-qualified Suppliers that are experienced in providing EVSE and Services to satisfy Customer requirements;
- (b) Provide knowledgeable Suppliers able to support and update Customers about EVSE incentives (e.g., governmental);
- (c) Provide EVSE and Services that are built on current technologies, ensuring they are regularly updated, supported, and maintained;
- (d) Provide technical guidance to help Customers anticipate challenges and costs from the planning stage; and,
- (e) Reduce the costs of associated competitive procurement processes on an ongoing basis (i.e., fewer competitive procurement documents issued by Customers).

1.2 Supplier Experience and Qualifications

The Supplier shall:

- (a) Possess appropriate experience, qualifications, and demonstrated knowledge relative to the requirements in this RFP; and,
- (b) Ensure its employees and Subcontractors are appropriately certified to perform Services.

1.3 Authorized Reseller

The Proponent shall be the Original Equipment Manufacturer (“OEM”) or an Authorized Reseller of the Deliverables, and provide the appropriate resources with associated skills, experience and knowledge to fulfill RFP requirements.

Where components comprising the Deliverables are not manufactured by the Supplier, the OEM of those components shall be deemed to be a Supplier’s Subcontractor and the Supplier shall be responsible for providing those components to the Customer on the terms and conditions of the Master Agreement and Customer-Supplier Agreement (“CSA”).

The Proponent must have maintained its status as an Authorized Reseller in good standing with the OEM for at least the past two (2) years. The Supplier's Authorized Reseller status shall be maintained throughout the Term of the Master Agreement ("Term"), with any changes of status to be communicated to OEM within five (5) Business Day of such change.

1.4 Project Background

OECM currently has agreements with four (4) suppliers for Electric Vehicle Charging Stations and Related Services. This RFP is a retender for these agreements. Fifteen (15) Customers are currently using OECM's existing agreements, including nine (9) from the education sector, five (5) from municipalities, and one (1) from the hospital sector.

Customers using OECM's current agreements are **not**, in any way, obligated to participate in any Master Agreement resulting from this RFP.

1.4.1 Historical Spend

Approximate purchases through the existing agreements from November 2019 to December 2023 was two and a half million dollars (\$2,500,000).

1.5 Award Strategy

OECM may, through this RFP process, enter into Master Agreements with one (1) or more Suppliers, per Category, for the provision of the EVSE and Services.

The Term is intended to be for six (6) years, with an option in favour of OECM to extend the Term on the same terms and conditions for up to two (2) additional years. Performance as set out in Appendix D – Supplier Performance Management Scorecard and, if applicable, Supplier Recognition Program evaluation results will be considered when contemplating a Master Agreement extension.

Customers participating in the Master Agreements will execute a CSA with a Supplier as attached in Appendix A – Form of Master Agreement. Prior to executing a CSA, the Customer may negotiate their unique requirements and further negotiate with the Supplier and mutually agree to additional terms and conditions (e.g., reporting, Rates specific to the Customer's requirements and volumes) ensuring the additional terms and conditions are not in any way inconsistent with the Master Agreement agreed to by OECM and the Supplier.

The Supplier must provide a copy of every CSA to OECM within thirty (30) days of execution.

1.5.1 No Contract until Execution of Written Master Agreement

This RFP process is intended to identify Proponents for the purpose of negotiation of potential Master Agreements. The negotiation process is further described in Part 3 – Evaluation of Proposals, Section 3.7 of this RFP.

No legal relationship or obligation regarding the procurement of any EVSE and/or Services shall be created between the Proponent and OECM by this RFP process until the successful completion of negotiation and execution of a written Master Agreement for the provision of the EVSE and/or Services has occurred.

The Master Agreement must be fully executed before the provision of any Deliverables commences.

1.5.2 Customer's Usage of Master Agreements

The establishment and use of the Master Agreement consists of a two (2) part process.

Part One, which is managed by OECM, is the creation of the Master Agreement through the issuance of this RFP, the evaluation of Proposals submitted in response to it and the negotiation and execution of the Master Agreement.

Part Two, the Second Stage Selection Process ("Second Stage") is managed by the Customer or by OECM on the Customer's behalf and is focused on the Customer's specific needs. Depending on the Customer's internal policies, and the potential dollar value of the EVSE and/or Services a Customer may:

- (a) Select a Supplier, obtain Rates, sign a CSA, and then immediately obtain EVSE based on the Master Agreement terms and conditions; or,
- (b) Seek Rates and other relevant EVSE and/or Services information specific to a Customer's organization (e.g., by issuing a non-binding request via a Second Stage tool, or Customer's process (e.g., directly or via an online e-tendering platform)) from the Supplier for their specific EVSE and Service requirements (e.g., proposed EVSE, delivery, reporting, installation, repair, maintenance (e.g., maintenance in existing EVSE), warranty, delivery, invoicing). If selected by the Customer, the Supplier shall provide the EVSE and/or Services in accordance with the specifications stated in the Master Agreement and in the Customer's CSA.

When a Second Stage request is issued, which does not constitute a contract A, contract B situation, it will identify the required EVSE and/or Services, or it may request the Supplier to propose appropriate EVSE and/or Services to fulfill the Customer's requirements and any other applicable information.

The Customer may negotiate their unique requirements (e.g., proposed EVSE, delivery, reporting, installation, repair, maintenance, warranty, delivery, invoicing) with the Supplier and mutually agree to additional terms and conditions ensuring the additional terms and conditions are not in any way inconsistent with the Master Agreement.

The Supplier must respond to a Second Stage request, and, at minimum, the response should set out the following:

- (a) Proposed EVSE and/or Services to meet Customers' needs (i.e., RFP Deliverables); and,
- (b) Final, net Rates. The Rates should be valid for a period of not less than ninety (90) days, or as requested by the Customer. Limited-time offer Rates and/or promotional Rates must be specified by the Supplier, if applicable to the specific Second Stage request.

1.5.3 No Guarantee of Volume of Work or Exclusivity of Master Agreement

The volume information contained in this RFP constitutes an estimate and is supplied solely as a guideline to the Proponent. Such information is not guaranteed, represented, or warranted to be accurate, nor is it necessarily comprehensive or exhaustive.

Nothing in this RFP is intended to relieve the Proponent from forming its own opinions and conclusions with respect to the matters addressed in this RFP. Volumes are an estimate only and may not be relied on by the Proponent.

OECM makes no guarantee of the value or volume of work to be assigned to the Supplier.

The Master Agreement executed with the Supplier may not be an exclusive Master Agreement for the provision of the Deliverables. Customers may contract with others for the same or similar Deliverables to those described in this RFP.

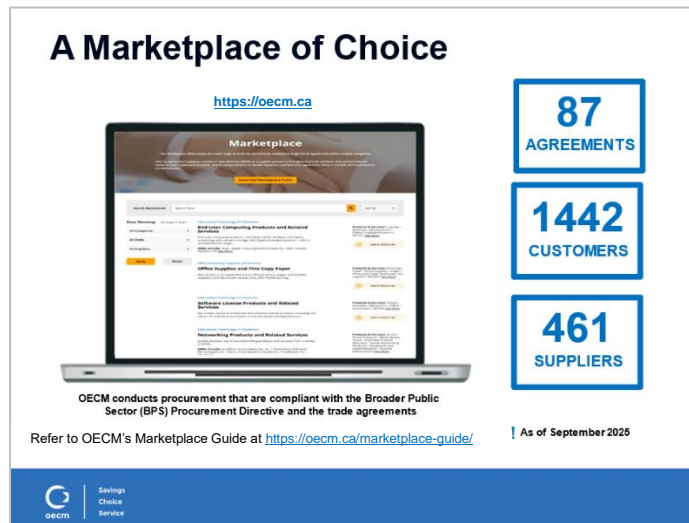

1.6 About OECM

OECM is a trusted not-for-profit partner for Ontario's educational entities (e.g., school boards or authorities, Provincial and Demonstration Schools Branch with the Ontario Ministry of Education, colleges, and universities, and may also include Private Schools and Private Career Colleges), health and social service entities, hydro, Local Housing Corporations, the Legislative Assembly, Municipalities and related Service Organizations, not-for-profit organizations, Ontario Electricity Financial Corporation, Ontario Power Authority, provincially funded organizations ("PFO"), shared service organizations, utilities and local boards, and any other Ontario Broader Public Sector ("BPS") agency, Ontario Public Service ("OPS") ministry, agency, board or commission, Crown corporations, First Nations federal agencies, Indigenous Organizations and Communities, and other provincial, territorial and federal public sector entities/agencies or similar entities not mentioned here.

OECM contracts with innovative, reputable Suppliers to offer a comprehensive choice of collaboratively sourced and competitively priced products and services through its Marketplace, the goal of which is to generate significant value and savings, quality of choice and consistent service for its Customers. In addition to the Marketplace, OECM offers contract management services, procurement advisory services, business analytics, and opportunities for knowledge sharing.

Recognizing the power of collaboration, OECM is committed to fostering strong relationships with both Customers and suppliers by:

- (a) Actively sourcing products and services in an open, fair, transparent and competitive manner, compliant with BPS Procurement Directive and applicable trade agreements;
- (b) Establishing, promoting and managing product and service agreements used throughout its Customer community;
- (c) Supporting Customers' access and use of OECM agreements through analysis, reporting and the development of tools, guides, and other materials;
- (d) Effectively managing supplier contract performance while harnessing expertise and innovative ideas, to drive continuous improvements through a Supplier Relationship Management program;
- (e) Promoting OECM's Supplier Code of Conduct, based on its core values of collaboration, responsiveness, integrity, innovation, and respect, to ensure that all supplier partners adhere to a set standard when conducting business with OECM and its Customers resulting in continuous, long-term success; and,
- (f) Supporting supplier partners through a Supplier Recognition Program that aims to drive long-term performance by recognizing and motivating Suppliers to deliver continued savings, value, choice, and service to Customers.

1.6.1 Use of OECM Master Agreements

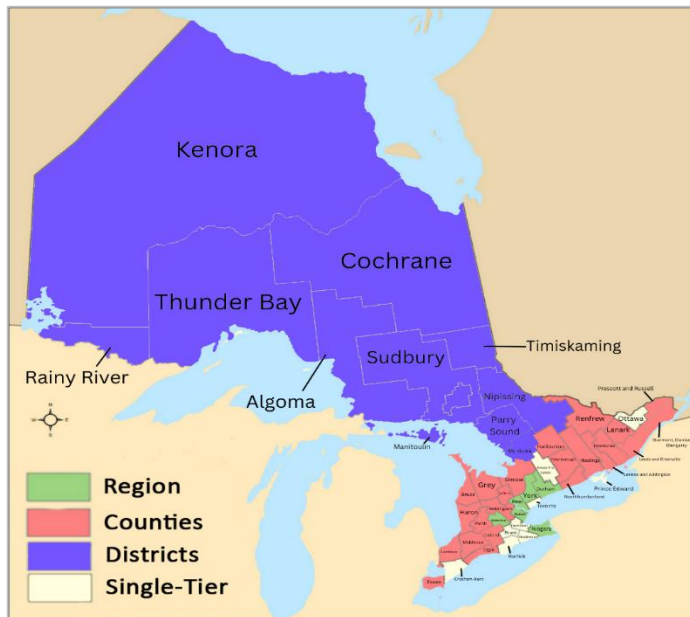

As of August 2024, over fourteen hundred (1,300) Customers were using one (1) or more OECM agreements with a cumulative spend of more than four (4) billion dollars.

More information about OECM is available on our website – <https://oecm.ca>.

1.6.2 OECM Geographical Zones

OECM Customers, in Ontario, are located in County, District, Region, or Single-Tier locations.

Refer to Appendix H for more information about these geographical locations.

1.6.3 The Ontario Broader Public Sector Procurement Directive

OECM, and the BPS Customers they service, follow the Ontario BPS Procurement Directive. The directive sets out rules for designated BPS entities on the purchase of goods and services using public funds.

The Procurement Directive is available here [Broader Public Sector Procurement Directive \(ontario.ca\)](https://www.ontario.ca/government/bps-procurement-directive)

1.6.4 Trade Agreements

OECEM procurements are undertaken within the scope of Chapter 5 of the Canadian Free Trade Agreement ("CFTA"), Chapter 19 of the Comprehensive Economic and Trade Agreement ("CETA"), and within the scope of the Trade and Cooperation Agreement between Quebec and Ontario and are subject to such agreements, although the rights and obligations of the parties shall be governed by the specific terms of this RFP. For more information, refer to the Section 4.6.11.

[End of Part 1]

PART 1A – RULES OF INTERPRETATION AND DEFINITIONS

1A.1 Rules of Interpretation

This RFP shall be interpreted according to the following provisions unless the context requires a different meaning:

- (a) Unless the context otherwise requires, wherever used herein the plural includes the singular, the singular includes the plural, and each of the masculine and feminine includes the other gender;
- (b) Words in the RFP shall bear their natural meaning;
- (c) References containing terms such as “includes” and “including”, whether or not used with the words “without limitation” or “but not limited to”, shall not be deemed limited by the specific enumeration of items but shall, in all cases, be deemed to be without limitation and construed and interpreted to mean “includes without limitation” and “including without limitation”;
- (d) In construing the RFP, general words introduced or followed by the word “other” or “including” or “in particular” shall not be given a restrictive meaning because they are followed or preceded (as the case may be) by particular examples intended to fall within the meaning of the general words;
- (e) Unless otherwise indicated, time periods will be strictly applied; and,
- (f) The following terminology applies in the RFP:
 - i. The terms “must” and “shall” relate to a requirement the Supplier will be obligated to fulfil. Whenever the terms “must” or “shall” are used in relation to OEM or the Supplier, such terms shall be construed and interpreted as synonymous and shall be construed to read “OEM shall” or the “Supplier shall”, as the case may be;
 - ii. The term “should” relates to a requirement that OEM would like the Supplier to fulfil; and,
 - iii. The term “will” describes a procedure that is intended to be followed.

1A.2 Definitions

Unless otherwise specified in this RFP, capitalized words and phrases have the meaning set out in Appendix A – Form of Master Agreement attached to this RFP.

“Applicable Law” means any common law requirement and all applicable and enforceable statutes, regulations, directives, policies, administrative interpretations, orders, by-laws, rules, guidelines, approvals and other legal requirements of any government and/or regulatory authority in effect from time to time;

“Authorized Reseller” means a Person that is authorized by the OEM to market, advertise, sell and distribute the EVSE;

“Broader Public Sector” or “BPS” means:

- (a) every hospital (i.e., public hospital, private hospital that received public funds in the previous fiscal year of the Government of Ontario, a community health facility within the meaning of the Oversight of Health Facilities and Devices Act that was formerly licensed under the Private Hospitals Act and that received public funds in the previous fiscal year of the Government of Ontario, and the University of Ottawa Heart Institute);
- (b) every school board,
- (c) every university in Ontario;
- (d) every college of applied arts and technology and post-secondary institution;
- (e) every agency designated as a children’s aid society under subsection 34 (1) of Part III of the *Child, Youth and Family Services Act, 2017*;

- (f) every corporation controlled by one (1) or more designated Broader Public Sector organizations that exists solely or primarily for the purpose of purchasing goods or services for the designated Broader Public Sector organizations;
- (g) every publicly funded organization that received public funds of 10 million dollars or more in the previous fiscal year of the Government of Ontario; and,
- (h) every organization that is prescribed for the purposes of this definition;

See <https://www.ontario.ca/page/broader-public-sector-accountability>;

See <https://www.ontario.ca/page/find-school-board-or-school-authority>; and,

See <https://www.ontario.ca/page/go-college-or-university-ontario>;

“Business Day” or **“Day”** means Monday to Friday between the hours of 9:00 a.m. to 5:00 p.m. for OECM, as specified in the Customer’s CSA, or agreed to by the parties in writing, except when such a day is a public holiday, as defined in the *Employment Standards Act* (Ontario);

“Closing Date” means the Proposal submission date and time as set out in OTP and in Section 4.1.1 and may be amended from time to time in accordance with the terms of this RFP;

“Commercial Envelope” means an area in OTP where the Proponent would upload its completed Commercial Response;

“Commercial Response” means the Rates the Proponent uploads to OTP within Appendix B – Commercial Response as part of the Commercial Envelope;

“Confidential Information” means confidential information of OECM and/or any Customer (other than confidential information which is disclosed to the Preferred Proponent in the normal course of the RFP) where the confidential information is relevant to the Deliverables required by the RFP, its pricing or the RFP evaluation process, and includes all information concerning the business or affairs of the party or its directors, governors, trustees, officers or employees that is of a confidential nature, which information if in written or other tangible form, is clearly designated as confidential, or if disclosed orally, is designated as confidential in a written memorandum delivered by the disclosing party promptly following such disclosure. For the purposes of greater certainty, Confidential Information shall:

- (a) Include: (i) all new information derived at any time from any such Confidential Information whether created by OECM, the Customer, the Proponent or any third-party; (ii) all information (including Personal Information) that OECM or the Customer is obliged, or has the discretion, not to disclose under provincial or federal legislation; and, (iii) pricing under this RFP;
- (b) not include information that: (i) is or becomes generally available to the public without fault or breach on the part of the disclosing party of any duty of confidentiality owed by it hereunder; (ii) the disclosing party can demonstrate to have been rightfully obtained it, without any obligation of confidence, from a third-party who had the right to transfer or disclose it to the disclosing party free of any obligation of confidence; (iii) the disclosing party can demonstrate to have been rightfully known to or in the possession of it at the time of disclosure, free of any obligation of confidence when disclosed; or (iv) is independently developed by the disclosing party; but the exclusions in this subparagraph shall in no way limit the meaning of Personal Information or the obligations attaching thereto under the Contract or at law;

“Conflict of Interest” includes, but is not limited to, any situation or circumstance where:

- (a) in relation to the RFP process, the Proponent has an unfair advantage or engages in conduct, directly or indirectly, that may give it an unfair advantage, including, but not limited to (i) having or having access to information in the preparation of its Proposal that is confidential to OECM and not available to other respondents; (ii) communicating with any person with a view to influencing preferred treatment in the RFP process; or (iii) engaging in conduct that compromises or could reasonably be seen to compromise the integrity of the open and competitive RFP process and render that process non-competitive and unfair; or,
- (b) in relation to the performance of its contractual obligations in an OECM contract, the Proponent’s other commitments, relationships or financial interests (i) could or could reasonably be seen to exercise an improper influence over the objective, unbiased and impartial exercise of its independent judgement; or

(ii) could or could reasonably be seen to compromise, impair or be incompatible with the effective performance of its contractual obligations;

“Consortium” means when more than one (1) business entity (i.e., Consortium members) agree to work together and submit one (1) Proposal to satisfy the requirements of the RFP. One (1) of the Consortium members shall identify itself as the Proponent and assume full responsibility and liability for the work and actions of all Consortium members;

“Cost Recovery Fee” or **“CRF”** means a fee, which contributes to the recovery of OECEM’s operating costs as a not-for-profit/non share capital corporation, which is based on the before tax amount invoiced by the Supplier to Customers for Deliverables acquired through OECEM’s competitively sourced agreements. Once Customer-Supplier Agreements have been executed, this fee is remitted by the Supplier to OECEM on a quarterly basis;

“Customer” means an organization such as educational entities (e.g., school boards or authorities, Provincial and Demonstration Schools Branch with the Ontario Ministry of Education, colleges, and universities, and may also include Private Schools and Private Career Colleges), health and social service entities, hydro, Local Housing Corporations, the Legislative Assembly, Municipalities and related Service Organizations, not-for-profit organizations, Ontario Electricity Financial Corporation, Ontario Power Authority, provincially funded organizations (“PFO”), shared service organizations, utilities and local boards, and any other Ontario Broader Public Sector (“BPS”) agency, Ontario Public Service (“OPS”) ministry, agency, board or commission, Crown corporations, First Nations federal agencies, Indigenous Organizations and Communities, and other provincial, territorial and federal public sector entities/agencies or similar entities not mentioned here;

“Customer-Supplier Agreement” or **“CSA”** means a schedule attached to the Master Agreement, which is executed between Customers and a Supplier for the provision of any Deliverables in this RFP specific to their organization;

“Deliverable” means all EVSE and related Services to be provided or performed by the Supplier, under the Master Agreement, and includes everything that is necessary to be supplied, provided or delivered by the Supplier within scope of the resulting Master Agreement;

“Eligible Proposal” means a Proposal that meets or exceeds the prescribed requirement, proceeding to the next stage of evaluation;

“EVSE” means all Electric Vehicle Supply Equipment (e.g., level 2, level 3) to be provided by the Supplier, under the Master Agreement, and includes everything that is necessary to be supplied, provided or delivered by the Supplier;

“Local Housing Corporation” means a local housing corporation as defined in the *Housing Services Act, 2011, S.O. 2011, c. 6, Sched. 1*;

“Manufacturer Suggested Retail Price” or **“MSRP”** Means the price recommended by the Original Equipment Manufacturer (“OEM”) for an EVSE to be sold at the point of sale;

“Master Agreement” means the agreement to be made between the Preferred Proponent and OECEM based on the template attached as Appendix A – Form of Master Agreement with negotiated changes, together with all schedules and appendices attached thereto and all other documents incorporated by reference therein, as amended from time to time by agreement between OECEM and the Supplier;

“Municipalities” means municipalities in Ontario under the *Municipal Act*, the *City of Toronto Act* (for the City of Toronto), *District Municipality of Muskoka Act* (for the District of Muskoka), *Regional Municipalities Act* (for the regional municipalities of Durham, Halton, Niagara, Peel, Waterloo and York), every local board in Ontario as defined in the *Municipal Affairs Act and the Municipal Act* ([List of Ontario municipalities | Ontario.ca](#)) and related Service Organizations;

“OECEM” means the Ontario Education Collaborative Marketplace;

“OECEM’s Deadline for Issuing Final Addenda” means the date and time as set out in Section 4.1.1 of this RFP and may be amended from time to time in accordance with the terms of this RFP;

“Ontario Public Service” or **“OPS”** means Ontario Public Service entities, the ministries and other administrative units of Ontario over which ministers of Ontario preside (including their agencies, boards, commissions, and Crown corporations);

“Ontario Tenders Portal” or **“OTP”** means the electronic tendering platform <https://ontariotenders.app.jaggaer.com/esop/nac-host/public/web/login.html> through which a Proponent’s Proposal must be submitted by the Closing Date;

“Original Equipment Manufacturer” or **“OEM”** is the manufacturer of the EVSE or a part or component of the EVSE;

“Personal Information” has the same definition as in subsection 2(1) of FIPPA and in subsection 2(1) of MFIPPA, that is, recorded information about an identifiable individual or that may identify an individual and includes all such information obtained by the Proponent from OEM or the Customer or created by the Proponent pursuant to the RFP;

“PFO” means a provincially funded organization;

“Preferred Proponent” means the Proponent that is invited into negotiations in accordance with the evaluation process set out in this RFP;

“Product Term Warranty Period” means a maintenance, warranty and/or a software licence period that extends beyond the Expiry Date in respect of maintenance, warranty and/or software licence for an EVSE and Related Services purchased prior to the Expiry Date;

“Proponent” means an entity that submits a Proposal in response to this RFP and, as the context suggest, refers to a potential Proponent;

“Proposal” means all documentation and information submitted by a Proponent in response to the RFP;

“Purchasing Card” or **“P-Card”** means the corporate charge cards used by the Customer, as may be changed from time to time;

“Qualification Envelope” means an area in OTP where the Proponent would complete its Qualification Response;

“Qualification Response” means the information the Proponent is required to submit within OTP as part of the Qualification Envelope;

“Rates” means the minimum percentage discount off MSRP, in Canadian funds, for the Deliverables as set out in the Proponent’s submitted Appendix B - Commercial Response;

“Request for Proposals” or **“RFP”** means this Request for Proposals #2024-456 issued by OEMC, including all appendices and addenda thereto;

“Second Stage Selection Process” or **“Second Stage”** means a request from one (1) or more Suppliers via a Second Stage tool (e.g., Customer’s process (e.g., directly or via an online e-tendering platform) from a Customer or from OEMC on behalf of a Customer, seeking Rates and relevant EVSE and/or Services specific to a Customer’s organization;

“Service” means all related Service Deliverables to be provided or performed by the Supplier, under the Master Agreement, and includes everything that is necessary to be supplied, provided or delivered by the Supplier;

“Subcontractor” includes the Supplier’s subcontractors or third-party providers or their respective directors, officers, agents, employees or independent contractors, who shall fall within the meaning of Supplier for the purposes of the Master Agreement as mutually agreed upon by the Customer;

“Supplier” means a Preferred Proponent who has fully executed a Master Agreement with OEMC and has assumed full liability and responsibility for the provision of Deliverables pursuant to the Master Agreement either as a single Supplier or a lead Supplier engaging other suppliers or Subcontractors;

“Technical Envelope” means an area in OTP where the Proponent would complete its Technical Response;

“Technical Response” means the information, which will be evaluated and scored, the Proponent submits within OTP as part of the Technical Envelope;

“Term” has the meaning set out in Section 1.5 of this RFP; and,

“Unfair Advantage” means any conduct, direct or indirect, by a Proponent that may result in gaining an unfair advantage over other Proponents, including, but not limited to (i) possessing, or having access to, information in the preparation of its Proposal that is confidential to OEMC and which is not available to other Proponents, (ii) communicating with any person with a view to influencing, or being conferred preferred treatment in, the RFP process, or (iii) engaging in conduct that compromises or could be seen to compromise the integrity of the RFP process and result in any unfairness.

[End of Part 1A]

PART 2 – THE DELIVERABLES

This Part of the RFP describes the EVSE and Service Deliverables which will be incorporated into the final Master Agreement.

OECM requires that the Proponent has a clear and comprehensive understanding of the RFP requirements (i.e., Part 2 – The Deliverables). The Proponent will be required to indicate their agreement accordingly in the Form of Offer in the Qualification Envelope on OTP.

The Supplier shall provide all RFP Deliverables.

2.1 EVSE and Related Service Categories

This RFP has two (2) Categories.

- (a) Category A - Level Three (3) Direct Current (“DC”) Fast Charge EVSE– capable of supplying an output power rating between 20 kW and 350 kW; with an Input voltage of 480 VAC three-phase. Essential for long-distance travel and situations where quick recharging is required (e.g., major commercially available electric vehicles sold in Canada, including both light and heavy-duty vehicles such as Electric Buses (“E-buses”), long-distance fleet vehicles, conventional electric vehicle); and,
- (b) Category B - Level Two (2) EVSE – capable of supplying an output power rating between 3.6 kW and 19.9 kW, with an input voltage 208/240 VAC single/split phase; Common in public charging stations and residential installations (e.g., conventional electric vehicle, delivery vans, light-duty fleet vehicles).

All Deliverables are applicable to both Categories.

2.2 Description of Deliverables

The Supplier shall provide various EVSE and Services, such as:

- (a) Design Services;
- (b) EVSE Hardware;
- (c) Data Services;
- (d) Project Management Services;
- (e) Construction Services;
- (f) Installation, Commissioning, and Testing Services;
- (g) Training Services;
- (h) Maintenance Services;
- (i) Warranty Services; and,
- (j) Other Optional EVSE and Services.

2.3 Design Services

The Supplier shall provide Design Services including, but not limited to:

- (a) Providing design drawings (e.g., electrical design, site plan), and specifications. Drawings shall be stamped by a professional engineer;
- (b) Providing security infrastructure planning and design (e.g., emerging standards for safety and performance, protection against vandalism, user access control and authentication systems, electrical safety) in compliance with any applicable regulations;

- (c) Collecting, recognizing, and recording Customer requirements, integrating them into the necessary design processes, and ensuring all designs adhere to the specifications outlined by the Customer;
- (d) Ensuring that the design processes are optimized to incorporate robust security measures that are both tamper-proof and vandalism-proof (e.g., tamper-resistant screws, anti-vandalism hardware, locked enclosures, and graffiti-resistant coating);
- (e) Ensuring the EVSE is designed in compliance with the OEM's instructions;
- (f) Utilizing existing Customer EVSE where possible, if needed;
- (g) Conducting a thorough risk assessment before implementing;
- (h) Developing detailed design drawings for all EVSE installations, encompassing dimensions, placement, and specifications.
- (i) Designing bilingual signage essential for ensuring the safe operation of EVSEs, in compliance with relevant regulations and standards;
- (j) Designing signage to help navigate customers to the EVSE;
- (k) Clearly identifying the location of the EVSE on-site, with signage indicating that parking is reserved for EVSE only;
- (l) Providing recommendations for EVSE materials and fabrication methods that meet durability, weather-resistance, and safety standards, while also aligning with budgetary constraints;
- (m) Providing comprehensive documentation (e.g., diagrams, design schematics, technical specifications, visual mock-ups) to demonstrate how all the EVSE will be integrated and to facilitate Customer review and approval; and
- (n) Utilizing innovative design techniques and technologies, where applicable, to enhance the aesthetic appeal, functionality, and effectiveness of EVSE.

2.4 EVSE

The Supplier shall provide quality EVSE including, but not limited to:

- (a) Providing hardware and software compatible with all major commercially available electric vehicles sold in Canada including both light and heavy-duty vehicles (e.g., cars, vans, electric buses), ensuring they are new, never used, of the latest model from the manufacturer, and not re-manufactured;
- (b) Supplying and delivering wall-mounted or pedestal/stand-alone EVSE, in single or dual configurations;
- (c) Offering networked or smart EVSE, as well as non-networked options;
- (d) Ensuring all connectors are capable of charging simultaneously (e.g., a dual pedestal mount must charge both stalls at the same time);
- (e) Enabling the ability of power-sharing or demand management from a single circuit between a single- or dual-port EVSE;
- (f) Equipping chargers with applicable charging connectors (e.g., SAE J1772, NACS, CHAdeMO, Combined Charging System ("CCS"));
- (g) Adding the EVSE to a mapping system and/or EVSE network;
- (h) Ensuring safety and regulatory compliance;
- (i) Technical support available by telephone during Business Days;
- (j) Providing EVSE accessories (e.g., remote broadcast antenna, mounting bracket, bollards, replacement cable management systems, replacement connectors, fixed holster, and retractable cables, signage);

- (k) Ensuring suitability for indoor and outdoor operation, capable of withstanding extreme temperatures (e.g., ranging from -30 °C to 50 °C) and humidity levels (e.g., operational humidity up to ninety-five percent (95%) (non-condensing));
- (l) Ensuring compliance with the minimum National Electrical Manufacturers Association (“NEMA”) standards applicable for EVSE to protect the components from environmental damage (e.g., NEMA 3R, NEMA 4X);
- (m) Providing access to charge with or without authentication (e.g., Radio-Frequency Identification (“RFID”) card, mobile app-based authentication, payment options);
- (n) Establishing access control that prevents the EVSE from dispensing electricity unless approved by authorization methods (e.g., fob/RFID, payment);
- (o) Providing EVSE with a wide range of charging power per Category A (e.g., 20 kW to 350 kW), and/or Category B (e.g., 2.5 kW to 19.2 kW).
- (p) Allowing voltage options per Category A (e.g., 480 VAC), and/or Category B (e.g., 208VAC, 240VAC);
- (q) Integrating status indicators (e.g., LED indicator: green for available, white for in use));
- (r) Ensuring permanent labeling with EVSE identification information (e.g., manufacturer’s name, model, serial number) in a conspicuous and protected location;
- (s) Incorporating safety and security features (e.g., overcurrent protection, Ground Fault Circuit Interrupt (“GFCI”), ground verification, stuck relay detection, reset switch to avoid Customer manipulation in the internal EVSE);
- (t) Ensuring the screen display is user-friendly and easy to operate, readable in direct sunlight and at night, utilizing current technologies (e.g., Liquid Crystal Display (“LCD”), Light-Emitting Diode (“LED”));
- (u) Providing notification to users that charging is complete, or alternatively providing an application that allows users to check charging status;
- (v) Providing users with real-time information (e.g., the location of EVSEs, a user-friendly map, a user account with secure payment information, costs, current technical difficulties, and if requested by the Customer, availability through websites such as plugshare.com);
- (w) Providing maintenance manuals for each EVSE shipped and include instruction leaflets, instruction bulletins, and renewal parts lists where applicable, for the complete EVSE and each major component.

2.4.1 EVSE Electric Buses

The Supplier should provide EVSE specifically designed for E-buses including, but not limited to:

- (a) Ensuring compatibility with all major E-bus models available in the market, including high-power charging standards such as CCS1 and CCS2;
- (b) Providing EVSE that supports power distribution among multiple buses simultaneously, with automatic adjustment based on real-time energy demand; and,
- (c) Ensuring seamless integration with the Customer’s fleet management systems, enabling centralized monitoring and control of E-bus charging operations.

2.4.2 EVSE Software

The Supplier shall ensure the EVSE software provides features including, but not limited to:

- (d) Allowing for management functions including adding, deleting, authorizing, and restricting an unlimited number of administrator and user accounts as required by the Customer;
- (e) Performing vehicle and user authorization procedures and credential management;
- (f) Starting, stopping, and resuming charging sessions individually;

- (g) Providing upgrades, at no charge to the Customer, and the Supplier shall notify the Customer in writing of any upgrade as soon as it becomes available; and,
- (h) Enabling remote operation and monitoring features;
- (i) Supporting surcharges based on either a set time or battery-full status; and,
- (j) Supporting multiple price structures that vary by time of day and user group, with user groups defined by the Customer.

2.4.3 Standards and Certifications

The Supplier shall ensure compliance with standards and certifications including, but not limited to:

- (a) Ensuring electrical products are authorized or approved by the Customer and in accordance with the Ontario Electrical Safety Code, the Canadian Standards Association Group (“CSA Group”), Underwriters Laboratories of Canada (“ULC”), a certification organization accredited with the Standards Council of Canada Act (Canada) and shall bear the certification organization’s mark identifying the goods certified for use in Canada. Certification shall be to the standard that is appropriate for the intended use of the electrical products at Customer’s facilities;
- (b) Ensuring all components are designed, manufactured, and following the latest applicable standards such as:
 - i. CSA Group Standard 22.2 No. 107.1;
 - ii. Underwriters Laboratories (“UL”) (e.g., UL 2202 - Electric Vehicle Charging System Equipment, UL 2231 – Personnel Protection Systems for Electric Vehicles supply circuits, UL 2594 – EV Supply Equipment, UL 991 – Safety-Related Controls Employing Solid-State Devices¹, Interference-Causing Equipment Standard-003 (“ICES-003”));
 - iii. NFPA® 70 National Electrical Code,® Article 625 Electric Vehicle Charging System
- (c) Providing International Organization for Standardization (“ISO”) certification (e.g., ISO 15118);
- (d) Complying with the Open Charge Point Protocol (“OCPP”); and,
- (e) Providing Customers with documentation that the EVSEs and Services meet all the required certifications and standards.

2.5 Data Services

The Supplier shall provide data Services including, but not limited to:

2.5.1 Data Collection

The Supplier shall provide data collection such as:

- (a) Collecting Plug-in Electric Vehicle (“PEV”) information (e.g., Vehicle Identification Number (“VIN”), state of charge before and after each charging session, energy consumed);
- (b) Recording EVSE information, such as:
 - i. Amount of fuel and Greenhouse Gas (“GHG”) savings;
 - ii. Authorization requests and responses;
 - iii. Billing card or user identification;
 - iv. Charging data (e.g., subscriber, location, kWh used, date, start and stop time) for each charging session;
 - v. Cost to the user;

- vi. Energy consumed;
 - vii. EVSE status and health monitoring;
 - viii. EVSE utilization rate;
 - ix. Fees collected by Supplier;
 - x. GFCI trips and resets;
 - xi. Inventory of EVSE (e.g., location address, model, hardware/software versions);
 - xii. Net revenue for Customer inventory of EVSEs;
 - xiii. Number of reboots due to power outage or circuit breaker tripping and resetting;
 - xiv. Over-current detection and handling;
 - xv. Plug out detection;
 - xvi. Port number (for dual stations);
 - xvii. Tampering information; and,
 - xviii. The number of vehicles charged in a select time period;
- (c) Ensuring compliance with all provincial and federal regulations regarding data collection;
 - (d) Collecting usage information on the current stored energy load in the battery connected to the EVSE;
 - (e) Storing data locally in case of network connection failure to ensure data retention until network connectivity is restored; and,
 - (f) Enabling data communication be per EVSE or via a master and slave unit configuration.

2.5.2 Data Transmission

The Supplier shall provide data transmission such as:

- (a) Operating via global open communication standards to support the latest version of OCPP to guarantee compatibility with other EVSE;
- (b) Providing the usage data in a manner that complies with the Open Charge Alliance's - OCPP, available at <http://www.openchargealliance.org>;
- (c) Having the ability to automatically transmit the collected data to a central system through different means (e.g., cellular signal, ethernet, or optional Wi-Fi);
- (d) Tracking and reporting usage data and statistics, or providing real-time access to the data via a secure online website;
- (e) Having the capability to accept card/interact payments;
- (f) Providing a secure payment system and terminal, managed by the data provider or a third party (e.g., PayPal, Veritrust);
- (g) Ensuring the system is capable of accepting payment by major credit cards (e.g., Visa, MasterCard), Interac payment, fleet card, or application;
- (h) Offering a payment system with adjustable user fee options as requested by the Customer (e.g., no charge/free to use, an initiation fee, a time-based rate fee (e.g., by minute or hour), a fixed charge);
- (i) Ensuring compliance with the Payment Card Industry Data Security Standard ("PCI DSS"); and,

- (j) Offering an Application Program Interface (“API”) that allows for other integrations (e.g., energy management, asset management software).

Except as required to comply with the OCPP, the Supplier and its Subcontractor shall treat the EVSE usage data as Confidential Information and shall not share this data without the written consent of the Customer.

2.6 Project Management Services

The Supplier shall provide project management Services including, but not limited to:

- (a) Monitoring and reporting progress regularly;
- (b) Maintaining a qualified team throughout the project duration;
- (c) Ensuring compliance with regulations and completing the project within the approved timeframe and budget;
- (d) Attending initial project meetings and conducting progress meetings with on-site Subcontractors;
- (e) Maintaining project schedules, track and control budgets, and address major project issues promptly;
- (f) Conducting regular inspections to ensure compliance with the Customer needs;
- (g) Providing written progress reports to the Customers, including as-built drawings;
- (h) Managing change orders, project deficiencies, and track and report change orders;
- (i) Coordinating and monitoring Subcontractors' work for compliance with requirements;
- (j) Managing quality through site visits, including tests and checks; and,
- (k) Providing access to relevant contact information for any Subcontractor.

2.7 Construction Services

The Supplier shall provide related construction Services that meet the requirements of the Customer including, but not limited to:

- (a) Retaining a professional engineer licensed in Ontario with experience designing EVSE infrastructure;
- (b) Ensuring the design meets various Customer requirements (e.g., concrete slabs, electrical cabinets, electrical installations (e.g., transformers, conductors, disconnects), Concrete pad-mounted transformers);
- (c) Ensuring asphalt is cut as required along with providing trenching Services and backfilling;
- (d) Ensuring warning signage (e.g., warning lights, guardrails, markers) is erected during construction to prevent injuries or property damage resulting from the work;
- (e) Ensuring, if requested by the Customer, that third-party testing is conducted to verify the compactness of the soil, as well as the compression strength of the concrete;
- (f) Ensuring that the lot surface is prepared to be painted, and if requested by the Customer, performing any necessary landscape for the affected area;
- (g) Offering, if requested by the Customer, environmentally friendly construction materials that meet relevant performance requirements. The Supplier should provide options for materials that can reduce Global Warming Potential (“GWP”) compared to recognized baselines or industry standards. Customers may request Environmental Product Declarations (“EPDs”) for the selected materials, based on their sustainability preferences;
- (h) Ensuring that all penetrations in walls are sealed with fire-stopping sealant;
- (i) Ensuring that power interruption is kept to a minimum and occurs after hours so that Customer facility operations are not impacted;

- (j) Removing and disposing of all surplus materials after completion of the construction Services; and,
- (k) Ensuring all affected areas are repaired and restored (e.g., concrete curbs, sidewalks and concrete pads).

2.8 Installation, Commissioning, and Testing Services

The Supplier shall provide installation, commissioning, and testing Services including, but not limited to:

- (a) Installing essential signage to ensure the safe operation of EVSEs, including electric vehicle parking stall pavement striping and markings per approved plans, in compliance with relevant regulations and standards;
- (b) Installing the necessary Balance of Systems ("BOS") (e.g., outdoor transformers, electrical cabinets, control panels, fused disconnect switches, underground concrete encased duct banks, concrete bases, cables, and associated connections) as per drawings to fully operationalize the EVSE locations (e.g., public and Multi-Unit Residential Building ("MURB")); and,
- (c) Ensuring necessary upgrades in the grid transmission, distribution system, and infrastructure to support EVSE deployment;
- (d) Installing network infrastructure (e.g., communication infrastructure, wires, and sensors);
- (e) Ensuring that a licensed electrician completes the installation of the required electrical systems with the necessary permits;
- (f) Ensuring that the necessary Electrical Safety Authority ("ESA") inspections are conducted throughout the installation process;
- (g) Ensuring all the information data stored in the system is encrypted both on the network and on information technology devices;
- (h) Ensure that the installed EVSE is fully operational by charging an electric vehicle using each port;
- (i) Supplying all necessary equipment to test the installed EVSE;
- (j) Removing all testing equipment and cleaning the site including disposal of any packaging upon completion;
- (k) Utilizing network security and isolation controls for EVSE installations (e.g., Virtual Local Area Networks ("VLANs") to isolate EVSE installations). Including, but not limited to, firewalls and Intrusion Detection System ("IDS") / Intrusion Prevention System ("IPS") at key network locations/Demilitarized Zone ("DMZ") to ensure clear isolation between Information Technology ("IT") and Operating Technology ("OT"), as well as any other security technology or solution that complies with industry standards current at the time of implementation;
- (l) Configuring EVSE internal information systems with passwords that comply with recognized cybersecurity standards and best practices, and if possible, enabling two-factor authentication.
- (m) Implementing secure configurations for EVSE systems, disallowing the use of outdated and insecure communication protocols. Authentication is required for applying updates or configuration changes, and critical updates must be received in a timely manner;
- (n) Ensuring the on-site presence of a Supplier's representative during the installation of EVSE to ensure it is installed following the OEM's installation standards;
- (o) Achieving a completed installation at the EVSE sites, including obtaining all applicable municipal and provincial permits required for installation and operation of the EVSE stations; and,
- (p) Ensuring all installation Services (e.g., preparation, curbing, striping, signage, EVSE, billing, networking systems, and electrical interconnections) are performed consistent with the OEMs specifications, any project design proposed to the Customer, and all applicable local, provincial, and federal zoning and code requirements.

2.9 Training Services

The Supplier shall provide training Services including, but not limited to:

- (a) Performing emergency disconnects and information on other emergency procedures;
- (b) Supplying all the necessary documentation such as but not limited to user manuals and wiring diagrams;
- (c) Providing training and support for the Customer to manage and operate the electronic billing system effectively; and,
- (d) Providing either in-person or online training on how to utilize the EVSE management software and operate the EVSE after it becomes operational.

2.10 Maintenance Services

The Supplier shall provide related EVSE maintenance Services including, but not limited to:

- (a) Providing maintenance plan Services. Terms and conditions for the maintenance package will be agreed between the Customer and the Supplier;
- (b) Establishing appropriate operations and maintenance procedures for EVSEs including hardware, software, accessories, and infrastructure;
- (c) Offering timely technical maintenance and troubleshooting support for system-related issues;
- (d) Conducting regular system checks and preventive maintenance to enhance EVSE longevity and minimize potential disruptions;
- (e) Conducting continuous reviews of system weaknesses and fortifying the EVSE infrastructure as part of a comprehensive cybersecurity approach;
- (f) Addressing any issues such as malfunctions and repairs;
- (g) Notifying immediately in the event of an interruption of Service; and,
- (h) Adhering to maintenance and repair schedules specified by the Customer.

2.11 Warranty Services

The Supplier shall warrant EVSE and Services

2.11.1 Standard EVSE OEM Warranty

The Supplier shall ensure that the EVSE and accessories has a minimum standard OEM warranty from the date of receipt if installed by the Customer, or from the date of installation if installed by the Supplier. The standard OEM warranty period shall, at the minimum, be for one (1) year.

Under the warranty period, the Supplier shall be responsible for extraction, packaging, and shipping of the faulty EVSE to be diagnosed for repair or replacement.

The Supplier will be responsible for any shipping costs of repaired or replacement EVSE from and back to the Customer related to any approved warranty repairs.

Related warranty repairs must only be performed by an OEM Authorized Service Provider.

2.11.2 Optional Extended Warranty Coverage

The Supplier shall, upon the Customer's request, provide an optional extended warranty at any time before the expiry of the standard OEM warranty. The terms and conditions of the optional extended warranty should be equal to or better than the standard OEM warranty.

2.11.3 Service Warranty

The Supplier shall ensure the Service is warranted free from defects in material and workmanship for minimum of a period of one (1) year from the date of construction and/or installation.

The Supplier shall provide all repairs or replacements required under the Service warranty including but not limited to the removal, repair, replacement, cost for parts and labour, shipping and handling.

The Supplier shall be responsible for all costs related to a Service warranty repair.

2.12 Other Optional EVSE and Services

The Supplier should provide other optional EVSE and Services including, but not limited to:

- (a) Providing level 1 EVSE;
- (b) Performing power studies including peak energy-saving controls;
- (c) Disposing of and recycling retired EVSE;
- (d) Buyback programs; and,
- (e) Developing new methods to power the EVSEs (e.g., solar canopies, energy storage through batteries).

2.13 Credit Claims

The Supplier and/or network operator must get agreement from the Customer before claiming any credits or rebates that may be available to the Customer (e.g., emissions credits, Canada Clean Fuel Regulation credits, government funding, or similar credits/rebates) that would prevent the Customer from claiming these reductions from activities on its property. The Supplier and/or network operator will assist the Customer in preparing any required documentation associated with submitting application for any such credits or rebates as may be necessary.

2.14 Order Management

The Supplier shall provide a variety of ordering methods for Customers including, but not limited to the following:

- (a) Via purchase order (e.g., which may be through the Customer's system); and/or,
- (b) Email.

2.14.1 Minimum Order

The Supplier shall not have any minimum order value or volume requirements.

2.14.2 Order Acknowledgement

The Supplier shall acknowledge the receipt of an order by the Customer immediately or within one (1) Business Day if requested by the Customer. The Supplier will include in this acknowledgement, any EVSE and/or Services ordered that cannot be fulfilled (e.g., back orders). In the event that the order cannot be fulfilled, the Customer, at its sole discretion may:

- (a) Cancel some or the entire order;
- (b) Ask the Supplier to ship only available EVSE and cancel any backorders; and/or,
- (c) Agree to an alternative delivery schedule based on anticipated EVSE availability.

2.14.3 Order Changes and/or Cancellation

The Supplier shall accept new orders, order changes and/or cancellations as may be required based on Customer's requirements, within timelines mutually agreed upon between the Customer and the Supplier at no additional cost to the Customer.

2.14.4 Coordinating Bulk Purchases

The Supplier shall support coordinated bulk purchases initiated by OEMC and/or Customers for several Customers during the Term. If this occurs, OEMC or the Customer may negotiate a lower Rate with the Supplier for bulk purchases. Lead times and/or delivery locations, per Customer, for bulk purchases may differ from that set out in this RFP. OEMC or the Customer will ensure reasonable lead times for bulk purchases are requested. Once Resources have been received at the Customers' location, the Supplier shall invoice each Customer accordingly.

2.14.5 Electronic Commerce

Customers currently use a variety of ERP, e-Procurement or financial systems (e.g., PeopleSoft, Jaggaer) for processing orders and payments. To support these processes, the Supplier will provide reasonable technology and implementation support, at any time during the Term, at no additional cost to the Customer.

2.15 Delivery

Delivery charges within Ontario shall not be included in the EVSE proposed Rates. Therefore, when the Supplier and Customer are executing a CSA or when a Customer is placing an order after the CSA has been executed, the Supplier and Customer shall mutually agree upon delivery charges, if any.

The Supplier is responsible for clearing the EVSE through customs in Canada, including both paying the duties and taxes, and obtaining the necessary authorizations and registrations from the authorities in Canada. The Supplier shall deliver orders with correct EVSE and/or provide Services and quantities within the agreed upon lead time.

EVSEs will be packaged appropriately to ensure safe delivery. All deliveries must include a packing slip specifying the Customer's required information (e.g., name of the employee who placed the order, purchase order number, EVSE and quantities ordered/shipped/back ordered (if any), and catalogue number).

All EVSE delivered shall be subject to the Customer's inspection and approval following delivery and may be rejected and returned in whole or in part, at the Supplier's expense, if non-conforming (e.g., to the order, quantity, or quality). Payment by the Customer shall not constitute or be deemed to be acceptance or approval of any delivery, in whole or in part.

Deliveries must be made by the Supplier's own transportation fleet or a reputable transportation company that allows for tracking of the shipments.

2.15.1 Delivery Lead Times

The Supplier and Customer will mutually agree on the lead time and other delivery conditions that benefit both parties.

The Supplier shall co-ordinate directly with the Customer regarding the status of orders, and delivery.

2.15.2 Back Orders

The Supplier shall confirm back orders at the time of the order acknowledgement with an estimated delivery date, Customers will have an option to cancel or accept the back orders.

2.15.3 EVSE Substitution

The Supplier shall only substitute EVSE with prior approval from Customer's designated personnel.

2.15.4 Damaged or Defective Shipment/Service Provision

The Customer may not accept the delivery of the EVSE if they are:

- (a) Damaged (or the packaging is damaged);
- (b) Not delivered/installed as agreed; or,
- (c) Substituted without prior approval of the Customer.

The Customer may reject Services that are not performed according to the requirements outlined set for Master Agreement and in the Customer's CSA.

The Supplier shall be responsible for all shipping costs related to the return and replacement (e.g., of any damaged or defective EVSE from the Customer's location). Customers will not be responsible for any additional costs (e.g., re-stocking fees) due to damaged or defective EVSE or Services received.

2.15.5 Returns

The Supplier shall, within reason, accept all EVSE returned by the Customer that were ordered incorrectly and not used within thirty (30) days from delivery date, at no additional cost (e.g., restocking or shipping costs) to the Customer.

2.15.6 Recalls

The Supplier shall ensure that EVSE meet current safety standards and regulations and shall advise OEM and Customers of any changes with regulatory agencies related to the EVSE, which may impact the future availability of EVSE, or support of the EVSE.

The Supplier shall immediately report recalled EVSE to OEM and Customers advising applicable details (e.g., model number, serial number). Supplier shall comply with the requirements of any Applicable Law in respect to recalled EVSE and repair or replace the EVSE at no additional cost to Customer.

2.15.7 Discontinued EVSE

The Supplier shall not arbitrarily discontinue EVSE and shall provide the Customer with sufficient notice (e.g., within sixty (60) days) prior to discontinuation.

Further, the Supplier shall ensure that in the event an EVSE becomes unavailable and a replacement is proposed, the replacement EVSE shall have equal or greater functional capabilities/specifications than those of the retiring EVSE at a similar Rate.

2.16 Supplier Support to Customers

The Supplier shall provide effective support to Customers including, but not limited to:

- (a) Providing a responsive account executive (with applicable back-up) assigned to the Customer to support their needs by providing day-to-day and ongoing administrative support, and operational support;
- (b) Managing issue resolution in a timely manner;
- (c) Complying with agreed upon escalation processes to resolve outstanding issues;
- (a) Responding to Customer's inquiries (e.g., to day-to-day activities) within one (1) Business Day;
- (b) Ensuring minimal disruption to the Customer;
- (c) Providing easy access to the Supplier (e.g., online, toll free telephone number, email, voicemail, or chat);
- (d) Providing training/demonstrations and knowledge transfer at no additional cost, as well as no-cost educational events (e.g., webinars), if available;
- (e) Establishing an ongoing communications program with the Customer (e.g., new initiatives, innovation, sustainability);
- (f) Adhering to the Customer's confidentiality and privacy policies (e.g., related to student's private information);
- (g) Providing written notice to Customers on any scheduled shutdown that would impact services (e.g., inventory count, relocation of warehouse, website maintenance);
- (h) Provide Customer reporting; and,

- (i) Attending meetings with Customers, as requested.

2.16.1 Transition Support

The Supplier should, at no additional cost, provide Customers with transition support with minimal service disruption.

2.17 Supplier Management Support to OEM

OEM will oversee the Master Agreement, and the Supplier shall provide appropriate Master Agreement management support including, but not limited to:

- (a) Assigning to OEM a Supplier Account Executive and a team responsible for supporting and overseeing all aspects of the Master Agreement;
- (b) Working and acting in an ethical manner demonstrating integrity, professionalism, accountability, transparency and continuous improvement;
- (c) Promoting the Master Agreement within the Customer community;
- (d) Maintaining OEM's and Customer's confidentiality by not disclosing Confidential Information without the prior written consent of OEM and/or the Customer, as the case may be, as further described in Appendix A – Form of Master Agreement;
- (e) Attending business review meetings with OEM to review such information as:
 - i. CSAs and upcoming opportunities;
 - ii. Authorized Reseller status; and,
 - iii. Review and monitor performance management compliance;
- (f) Complying with Appendix E – OEM's Supplier Code of Conduct requirements as described on the OEM website at <https://oem.ca/suppliers/#code-of-conduct>;
- (g) Managing issue resolution in a timely manner;
- (h) Complying with agreed upon escalation processes to resolve outstanding issues;
- (i) Timely submission of reports as described in Appendix C – Supplier Reporting Requirements; and,
- (j) Complying with Master Agreement close out processes (e.g., ensuring all Master Agreement obligations have been fulfilled, such as submission of final reporting and CRF payments to OEM).

2.17.1 Master Agreement Award and Launch

The Supplier will meet with OEM to discuss an effective launch strategy, and shall provide:

- (a) Supplier's profile and logo;
- (b) Supplier's contact information;
- (c) Customer engagement strategy;
- (d) Access to knowledge sharing materials (e.g., webinars);
- (e) Marketing materials; and,
- (f) Other relevant materials.

2.17.2 Promoting OEM Master Agreements

To support Customers, OEM and the Supplier will work together to encourage the use of the Master Agreement resulting from this RFP.

The Supplier will actively promote the Master Agreement to Customers which may include, but not be limited to:

- (a) Conducting sales and marketing activities directly to onboard Customers;
- (b) Executing CSAs with interested Customers;
- (c) Providing excellent and responsive Customer support;
- (d) Gathering and maintaining Customer and market intelligence, including contact information;
- (e) Identifying Customer savings; and,
- (f) Identifying improvement opportunities (e.g., new EVSE).

OECM will promote the use of the Master Agreement with Customers which may include, but not be limited to:

- (a) Using online communication tools to inform and educate;
- (b) Holding information sessions and webinars, as required;
- (c) Attending, where appropriate, Customer and Supplier events;
- (d) Facilitating CSA execution, where appropriate;
- (e) Facilitating Second Stage requests, as required;
- (f) Providing effective business relationship management;
- (g) Managing and monitoring Supplier performance;
- (h) Facilitating issue resolution; and,
- (i) Marketing Supplier promotions.

2.17.3 Supplier Performance Management Scorecard

To ensure Master Agreement requirements are met, the Supplier's performance will be measured and tracked by OECM as described in Appendix D – Supplier Performance Management Scorecard.

2.17.4 Rate Refresh

OECM's goal is to keep prices as low as possible for Customers. The proposed Rates shall be firm minimum percentage discount off MSRP for the entire term of the Master Agreement. However, the Supplier may request a Rate refresh at the time of the Master Agreement extension, if the Master Agreement is extended.

The Supplier shall provide a written notice with supporting documentation to OECM at least one-hundred-and-twenty (120) days prior to the Master Agreements' extension date if requesting a Rate refresh.

Volumes and Supplier performance (i.e., Supplier Performance Management Scorecard and/or Supplier Recognition Program evaluation results) will be considered when contemplating a Rate refresh.

If a proposed Rate refresh, at extension if applicable, was agreed upon between OECM and the Supplier, the new Rates would only be applicable to EVSE and/or Services ordered after the effective date of the new Rates. The effective date of the Rate change must allow Customers a minimum of thirty (30) days' prior notice from OECM. If, however, a proposed Rate refresh is not accepted by OECM the Master Agreement may be terminated within one-hundred and twenty (120) days unless the Supplier agrees to withdraw its request for a Rate refresh and continue the provision of the EVSE and/or Services at the existing agreed upon Rates.

If a Rate refresh is not requested at the time of an extension, if applicable, the existing Rates shall remain in effect until the expire of the Master Agreement .

Increases of the minimum percentage discounts off MSRP shall be accepted at any time during the Term.

Based on above, the Master Agreement will be amended, if needed.

2.17.5 Process to Add Other EVSE and/or Services

During the Term, the Supplier may request adding other OEMs and/or new EVSE, or Services (e.g., new alternatives to power the EVSE) to the Master Agreement to align with Customer needs. OEMC will review and assess the request and may accept or reject based on OEMs, EVSE and/or Services in the current Master Agreement and Customer needs.

The Supplier shall provide written notice to OEMC of at least one hundred and twenty (120) days prior to the anniversary date of the Master Agreement if requesting an OEM, new EVSE, and/or Services refresh.

Additional OEMs and/or new EVSE, or Services requests from the Supplier must be accompanied by appropriate documentation (e.g., OEMs, and/or new EVSE, or Services description, and rationale for the addition, proposed Rates).

Volumes and Supplier's performance (i.e., as described in Appendix D – Supplier Performance Management Scorecard and/or Supplier Recognition Program evaluation results) will be considered when contemplating adding OEMs and/or new EVSE, or Services. In the event the Supplier's performance is poor and/or unacceptable, OEMC may not agree to the Supplier's OEMs and/or new EVSE, or Services refresh request. All other OEMs and/or new EVSE, or Services shall remain unchanged.

Rates, for newly added OEMs, new EVSE, and/or Services will be negotiated at the time of the request.

Based on the above, the Master Agreement will be amended, if needed.

2.17.6 Saving Calculation

OECM tracks, validates, and reports on savings on all of its agreements. Collaborative procurement processes enables several types of savings including direct and indirect savings (e.g., process improvement, lead time reduction, standardization, economies of scale, cost avoidance).

The Supplier shall report Customer savings.

2.17.7 OEMC's Supplier Recognition Program

OECM's suppliers play a fundamental role in ensuring Customers' needs are met with consistent and exceptional service. As part of OEMC's efforts to provide greater value to Customers and support their Supplier selection process across OEMC agreements, OEMC has a Supplier Recognition Program ("SRP"). Through the SRP, OEMC objectively assesses supplier's performance using an open, fair and transparent framework to recognize and reward top-performing Suppliers on an annual basis.

Further details will be provided to the Suppliers.

2.17.8 Reporting to OEMC

The Supplier shall be responsible for providing reports as further described in Appendix C – Supplier Reporting Requirements.

Report details will be discussed and established at the Master Agreement finalization stage between OEMC and the Preferred Proponent. Other reports may be added, throughout the Term, if mutually agreed upon between OEMC and the Supplier, and/or the Customer and Supplier.

2.18 Rates

The EVSE Rates shall be:

- (a) Minimum percentage discount off MSRP;
- (b) In Canadian funds and shall include all applicable costs, including, but not limited to overhead, materials, duties, tariffs, office support, profit, permits, travel, licences, labour, insurance, and Workplace Safety Insurance Board costs and all other overhead, office support, profit, licenses including any fees or other charges required by law; and,
- (c) Exclusive of the Harmonized Sales Tax ("HST"), or other similar taxes.

The Services Rates (e.g., delivery, construction, installation, maintenance) will be mutually agreed upon between the Supplier and Customer based on the Customer's requirements, and shall be:

- (a) Maximum Net Rates;
- (b) In Canadian funds and shall include all applicable costs, including, but not limited to overhead, materials, duties, tariffs, office support, profit, permits, travel and carriage, licences, labour, insurance, and Workplace Safety Insurance Board costs and all other overhead, office support, profit, licenses including any fees or other charges required by law; and,
- (c) Exclusive of the Harmonized Sales Tax ("HST"), or other similar taxes

The Customer and Supplier will mutually agree on Rates and the process and timing for refreshing those Rates based on the Customer's EVSE and Service needs.

2.18.1 Incentives for Customers

Where feasible, the Supplier should offer incentives to Customers to promote additional cost savings resulting from better operational efficiencies that may including, but not limited to:

- (a) Informing and guiding Customers about potential incentives (e.g., government);
- (b) Early payment discount for Customers;
- (c) Higher volumes; and,
- (d) Overall growth.

In consultation with OECM, the Customer may negotiate specific details related to one (1) or more financial incentives.

The financial incentives the Supplier and Customer agree to shall be incorporated into the CSA and reviewed and adjusted (e.g., annually) as required and reported to OECM as part of the sales reporting.

The financial incentive to Customers can be reviewed and adjusted annually as required.

2.18.2 Travel Expenses

Travel, as noted above, shall be included in Rates. However, in extenuating circumstances, the Supplier must obtain prior approval from the Customer for costs incurred as a result of accommodation or travel. These costs must be charged in accordance with the Customer's travel policy, as may be amended from time to time. Suppliers may obtain applicable rates from the Customer. All such pre-approved costs, where applicable, must be itemized separately on invoices.

Customers shall not be responsible for any meal, hospitality, or incidental expenses incurred by the Supplier, whether incurred while travelling or otherwise including,

- (a) Meals, snacks and beverages;
- (b) Gratuities;

- (c) Laundry or dry cleaning;
- (d) Valet services;
- (e) Dependent care;
- (f) Home management; and,
- (g) Personal telephone calls.

2.18.3 Financing Options

The Supplier may offer flexible financing options to Customers including, but not limited to:

- (a) Revenue sharing agreement;
- (b) Finance lease;
- (c) Project financing; and,
- (d) Third-party financing.

Any financing arrangement shall be mutually agreed upon between the Supplier and the Customer when executing a CSA, or when placing an order after a CSA has been executed.

2.18.4 OEMC Cost Recovery Fee

As a not-for-profit/non-share capital corporation, OEMC recovers its operating costs from its agreements through a Cost Recovery Fee ("CRF"). CRFs from the resulting Master Agreement from this RFP and other OEMC agreements are structured to support OEMC's financial model, while providing savings to Customers.

The Supplier shall pay to OEMC a maximum CRF of two-point nine five percent (2.95%) on all EVSE and/or Services invoiced by the Supplier to the Customers throughout the Term.

CRF will be calculated as follows:

EXAMPLE OF HOW CRF WILL BE CALCULATED WITH A CRF = 2.95%				
Sales per Quarter	Calculation	CRF	HST	Total CRF Payment to OEMC
If Supplier has \$100,000 total sales in first quarter	\$100,000 x 2.95% CRF	\$2,950.00	\$383.50	\$3,333.50
If Supplier has \$200,000 total sales in second quarter	\$200,000 x 2.95% CRF	\$5,900.00	\$767.00	\$6,667.00
If Supplier has \$50,000 total sales in third quarter	\$50,000 x 2.95% CRF	\$1,475.00	\$191.75	\$1,666.75
If Supplier has \$50,000 total sales in fourth quarter	\$50,000 x 2.95% CRF	\$1,475.00	\$191.75	\$1,666.75
Total CRF Payment to OEMC for <u>first year of the Master Agreement</u>:				\$13,334.00

The CRF and applicable HST shall be paid to OEMC quarterly, via EFT, by May 15, August 15, November 15 and February 15 throughout the Term as follows:

Calendar Quarter	Months	CRF Payment Due Date
1st Quarter	January, February, March	May 15
2nd Quarter	April, May, June	August 15
3rd Quarter	July, August, September	November 15
4th Quarter	October, November, December	February 15

The CRF will be reviewed (e.g., annually) and may, at OEM's sole discretion, be adjusted downwards for remaining Term.

The Supplier shall be responsible for paying interest, as specified in Article 4.08 of the Master Agreement, for late CRF payments.

Upon termination or expiry of the Master Agreement, the Supplier will submit all outstanding CRF payments within thirty (30) days of the Master Agreement termination or expiry date.

2.19 Invoicing

Flexibility in invoicing processes is required. The Customer and Supplier can mutually agree to invoicing details when executing a CSA.

The invoices, in either paper or electronic format, as detailed in the Customer's CSA shall be itemized and contain, at a minimum, the following information:

- (a) Customer name and location;
- (b) Customer purchase order number (if applicable) and order date;
- (c) Description of EVSE and/or Services provided, quantities and Rates; and,
- (d) HST and total cost.

2.19.1 Payment Terms and Methods

The Customer's common payment terms are net thirty (30) days.

The Supplier shall accept payment from Customers by cheque, Purchasing Card, Visa Payables Automation (via ghost card) or Electronic Funds Transfer ("EFT") at no additional cost to the Customer.

Different payment terms may be agreed to when executing a CSA (e.g., 2%/10 early payment discount for Customers).

Note – Customer's payment terms will not be in effect until the Supplier provides an accurate invoice.

2.19.2 Electronic Fund Transfer

The Supplier shall provide the Customer with the necessary banking information to enable EFT, at no additional cost to the Customer, for any related invoice payments including, but not limited to:

- (a) A void cheque;
- (b) Financial institution's name;
- (c) Financial institution's transit number;
- (d) Financial institution's account number; and,
- (e) Email address for notification purposes.

2.20 Workplace Hazardous Material Information System

The Supplier shall ensure Workplace Hazardous Materials Information System (“WHMIS”) Safety Data Sheets (“SDS”) are onsite as required. Additionally, the Supplier should provide the Customer’s personnel WHMIS training, as it relates to the products and equipment, in accordance with the *Ontario Occupational Health and Safety Act*.

2.21 Disaster Recovery and Business Continuity

The Supplier shall possess and provide to OEM and/or Customers upon request, information about disaster recovery and business continuity programs including processes, policies, and procedures related to safety standards, preparing for recovery or continuation of EVSE availability critical to Customers.

2.22 Licences, Permits, Right to Use and Approvals

The Supplier shall obtain all licences, permits, right to use and approvals required in connection with the supply of the EVSE and provide them at Customer and OEM request. The costs of obtaining such licences, permits, right to use and approvals shall be the responsibility of, and shall be paid for by, the Supplier.

Where a Supplier is required by Applicable Law to hold or obtain any such licence, permit, right to use and approval to carry on an activity contemplated in its Proposal or in the Master Agreement, neither acceptance of the Proposal nor execution of the Master Agreement by OEM shall be considered an approval by OEM for the Supplier to carry on such activity without the requisite licence, right to use or approval.

2.23 Environmental, Social, and Governance

The Supplier shall possess, promote, and provide information about a robust Environmental, Social and Governance (“ESG”) business framework including, but not limited to:

- (a) Developing and implementing proper EVSE recycling procedures to minimize environmental impact at the end of the equipment's lifecycle;
- (b) Developing innovative methods for charging batteries and powering the EVSE, considering the environmental impact of available energy sources;
- (c) Implementing peak energy-saving controls to reduce greenhouse gas emissions during high-demand periods;
- (d) Demonstrating a commitment to reducing the overall carbon footprint of the EVSE and its operations through innovative methods and technologies;
- (e) Providing detailed reports on the environmental impact of the EVSE, including carbon emission reductions compared to traditional gas-powered vehicles; and,
- (f) Offering educational programs or training to Customers, at not additional cost, on sustainable practices and the environmental benefits of using EVSE.

The Supplier shall collaborate and support the Customer to align with their ESG framework as it relates to currently available ESG processes, EVSE, technologies and/or sustainable initiatives.

The Supplier should keep OEM and Customers informed about social procurement processes.

Throughout the Term of the Master Agreement, OEM and/or the Customer may consult with the Supplier to assess ESG commitments.

2.24 Financial Administration Act Section 28

In accordance with the requirements of the *Financial Administration Act* (“FAA”), notwithstanding anything else in the CSA, or in any other agreement between the Customer and the Supplier executed to carry out the EVSE provided for herein, the remedies, recourse or rights of the Supplier shall be limited to the Customer and to the right, title and interest owned by the Customer in and to all of its real or personal property, whether now existing or hereinafter arising or acquired from time to time. The Supplier unconditionally and irrevocably waives and releases all other claims, remedies, recourse or rights against the Crown in right of Ontario in respect of the CSA, and agrees that it shall have no remedies, recourse or rights in respect of the CSA against

the Crown in right of Ontario, any Ontario Ministry, Minister, agent, agency, servant, employee or representative of the Crown or any director, officer, servant, agent, employee or representative of a Crown agency or a corporation in which the Crown holds a majority of the shares or appoints a majority of the directors or members, other than against the Customer and its assets.

If the Supplier and the Customer agree that a CSA is exempt from the application of subsection 28(1) of the *Financial Administration Act* pursuant to Ontario Regulation 376/18: Section 28 Exemptions – Colleges, the Customer represents and warrants that the CSA (i) complies with all applicable policies of the Customer; (ii) complies with all applicable laws and Ontario government directives applicable to it; and, (iii) relates to activities of the Customer that are permitted under its objects and that are undertaken within Canada. The Supplier represents and warrants that the CSA complies with all Applicable Laws and Ontario government directives applicable to it.

[End of Part 2]

PART 3 – EVALUATION OF PROPOSALS

3.1 Stages of Proposal Evaluation

OECM will conduct the evaluation of Proposals, per Category, in the following stages:

Stage	Description	Refer to RFP Section	Scoring Methodology and Maximum Points (if applicable)	Minimum Threshold Requirement (if any)
Stage I	Qualification Response	3.2	Pass/Fail	Pass
Stage II	Technical Response	3.3	800	65%
Stage III	Commercial Response	3.4	200	Not Applicable
Stage IV	Cumulative Score	3.5	1,000	Not Applicable
Stage V	Tie Break Process	3.6	Not Applicable	Not Applicable
Stage VI	Negotiations	3.7	Not Applicable	Not Applicable
Stage VII	Master Agreement Finalization	3.8	Not Applicable	Not Applicable

3.2 Stage I – Review of Qualification Responses (Pass/Fail) for Both Categories

Stage I will consist of a review to determine which Proposals comply with all qualification requirements.

The Proponent **must** complete the following forms in Ontario’s Tenders Portal (“OTP”) to qualify and proceed to the next stage of evaluation.

Title	OTP Envelope
Qualification Response	Qualification
Appendix B – Commercial Response (in Microsoft Excel format only)	Commercial
Appendix G – OEM Authorized Reseller Letter for each proposed OEM	Qualification

If the Proponent fails to insert information contained in Qualification Response and Appendix G – OEM Authorized Reseller Letter, OECM may provide an opportunity to rectify such deficiency within a period of two (2) Business Days from notification thereof. Only Proponents satisfying the identified deficiencies within allotted time will proceed to Stage II.

Other than inserting the information requested on the qualification submission forms set out above, the Proponent may not make any changes to any of the forms. Any Proposal containing any such changes, whether on the face of the form or elsewhere in the Proposal, may be disqualified.

3.3 Stage II – Technical Response for Both Categories

Stage II will consist of an evaluation and scoring of the Technical Response of each Eligible Proposal.

The Technical Response includes a series of questions the Proponent is required to respond to in order to demonstrate the Proponent’s ability to fulfill the RFP Deliverables. Only information contained within the Technical Response will be evaluated in Stage II.

Only Eligible Proposals that meet or exceed the minimum thresholds will receive a **pass** in this stage and proceed to Stage III of the evaluation process. The overall threshold for the Technical Response is sixty-five percent (65%) or five hundred and twenty points (520).

Point allocations for the Technical Response sections are as follows:

Technical Response Sections	Available Points	Minimum Threshold
1. Proponent's Experience and Qualifications	80	48
2. Project Examples and Methodology	240	144
3. Data Services	40	24
4. Installation, Commission & Testing	100	60
5. Maintenance	90	54
6. Warranty	90	54
7. Training	20	10
8. Customer Support	60	36
9. ESG Considerations	80	32
TOTAL POINTS:	800	520

Detailed sub-point allocations and minimum thresholds are set out in the Technical Response on OTP.

In the case that contradictory information or information that contains conditional statements is provided, OEMC will determine whether the response complies with the requirements, and may seek clarification from the Proponent.

An Eligible Proposal that does not respond to a particular question (e.g., it is left blank) or contains a response of N/A or not applicable will receive a zero (0) score.

Stage II resulting scores per Eligible Proposal will be used when determining the cumulative score for each Category as described below in Section 3.5.

3.4 Stage III – Commercial Response per Category

The Proponent **must** complete and upload Appendix B – Commercial Response, in Microsoft Excel format only, for the Category being proposed into the OTP Commercial Envelope for this stage of evaluation.

The Proponent may propose one (1) or multiple OEMs in its Appendix B – Commercial Response.

Upon the completion of Stage II of the evaluation, the Commercial Response will be opened for all Eligible Proposals, and each Category will be evaluated separately.

Point allocations, per Category, for the Commercial Response sections are as follows:

Commercial Response Sections	Available Points
1. EVSE per Category	200
2. Additional Related EVSE	N/A
3. Volume Discounts	N/A
TOTAL POINTS:	200

Detailed sub-point allocations are set out in the Appendix B – Commercial Response on OTP.

Proposed Rates, for all OEMs, per Category will be averaged and evaluated using a relative formula. However, the proposed Rates per OEM and Category shall be the minimum percentage discount off MSRP in the resulting Master Agreement

See example below:

EXAMPLE OF COMMERCIAL RESPONSE EVALUATION FOR CATEGORY B - LEVEL 2 EVSE – NETWORKED - SINGLE PORT – 19 kW OR ABOVE		
Proposed Rates	Calculation	Resulting Points
If Proponent 1 proposes the lowest average Rate of \$100.00, it would receive 100% of the points allocated.	$\$100 \div \100×18 Points	18
If Proponent 2 proposes the second lowest average Rate of \$200.00, it would receive 50% of the points allocated.	$\$100 \div \200×18 Points	9
If Proponent 3 proposes the third lowest average Rate of \$400.00, it would receive 25% of the points allocated.	$\$100 \div \400×18 Points	4.5

Where \$0.00 is entered in any Rate cell, it is deemed to mean that the particular EVSE **will be provided to Customers at no additional cost**. Therefore, when evaluating and scoring the Rates, a Eligible Proposal specifying \$0.00 in a Rate cell in the Commercial Response shall receive the maximum point allocation for that particular EVSE. The remaining Eligible Proposals will be evaluated using a relative formula based on the remaining percentage of available points regardless of the Eligible Proposals of \$0.00 Rate as per below example.

EXAMPLE – WHERE FIVE (5) ELIGIBLE PROPOSALS WERE RECEIVED WITH ZERO RATE PROPOSED		
Number of Eligible Proposals with a proposed Rate of \$0.00 or 100% discount for a particular EVSE	The number of remaining Eligible Proposals with a Rate greater than \$0.00 or 100% discount	The percentage (%) of the EVSE sub-point allocation for the remaining Eligible Proposals will be:
1	4	80%
2	3	60%
3	2	40%
4	1	20%

Where N/A or not applicable is entered in a Commercial Response cell or a Commercial Response cell is left blank for the EVSE, it is deemed to mean that the particular EVSE will **not be provided** to Customers. Therefore, when evaluating and scoring the Rates, an Eligible Proposal specifying N/A or not applicable, or left blank in Appendix B – Commercial Response will receive a zero (0) point allocation for that particular EVSE.

Stage III resulting scores for each Category per Eligible Proposal will be used when determining the cumulative score per Category and/or as described below in Section 3.5.

3.5 Stage IV – Cumulative Score

At this stage, the scores from Stages II, and III will be combined for each Eligible Proposal per Category.

Stage II Technical Response scores will apply for each proposed Category in Stage III Commercial Response.

Subject to the express and implied rights of OEM; the Proponents with the highest scoring Eligible Proposals or all Proponents, per Category, may become the Preferred Proponents, and be invited to negotiations, as further described below.

Reference checks will be performed to confirm or clarify information provided within the Proposal. The reference checks themselves will not be scored, however, OEM may adjust Technical Response scores related to the information obtained during the reference check.

3.6 Stage V – Tie Break Process

At this stage, where two (2) or more of the highest scoring Eligible Proposals, per Category, achieve a tie score on completion of the Stage IV, OEM may invite all, per Category, to negotiations or break the tie by selecting the Eligible Proposal, per Category, with the highest score in Stage II – Technical Response.

3.7 Stage VI – Negotiations

Concurrent negotiations, with the Preferred Proponents per Category, will be based on the RFP Deliverables, and the Eligible Proposals, understanding that OECM is seeking the best overall solution and value for money for Customers.

The negotiations may include:

- (a) RFP Deliverables;
- (b) Master Agreement management (e.g., performance, KPIs, reporting);
- (c) Master Agreement terms and conditions;
- (d) Additional references, if required; and/or,
- (e) Rates.

OECM may also request supplementary information from a Preferred Proponent to verify, clarify or supplement the information provided in its Proposal or confirm the conclusions reached in the evaluation and may include requests by OECM for improved Rates.

OECM intends to complete negotiations within fifteen (15) calendar days after notification. If, for any reason, OECM and a Preferred Proponent fail to reach an agreement within the aforementioned timeframe, OECM may:

- i. Terminate negotiations with that particular Preferred Proponent;
- ii. Extend the negotiation timeline; or,
- iii. Publish one (1) or some of the Suppliers, who have executed Master Agreements, within our promotional marketing launch.

Other Master Agreements, if successfully negotiated with other Preferred Proponents would be added to OECM's website at a later date.

Upon successful negotiations, the Preferred Proponent will be invited to execute a Master Agreement.

3.8 Stage VII – Master Agreement Finalization

The Preferred Proponent will be given five (5) Business Days to execute the Master Agreement, unless otherwise specified by OECM. Once the Master Agreement has been executed, Customers may execute a CSA.

OECM shall at all times be entitled to exercise its rights under Section 4.6.

[End of Part 3]

PART 4 – TERMS AND CONDITIONS OF THE RFP PROCESS

4.1 General Information and Instructions

Procurement Process Non-Binding

This RFP process is non-binding, and it does not intend to create, and shall not create, a formal legally binding procurement process, and shall not give rise to the legal rights or duties applied to a formal legally binding procurement process. This procurement process shall instead be governed by the law applicable to direct commercial negotiations. For greater certainty and without limitation:

- (a) This RFP shall not give rise to any contract A – based tendering law duties or any other legal obligations arising out of any process contract or collateral contract; and,
- (b) Neither the Proponent nor OECCM shall have the right to make any breach of contract, tort or other claims against the other with respect to the award of a Master Agreement, failure to award a Master Agreement or failure to honour a response to this RFP.

Non-Binding Rates

While the Proposal Rates will be non-binding prior to the execution of a written Master Agreement, such information will be assessed during the evaluation and ranking of the Proposals, as further described in Part 3 – Evaluation of Proposals. Any inaccurate, misleading, or incomplete information, including withdrawn or altered Rates, could adversely impact any such evaluation, ranking, or Master Agreement award.

4.1.1 RFP Timetable

The following is a summary of the key dates for this RFP process:

RFP Timetable	
Event	Time/Date
OECCM's Issue Date of RFP:	October 31, 2024
Proponent's Information and OTP Demonstration Session:	2:00 pm on November 4, 2024
Proponent's Deadline to Submit Questions:	5:00 pm on November 7, 2024
OECCM's Deadline for Issuing Answers:	November 13, 2024
Proponent's Deadline to Submit Questions Related to Addenda & Question and Answer Documents:	5:00 pm on November 18, 2024
OECCM's Deadline for Issuing Final Documents:	November 22, 2024
Proponent's Intent to Submit a Proposal:	November 27, 2024
Closing Date:	2:00:00 pm on December 2, 2024
Anticipated Master Agreement Start Date:	January 2025

Note – all times specified in this RFP timetable are local times in Toronto, Ontario, Canada.

OECCM may amend any timeline, including the Closing Date, without liability, cost, or penalty, and within its sole discretion.

In the event of any change in the Closing Date, the Proponent may thereafter be subject to the extended timeline.

4.1.2 Proponent's Information and OTP Demonstration Session

The Proponent should participate in the Proponent's Information and OTP Demonstration Session, which will take place at the time set out in Section 4.1.1.

Prior to the Proponent's Information and OTP Demonstration Session, OECM will send a **Message** via OTP with the teleconference and webinar information to the Proponents who expressed interest on OTP.

The Proponent's Information and OTP Demonstration Session is an opportunity for the Proponent to enhance its understanding of the RFP process and to learn how to use OTP to submit its Proposal.

Any changes to the Proponent's Information and OTP Demonstration Session meeting date will be issued in an addendum on OTP.

Information provided during this session will be posted on OTP.

In the event of a conflict or inconsistency between the Proponent's Information and OTP Demonstration Session and the RFP, the RFP shall prevail.

The Proponent can contact OTP technical support directly for further assistance, using the contact details set out in Section 4.3.1.

4.1.3 Proponent to Follow Instructions

The Proponent should structure its Proposal in accordance with the instructions in this RFP. Where information is requested in this RFP, any response made in the Proposal should reference the applicable section numbers of this RFP where that request was made.

4.1.4 OECM's Information in RFP Only an Estimate

OECM makes no representation, warranty or guarantee as to the accuracy of the information contained in this RFP or issued by way of addenda. Any data contained in this RFP or provided by way of addenda are estimates only and are for the sole purpose of indicating to Proponents the general size of the work.

It is the Proponent's responsibility to avail itself of all the necessary information to prepare a Proposal in response to this RFP.

4.1.5 Proponent's Costs

The Proponent will bear all costs and expenses incurred relating to any aspect of its participation in this RFP process, including all costs and expenses relating to the Proponent's participation in:

- (a) The preparation and submission of its Proposal;
- (b) The Proponent's attendance at any meeting related to the RFP process in relation to the RFP process;
- (c) The conduct of any due diligence on its part, including any information gathering activity;
- (d) The preparation of the Proponent's own questions; and,
- (e) Any discussion and/or finalization, if any, in respect of the Form of Master Agreement.

4.2 Communication after RFP Issuance

4.2.1 Communication with OECM

All communications regarding any aspect of this RFP must be sent to OECM as a **Message** in OTP.

If the Proponent fails to comply with the requirement to direct all communications to OECM through OTP, it may be disqualified from this RFP process. Without limiting the generality of this provision, Proponents shall not communicate with or attempt to communicate with the following as it relates to this RFP:

- (a) Any employee or agent of OECM;
- (b) Any project advisor;
- (c) Any member of OECM's governing body (such as Board of Directors, or advisors);
- (d) Any employee, consultant or agent of OECM's Customers; and,
- (e) Any elected official of any level of government, including any advisor to any elected official.

4.2.2 Proponent to Review RFP

The Proponent shall promptly examine this RFP and all Appendices, including the Form of Master Agreement and:

- (a) Shall report any errors, omissions or ambiguities; and,
- (b) May direct questions or seek additional information **on** or **before** the Proponent's Deadline to Submit Questions to OECM.

All questions submitted by Proponents shall be deemed to be received once the **Message** has entered into OECM's OTP inbox.

In answering a Proponent's questions, OECM will set out the question, without identifying the Proponent that submitted the question and OECM may, in its sole discretion:

- (a) Edit the question for clarity;
- (b) Exclude questions that are either unclear or inappropriate; and,
- (c) Answer similar questions from various Proponents only once.

Where an answer results in any change to the RFP, such answer will be formally evidenced through the issue of a separate addendum for this purpose.

To ensure the Proponent clearly understand issued addenda, OECM allows Proponents to ask questions related to addenda, and question and answer documents. Refer to Section 4.1.1 for timelines.

OECM is under no obligation to provide additional information but may do so at its sole discretion.

It is the responsibility of the Proponent to seek clarification, by submitting questions to OECM through OTP, on any matter it considers to be unclear. OECM shall not be responsible for any misunderstanding on the part of the Proponent concerning this RFP or its process.

4.2.3 Proponent's Intent to Submit Proposal

The Proponent should inform OECM, via OTP **Message**, by the date specified in the RFP Timetable noted in Section 4.1.1 of the RFP, if it intends to submit a Proposal in response to this RFP.

4.2.4 Proponent to Notify

In the event the Proponent has any reason to believe that an error, omission, uncertainty or ambiguity, as set out in Section 4.2.2 exists, the Proponent must notify OECM through OTP prior to submitting a Proposal.

If appropriate, OECM will then clarify the matter for the benefit of all Proponents.

The Proponent shall not:

- (a) After submission of a Proposal, claim that there was any misunderstanding or that any of the circumstances set out in Section 4.2.2 were present with respect to the RFP; and,
- (b) Claim that OECM is responsible for any of the circumstances listed in Section 4.2.2 of this RFP.

4.2.5 All New Information to Proponents by way of Addenda

This RFP may only be amended by an addendum in accordance with this Section.

If OEMC, for any reason, determines that it is necessary to provide additional information relating to this RFP, such information will be communicated to all Proponents by addenda on OTP. Each addendum shall form an integral part of this RFP.

Any amendment or supplement to this RFP made in any other manner will not be binding on OEMC.

Such addenda may contain important information including significant changes to this RFP. The Proponent is responsible for obtaining all addenda issued by OEMC.

The Proponent who intends to respond to this RFP is requested not to cancel the receipt of addenda or amendments option provided by OTP, since it must obtain all information and documents that are issued on OTP.

In the event that a Proponent chooses to cancel the receipt of addenda or amendments, its Proposal may be rejected.

4.3 Proposal Submission Requirements

4.3.1 General

The Proponent shall submit its Proposal through OTP at <https://ontariotenders.app.jaggaer.com/esop/nac-host/public/web/login.html>.

The Proponent should contact OTP technical support if it experiences technical difficulties or to seek support about the use of OTP via:

- (a) Form on the OTP at <https://jaggaer.my.site.com/SupplierSupportRequest/s/>;
- (b) By phone at 866-722-7390; or,
- (c) Accessing website information at https://ontariotenders.app.jaggaer.com/esop/nac-host/public/attach/eTendering_responding_to_tender_guide.pdf.

To be considered in the RFP process, a Proposal must be submitted and received **before** the Closing Date as set out in Section 4.1.1 and on OTP.

The Proponent is strongly encouraged to become familiar with the use of OTP well in advance of the Closing Date.

The Proponent will not be able to submit a Proposal after the Closing Date, as OTP will close the access to the RFP on the Closing Date.

A Proposal sent by, email, facsimile, mail and/or any other means other than stated in this RFP shall **not** be considered. Notwithstanding anything to the contrary contained in any applicable statute relating to electronic documents transactions, including the *Electronic Commerce Act, 2000, S.O. 2000, c. 17*, any notice, submission, statement, or other instrument provided in respect of the RFP may not be validly delivered by way of electronic communication, unless otherwise provided for in this RFP.

4.3.2 Proposal in English

All Proposal submissions are to be in English only. Any Proposal received by OEMC that is not entirely in the English language may be disqualified.

4.3.3 Proposal Submission Requirements

The Proponent is solely responsible for submitting its Proposal on OTP prior to the Closing Date.

The Proposal should be submitted in accordance with the instructions set out on OTP and in this RFP as set out below.

Description	OTP Envelope	Complete within OTP	Complete and Upload to OTP
Qualification Response	Qualification	√	
Technical Response	Technical	√	
Appendix B – Commercial Response for each proposed Category (in Microsoft Excel format only)	Commercial		√
Appendix G – OEM Authorized Reseller Letter for each proposed OEM in the applicable Category	Qualification		√

4.3.4 Other Proposal Considerations

In preparing its Proposal, the Proponent should adhere to the following:

- (a) Information contained in any embedded link will not be considered part of a Proposal, and will not be evaluated or scored;
- (b) Completely address, on a point-by-point basis, each Technical Response question in Technical Response. Technical Responses left blank and/or unanswered will receive a score of zero (0). Refer to Section 3.3;
- (c) Information attached as part of the Commercial Envelope in OTP will not be considered as part of the evaluation of Stage II - Technical Response. Refer to Section 3.3; and,
- (d) The Proposal should be complete in all respects. Proposal evaluation and scoring applies only to the information contained in the Proposal, or accepted clarifications as set out in Section 4.3.13 Clarification of Proposals.

4.3.5 Proposal Receipt by OEM

Every Proposal received will be date/time stamped by OTP.

A Proponent should allow sufficient time in the preparation of its Proposal to ensure its Proposal is received **on** or **before** the Closing Date.

4.3.6 Withdrawal of Proposal

A Proponent may withdraw its Proposal by deleting its submission on OTP **before** the Closing Date or at any time throughout the RFP process until the execution of a Master Agreement. To withdraw a Proposal after the Closing Date, the Proponent should send a **Message** to OEM through OTP.

4.3.7 Amendment of Proposal on OTP

A Proponent may amend its Proposal after submission through OTP, but only if the Proposal is amended and resubmitted **before** the Closing Date.

4.3.8 Completeness of Proposal

By submitting a Proposal, the Proponent confirms that all components required to use and/or manage the EVSE have been identified in its Proposal or will be provided to OEM or its Customers at no additional cost. Any requirement that may be identified by the Proponent after the Closing Date or subsequent to signing the Master Agreement shall be provided at the Proponent's expense.

4.3.9 Proposals Retained by OECM

All Proposals submitted by the Closing Date shall become the property of OECM and will not be returned to the Proponent.

4.3.10 Acceptance of RFP

By submitting a Proposal, a Proponent agrees to accept the terms and conditions contained in this RFP, and all representations, terms, and conditions contained in its Proposal.

4.3.11 Amendments to RFP

Subject to Section 4.1.1 and Section 4.2.4, OECM shall have the right to amend or supplement this RFP in writing prior to the Closing Date. No other statement, whether written or oral, shall amend this RFP. The Proponent is responsible to ensure it has received all addenda.

4.3.12 Proposals will not be Opened Publicly

The Proponent is advised that there will not be a public opening of this RFP. OECM will open Proposals at a time subsequent to the Closing Date.

4.3.13 Clarification of Proposals

OECM shall have the right at any time after the Closing Date to seek clarification from any Proponent in respect of the Proposal, without contacting any other Proponent.

OECM will exercise this right in a similar manner for all Proponents.

Any clarification sought shall not be an opportunity for the Proponent to either correct errors or to change its Proposal in any substantive manner. Subject to the qualification in this provision, any written information received by OECM from a Proponent in response to a request for clarification from OECM may be considered, if accepted, to form an integral part of the Proposal.

OECM shall not be obliged to seek clarification of any aspect of any Proposal.

4.3.14 Verification of Information

OECM shall have the right, in its sole discretion, to:

- (a) Verify any Proponent's statement or claim made in its Proposal or made subsequently in a clarification or discussion by whatever means OECM may deem appropriate, including contacting persons in addition to those offered as references, and to reject any Proponent statement or claim, if such statement or claim or its Proposal is patently unwarranted or is questionable, which may result in changes to the scores for the Proponent's Technical Response; and,
- (b) Access the Proponent's premises where any part of the work is to be carried out to confirm Proposal information, quality of processes, and to obtain assurances of viability, provided that, prior to providing such access, the Proponent and OECM shall have agreed on access terms including pre-notification, extent of access, security and confidentiality. OECM and the Proponent shall each bear its own costs in connection with access to each other's premises.

The Proponent shall co-operate in the verification of information and is deemed to consent to OECM verifying such information, including references.

4.3.15 Proposal Acceptance

The lowest price Proposal or any Proposal shall not necessarily be accepted. While price is an evaluation criterion, other evaluation criteria as set out in Part 3 will form a part of the evaluation process.

4.3.16 RFP Incorporated into Proposal

All provisions of this RFP are deemed to be accepted by each Proponent and incorporated into each Proposal.

4.3.17 Exclusivity of Contract

The Master Agreement, if any, with the Preferred Proponent will not be an exclusive agreement for the provision of the described Deliverables.

4.3.18 Substantial Compliance

OECM shall be required to reject Proposals, which are not substantially compliant with this RFP.

4.3.19 No Publicity or Promotion

No Proponent, including the Preferred Proponent, shall make any public announcement or distribute any literature regarding this RFP or otherwise promote itself in connection with this RFP or any arrangement entered into under this RFP without the prior written approval of OECM.

In the event that a Proponent, including the Preferred Proponent, makes a public statement either in the media or otherwise in breach of this requirement, in addition to any other legal remedy it may have in law, in equity or within the context of this RFP, OECM shall be entitled to take all reasonable steps as may be deemed necessary by OECM, including disclosing any information about a Proposal, to provide accurate information and/or to rectify any false impression which may have been created.

4.4 Negotiations, Timelines, Notification and Debriefing

4.4.1 Negotiations with Preferred Proponent

OECM reserves the right to accept or reject any Proposals in whole or in part; to waive irregularities and omissions, if doing so is in the best interests of OECM and its Customers.

The Preferred Proponent shall execute the Master Agreement in the form attached to this RFP with negotiated changes, if any, and satisfy any other applicable conditions of this RFP within twenty (20) days of invitation to enter into negotiations. This provision is solely to the benefit of OECM and may be waived by OECM at its sole discretion.

If the Preferred Proponent and OECM cannot execute the Master Agreement within the allotted twenty (20) days, OECM will, as described in Section 3.7 and 3.8, be at liberty to extend the timeline, request the Preferred Proponent to submit its Best and Final Offer, terminate discussions/negotiations with the Preferred Proponent, or publish one (1) or some of the Suppliers, who have executed Master Agreements within OECM's promotional marketing launch. Other Master Agreements, if successfully negotiated with other Preferred Proponents would be added to OECM's website at a later date.

4.4.2 Failure to Execute a Master Agreement

When the Preferred Proponent successfully reaches an agreement with OECM at the end of the negotiation process in accordance with the evaluation set out in this RFP, the Preferred Proponent will be allotted five (5) Business Days to execute the Master Agreement unless otherwise specified by OECM.

If the Preferred Proponent cannot execute the Master Agreement within the allotted timeframe, OECM may rescind the invitation to execute a Master Agreement or publish one (1) or some of the Suppliers, who have executed Master Agreements within OECM's promotional marketing launch. Other Master Agreements, if successfully negotiated with other Preferred Proponents would be added to OECM's website at a later date.

In accordance with the process rules in this Part 4 – Terms and Conditions of the RFP Process, there will be no legally binding relationship created with any Proponent prior to the execution of a written agreement.

4.4.3 Master Agreement

If a Master Agreement is subsequently negotiated and awarded to a Preferred Proponent as a result of this RFP process:

- (a) Any such Master Agreement will commence upon signature by the duly authorized representatives of OECM and the Preferred Proponent; and,
- (b) May include, but not be limited to, the general Master Agreement terms contained in Appendix A – Form of Master Agreement.

4.4.4 Notification to Other Proponents

Once the Master Agreement is executed, other Proponents will be notified directly in writing and shall be notified by public posting in the same manner that the RFP was originally posted of the outcome of the procurement process and the award of the contract.

4.4.5 Debriefing

Any Proponent may request a debriefing after receipt of a notification of award. All requests must be in writing to OECM and should be made within sixty (60) days of notification of award. The intent of the debriefing information session is to aid the Proponent in presenting a better proposal in subsequent procurement opportunities. Any debriefing provided is not for the purpose of providing an opportunity to challenge the procurement process.

4.4.6 Bid Dispute Resolution

In the event that the Proponent wishes to review the decision of OECM in respect of any material aspect of the RFP process, and subject to having attended a debriefing, the Proponent shall submit a protest in writing to OECM within ten (10) days from such a debriefing.

Any request that is not timely received will not be considered and the Proponent will be notified in writing.

A protest in writing should include the following:

- (a) A specific identification of the provision and/or procurement procedure that is alleged to have been breached;
- (b) A specific description of each act alleged to have breached the procurement process;
- (c) A precise statement of the relevant facts;
- (d) An identification of the issues to be resolved;
- (e) The Proponent's arguments and supporting documentation; and,
- (f) The Proponent's requested remedy.

For the purpose of a protest, OECM will review and address any protest in a timely and appropriate manner. OECM will engage an independent and impartial third party should the need arise.

4.5 Prohibited Communications, and Confidential Information

4.5.1 Confidential Information of OECM

All correspondence, documentation, and information of any kind provided to any Proponent in connection with or arising out of this RFP or the acceptance of any Proposal:

- (a) Remains the property of OECM and shall be removed from OECM's premises only with the prior written consent of OECM;
- (b) Must be treated as confidential and shall not be disclosed except with the prior written consent of OECM;

- (c) Must not be used for any purpose other than for replying to this RFP and for the fulfillment of any related subsequent agreement; and,
- (d) Must be returned to OECM upon request.

4.5.2 Confidential Information of the Proponent

Except as provided for otherwise in this RFP, or as may be required by Applicable Laws, OECM shall treat the Proposal and any information gathered in any related process as confidential, provided that such obligation shall not include any information that is or becomes generally available to the public other than as a result of disclosure by OECM.

During any part of this RFP process, OECM or any of its representatives or agents shall be under no obligation to execute a confidentiality agreement.

In the event that a Proponent refuses to participate in any required stage of the RFP because OECM has refused to execute any such confidentiality agreement, the Proponent shall receive no points for that particular stage of the evaluation process.

4.5.3 Proponent's Submission

All correspondence, documentation, and information provided in response to or because of this RFP may be reproduced for the purposes of evaluating the Proposal.

If a portion of a Proposal is to be held confidential, such provisions must be clearly identified in the Proposal.

4.5.4 Personal Information

Personal Information shall be treated as follows:

- (a) Submission of information – The Proponent should not submit as part of its Proposal any information related to the qualifications or experience of persons who will be assigned to provide EVSE unless specifically requested. OECM shall maintain the information for a period of seven (7) years from the time of collection. Should OECM request such information, OECM will treat this information in accordance with the provisions of this Section;
- (b) Use – Any personal information as defined in the *Personal Information Protection and Electronic Documents Act, S.C. 2005, c.5* that is requested from a Proponent by OECM shall only be used to select the qualified individuals to undertake the EVSE and to confirm that the work performed is consistent with these qualifications; and,
- (c) Consent – It is the responsibility of the Proponent to obtain the consent of such individuals prior to providing the information to OECM. OECM will consider that the appropriate consents have been obtained for the disclosure to and use by OECM of the requested information for the purposes described.

4.5.5 Non-Disclosure Agreement

OECM reserves the right to require any Proponent to enter into a non-disclosure agreement satisfactory to OECM.

4.5.6 Freedom of Information and Protection of Privacy Act

The *Freedom of Information and Protection of Privacy Act (Ontario)*, applies to information provided by the Proponent. A Proponent should identify any information in its Proposal, or any accompanying documentation supplied in confidence for which confidentiality is to be maintained by OECM and its Customers. The confidentiality of such information will be maintained by OECM, except as otherwise required by law or by order of a court, tribunal, or the Ontario Privacy Commissioner.

By submitting a Proposal, including any Personal Information requested in this RFP, the Proponent agrees to the use of such information for the evaluation process, for any audit of this procurement process, and for contract management purposes.

4.5.7 Municipal Freedom of Information and Protection of Privacy Act

The the *Municipal Freedom of Information and Protection of Privacy Act*, R.S.O. 1990, c. M. 56 applies to information provided by the Proponent. A Proponent should identify any information in its Proposal, or any accompanying documentation supplied in confidence for which confidentiality is to be maintained by OECM and its Customers. The confidentiality of such information will be maintained by OECM, except as otherwise required by law or by order of a court, tribunal, or the Ontario Privacy Commissioner.

By submitting a Proposal, including any Personal Information requested in this RFP, the Proponent agrees to the use of such information for the evaluation process, for any audit of this procurement process, and for contract management purposes.

4.5.8 Intellectual Property

The Proponent shall not use any intellectual property of OECM or Customers including, but not limited to, logos, registered trademarks, or trade names of OECM or Customers, at any time without the prior written approval of OECM and the respective Customer.

4.6 Reserved Rights and Governing Law of OECM

4.6.1 General

In addition to any other express rights or any other rights, which may be, implied in the circumstances, OECM reserves the right to:

- (a) Make public the names of any or all Proponents;
- (b) Request written clarification or the submission of supplementary written information from any Proponent and incorporate such clarification or supplementary written information, if accepted, into the Proposal, at OECM's discretion, provided that any clarification or submission of supplementary written information shall not be an opportunity for the Proponent to correct errors in its Proposal or to change or enhance the Proposal in any material manner;
- (c) Waive formalities and accept Proposals that substantially comply with the requirements of this RFP;
- (d) Verify with any Proponent or with a third party any information set out in a Proposal;
- (e) Check references other than those provided by Proponents;
- (f) With supporting evidence, disqualify any Proponent on grounds such as:
 - i. Bankruptcy or insolvency;
 - ii. False declarations;
 - iii. Significant or persistent deficiencies in performance of any substantive requirement or obligation under a prior agreement or agreements;
 - iv. Final judgments in respect of serious crimes or other serious offence; or,
 - v. Professional misconduct or acts or omissions that adversely reflect on the commercial integrity of the Proponent;
- (g) Disqualify any Proponent whose Proposal contains misrepresentations or any other inaccurate or misleading information;
- (h) Disqualify any Proponent whose Proposal is determined by OECM to be non-compliant with the requirements of this RFP;
- (i) Disqualify a Proposal based upon the past performance or on inappropriate conduct in a prior procurement process, or where the Proponent has or the principals of a Proponent have previously breached an agreement with OECM, or has otherwise failed to perform such agreement to the reasonable satisfaction of OECM (i.e., has not submitted required reporting and/or Cost Recovery Fees to OECM);

- (j) Disqualify any Proponent, who, in relation to this RFP or the evaluation and selection process, has engaged directly or indirectly in any form of political or other lobbying whatsoever to influence the selection of the Supplier.
- (k) Disqualify the Proponent who has been charged or convicted of an offence in respect of an agreement with OECM, or who has, in the opinion of OECM, engaged in any illegal business practices, including activities such as bid-rigging, price-fixing, bribery, fraud, coercion or collusion, unethical conduct, including lobbying as described above or other forms of deceitfulness, or other inappropriate communications offering gifts to any employees, officers, agents, elected or appointed officials or other representatives of OECM, or where the Proponent reveals a Conflict of Interest or Unfair Advantage in its Proposal or a Conflict of Interest or evidence of any Unfair Advantage is brought to the attention of OECM;
- (l) Disqualify any Proposal of any Proponent who has breached any Applicable Laws or who has engaged in conduct prohibited by this RFP, including where there is any evidence that the Proponent or any of its employees or agents colluded with any other Proponent, its employees or agents in the preparation of the Proposal;
- (m) Make changes, including substantial changes, to this RFP provided that those changes are issued by way of addenda in the manner set out in this RFP;
- (n) Accept or reject a Proposal if only one (1) Proposal is submitted;
- (o) Reject a Subcontractor proposed by a Proponent within a Consortium;
- (p) Select any Proponent other than the Proponent whose Proposal reflects the lowest cost to OECM;
- (q) Cancel this RFP process at any stage and issue a new RFP for the same or similar requirements, including where:
 - i. OECM determines it would be in the best interest of OECM not to award a Master Agreement,
 - ii. the Proposal prices exceed the bid prices received by OECM for EVSE acquired of a similar nature and previously done work,
 - iii. the Proposal prices exceed the costs OECM or its Customers would incur by doing the work, or most of the work, with its own resources,
 - iv. the Proposal prices exceed the funds available for the EVSE, or,
 - v. the funding for the acquisition of the proposed EVSE has been revoked, modified, or has not been approved,

and where OECM cancels this RFP, OECM may do so without providing reasons, and OECM may thereafter issue a new request for proposals, request for qualifications, sole source, or do nothing;
- (r) Discuss with any Proponent different or additional terms to those contained in this RFP or in any Proposal;
- (s) Accept any Proposal in whole or in part;
- (t) If OECM receives a Proposal from a Proponent with Rates that are abnormally lower than the Rates in other Proposals, OECM may verify with the Proponent that the Proponent satisfies the conditions for participation and is capable of fulfilling the Master Agreement; or,
- (u) Reject any or all Proposals in its absolute discretion, including where a Proponent has launched legal proceedings against OECM and/or its Customers or is otherwise engaged in a dispute with OECM and/or its Customers;

and these reserved rights are in addition to any other express rights or any other rights which may be implied in the circumstances and OECM shall not be liable for any expenses, costs, losses or any direct or indirect damages incurred or suffered by any Proponent or any third party resulting from OECM exercising any of its express or implied rights under this RFP.

By submitting a Proposal, the Proponent authorizes the collection by OECM of the information set out under (d) and (e) in the manner contemplated in those subparagraphs.

4.6.2 Rights of OECM – Proponent

In the event that the Preferred Proponent fails or refuses to execute the Master Agreement within allotted time from being notified, OECM may, in its sole discretion:

- (a) Extend the period for concluding the Master Agreement, provided that if substantial progress towards executing the Master Agreement is not achieved within a reasonable period of time from such extension, OECM may, in its sole discretion, terminate the discussions;
- (b) Exclude the Preferred Proponent from further consideration and begin discussions with the next highest scoring Proponent without becoming obligated to offer to negotiate with all Proponents; or,
- (c) Exercise any other applicable right set out in this RFP including, but not limited to, cancelling the RFP and issuing a new RFP for the same or similar EVSE.

OECM may also cancel this RFP in the event the Preferred Proponent fails to obtain any of the permits, licences, and approvals required pursuant to this RFP.

4.6.3 No Liability

The Proponent agrees that:

- (a) Any action or proceeding relating to this RFP process shall be brought in any court of competent jurisdiction in the Province of Ontario and for that purpose the Proponent irrevocably and unconditionally attorns and submits to the jurisdiction of that Ontario court;
- (b) It irrevocably waives any right to and shall not oppose any Ontario action or proceeding relating to this RFP process on any jurisdictional basis; and,
- (c) It shall not oppose the enforcement against it, in any other jurisdiction, of any judgement or order duly obtained from an Ontario court as contemplated by this RFP.

The Proponent further agrees that if OECM commits a material breach of OECM's obligations pursuant to this RFP, OECM's liability to the Proponent, and the aggregate amount of damages recoverable against OECM for any matter relating to or arising from that material breach, whether based upon an action or claim in contract, warranty, equity, negligence, intended conduct, or otherwise, including any action or claim arising from the acts or omissions, negligent or otherwise, of OECM, shall be no greater than the Proposal preparation costs that the Proponent seeking damages from OECM can demonstrate. In no event shall OECM be liable to the Proponent for any breach of OECM's obligations pursuant to this RFP, which does not constitute a material breach thereof. The Proponent acknowledges and agrees that the provisions of the *Broader Public Sector Accountability Act, 2010* shall apply notwithstanding anything contained herein.

4.6.4 Assignment

The Proponent shall not assign any of its rights or obligations hereunder during this RFP process without the prior written consent of OECM. Any act in derogation of the foregoing shall be null and void.

4.6.5 Entire RFP

This RFP and all Appendices form an integral part of this RFP.

4.6.6 Priority of Documents

In the event of any inconsistencies between the terms, conditions, and provisions of the main part of the RFP and the Appendices, the RFP shall prevail over the Appendices during this RFP process.

4.6.7 Disqualification for Misrepresentation

OECM may disqualify the Proponent or rescind a Master Agreement subsequently entered if the Proponent's Proposal contains misrepresentations or any other inaccurate, misleading or incomplete information.

4.6.8 References and Past Performance

The evaluation may include information provided by the Proponent's references and may also consider the Proponent's past performance with OECM and/or its Customers.

4.6.9 Cancellation

OECM may cancel or amend the RFP process without liability at any time.

4.6.10 Competition Act

Under Canadian law, a Proposal must be prepared without conspiracy, collusion, or fraud. For more information, refer to the Competition Bureau website at <http://www.competitionbureau.gc.ca/eic/site/cb-bc.nsf/eng/home>, and in particular, part VI of the *Competition Act*, R.S.C. 1985, c. C-34.

4.6.11 Trade Agreements

The Proponent should note that procurements coming within the scope of either Chapter 5 of the Canadian Free Trade Agreement, Chapter 19 of the Comprehensive Economic and Trade Agreement ("CETA") or within the scope of the Trade and Cooperation Agreement between Quebec and Ontario are subject to such agreements, although the rights and obligations of the parties shall be governed by the specific terms of this RFP.

For more information, refer to the following:

- (a) Canadian Free Trade Agreement website at <https://www.cfta-alec.ca/>;
- (b) Trade and Cooperation Agreement between Quebec and Ontario at <https://www.cfta-alec.ca/agreement/trade-and-cooperation-agreement-between-quebec-and-ontario>; and,
- (c) Comprehensive Economic and Trade Agreement at <https://www.international.gc.ca/trade-commerce/trade-agreements-accords-commerciaux/agr-acc/ceta-aecg/index.aspx?lang=eng>.

4.6.12 Governing Law

The terms and conditions in this Part 4:

- (a) Are included for greater certainty and are intended to be interpreted broadly and separately (with no particular provision intended to limit the scope of any other provision);
- (b) Are non-exhaustive (and shall not be construed as intending to limit the pre-existing rights of the parties to engage in pre-contractual discussions in accordance with the common law governing direct commercial negotiations); and,
- (c) Are to be governed by and construed in accordance with the laws of the province or territory within which the Customer is located and the federal laws of Canada applicable therein.

[End of Part 4]

APPENDIX A – FORM OF MASTER AGREEMENT

This Appendix is posted as a separate PDF document.

APPENDIX B – COMMERCIAL RESPONSE

The Proponent must complete this Appendix, posted as a separate Microsoft Excel document, and upload it into OTP.

The Proponent may not make any changes to any of the RFP forms, including Appendix B – Commercial Response. Any Proposal containing any such changes, whether on the face of the form or elsewhere in the Proposal, may be disqualified.

APPENDIX C – SUPPLIER REPORTING REQUIREMENTS

Once CSAs have been executed, the Supplier must provide the following reports to OEM for the Term. Reports shall be submitted via email in Microsoft Excel format according to the frequency set out below.

Supplier Reporting Requirements		
Sales Reporting	Frequency	Due Date
Sales Reporting including, but not limited to: (a) Customer's name; (b) Invoice number and date; (c) EVSE provided (or EVSE Category provided); (d) Quantity invoiced; (e) Rate and total Rate; and, (f) Cost Recovery Fee.	Quarterly	8th Business Day following each Calendar Quarter
Performance Reporting	Frequency	Due Date
(a) Key Performance Indicators ("KPIs") Report - As set out in Appendix D – Supplier Performance Management Scorecard. (b) Performance results specific to Customer's KPIs.	Quarterly (calendar)	8th Business Day following each Calendar Quarter
CSA Reporting	Due Date	
(a) Provide a copy of each fully executed CSA	Within thirty (30) days of CSA execution	
Other Reporting		
May include: (a) Sales Forecasting Reports; i. By November 15 – for the next calendar year; ii. By March 15 – for April to December, if the forecast in (a) above has changed; and, iii. By July 15 – for August to December, if the forecast in (b) above has changed. (b) Specific Customer Reports, as requested (e.g., purchase orders and invoices) (c) OEM Ad Hoc Reports - As requested and mutually agreed upon.		

Final reporting requirements will be determined during negotiations.

APPENDIX D – SUPPLIER PERFORMANCE MANAGEMENT SCORECARD

Master Agreement performance means the Supplier aligns with OECM's three (3) pillars of Savings, Choice and Service, supporting the growth of the Master Agreement among Customers, and providing quality products and services at competitive Rates.

Supplier performance means the Supplier meets or exceeds the performance requirements described below and adheres to all the other contractual requirements.

As part of OECM's efforts to provide greater value to Customers, OECM has implemented a Supplier Recognition Program ("SRP"). Through the SRP, OECM will objectively assess Supplier's performance using an open, fair and transparent framework to recognize and reward top-performing suppliers on an annual basis.

To ensure Master Agreement requirements are met, the Supplier's performance will be measured and tracked by OECM to ensure:

- (a) On time delivery of high-quality Resources at the Master Agreement Rates or lower;
- (b) Customer satisfaction;
- (c) On-time Master Agreement activity reporting to OECM;
- (d) On-time Cost Recovery Fee remittance; and,
- (e) Continuous improvement.

Reporting, as described in Appendix C – Supplier's Reporting Requirements is mandatory for the Supplier to submit as they provide evidence and justification of adherence to the Master Agreement. Through consolidation of reporting information, OECM provides Customers a thorough understanding of the Supplier's performance aiding the adoption of the Master Agreement.

By providing the reports, OECM is able to analyze and maintain the integrity of the Supplier's performance.

Failure, by the Supplier, to provide accurate reports by the due dates set out in Appendix C – Supplier Reporting Requirements may be deemed poor performance and will reflect on the Supplier's Performance Management Scorecard and SRP results.

During the Term of the Master Agreement, the Supplier shall collect and report the agreed upon results of the performance measures as requested by OECM. The Performance Management Scorecard and other performance indicators will be used to measure the Supplier's performance throughout the Term of the Master Agreement, ensuring Customers receive appropriate EVSE and/on Services on time. The Supplier's performance score will be considered when OECM contemplates Master Agreement decisions such as:

- (a) The approval or rejection, in whole or in part, of the Supplier's Rate refresh requests;
- (b) The approval or rejection of the Supplier's request to add other related Resources to the Master Agreement;
- (c) Master Agreement extensions; and,
- (d) Master Agreement termination.

The Supplier shall maintain accurate records to facilitate the required performance management reporting requirements related to OECM and Customer KPIs.

During the business review, OECM will review the KPIs with the Supplier. The KPIs include but are not limited to the following:

Supplier Provided Customer Performance Measures		
Key Performance Indicator	Performance Measurement	Performance Goal
Project milestones completed	On time	98% of the time
Respond to Customer inquiries	One (1) Business Day	98%
Project Manager response time to inquiries	Within two (2) business days	98% of the time
Issue resolution completed as agreed to by the Customer and the Supplier	On time	98% of the time
Customer and Supplier Invoicing	Number of invoicing errors annually	98% accuracy

OECM Evaluation of Supplier's Performances		
Key Performance Indicator	Performance Measurement	Performance Goal
On time Sales Report Submissions	On time	98% of the time
On time KPI Report Submissions	On time	98% of the time
On time submission of executed CSAs received within 30 days of execution	On time	98% of the time
On time CRF payment remittance	Day of	98% of the time
Response time to OECM inquiries	One (1) Business Day	98% of the time

Other KPIs, as mutually agreed upon between the Supplier and OECM, may be added during the Term of the Master Agreement.

Customer may, when executing a Customer-Supplier Agreement, seek other KPIs.

Penalties and Rewards

The Supplier shall be responsible for all liquidated damages incurred by the Customers as a result of Supplier's failure to perform according to the Master Agreement and/or Customer-Supplier Agreement. Additional penalties for failure to meet or rewards for exceeding the Master Agreement and/or Customer-Supplier Agreement requirements may be mutually agreed upon between the Customer and the Supplier, at the time of Customer-Supplier Agreement execution. Any penalty and/or reward shall be reported to OECM.

APPENDIX E – OEMC'S SUPPLIER CODE OF CONDUCT

The Supplier will take every measure to comply with OEMC's Supplier Code of Conduct ("SCC") principles set out below and to adopt behaviours and practices that are in alignment with these principles or those of OEMC's Customers as mutually agreed upon between the Customer and Supplier. OEMC's core values of collaboration, responsiveness, integrity, innovation and respect are in alignment with and entrenched within the key principles of the SCC. The SCC applies to the Supplier's owners, employees, agents, partners and subcontractors who provide EVSE and/or Services to OEMC and/or Customers.

The Supplier will manage their operations according to the most stringent standards of ethical business, integrity and equity. The Supplier must therefore:

- (a) Refrain from engaging in any form of non-competitive or corrupt practice, including collusion, unethical bidding practices, extortion, bribery and fraud;
- (b) Ensure that responsible business practices are used, including ensuring that business continuity and disaster recovery plans are developed, maintained and tested in accordance with applicable regulatory, contractual and service level requirements, and that healthy and safe workplaces that comply with relevant health and safety laws are provided;
- (c) Ensure the protection of the confidential and personal information they receive from OEMC, and only use this information as part of their business relations with OEMC;
- (d) Comply with intellectual property rights relating to the EVSE and/or Services provided to OEMC and its Customers;
- (e) Never place an OEMC employee in a situation that could compromise his/her ethical behaviour or integrity or create a conflict of interest;
- (f) Divulge all actual and potential conflicts of interest to OEMC; and,
- (g) Disclose to OEMC any behaviour deemed unethical on the part of an OEMC employee.

Also, the Supplier shall:

- (a) Comply with all foreign and domestic applicable federal/provincial/municipal laws and regulations including, but not limited to the environment, health and safety, labour and employment, human rights and product safety and anti-corruption laws, trade agreements, conventions, standards, and guidelines, where the products or services are provided to OEMC Customers. Fair competition is to be practised in accordance with applicable laws. All business activities and commercial decisions that restrict competition or may be deemed to be uncompetitive are to be avoided;
- (b) Not try to gain improper advantage or engage in preferential treatment with OEMC employees and Customers. The Supplier must avoid situations that may adversely influence their business relationship with OEMC or can be directly or indirectly perceived as a conflict of interest and interfere with the provision of the EVSE and/or Services to OEMC or its Customers. The Supplier must disclose any actual or potential conflicts of interest promptly to OEMC;
- (c) Never offer to OEMC staff bribes, payments, gifts of entertainment or any type of transactions, inducements, services, discounts and/or benefits that may compromise or appear to compromise an OEMC's employees' ability to make business decisions in the best interest of OEMC and its Customers. If a Supplier is unsure whether a gift or entertainment offer to an OEMC employee complies with OEMC's SCC, the Supplier should consult with the intended recipient's manager;
- (d) Not engage in any improper conduct to gain influence or competitive advantage especially that which would put OEMC or its Customers at risk of violating anti-bribery and/or anti-corruption laws. The Supplier must ensure that the requirements of all these applicable laws are met, and not engage in any form of corrupt practices including extortion, fraud or bribery;
- (e) Ensure that any outsourcing and/or subcontracting used to fulfill EVSE and/or Services are identified and approved by the Customer and monitored to ensure compliancy with contractual obligations and adherence to OEMC's SCC. Supplier's employees, subcontractors and other service providers must adhere to the requirements of the SCC, which must be made available as necessary. The Supplier must also ensure that its subcontractors and other

service providers are paid properly and promptly to avoid any disruption in the provision of EVSE and/or Services by the Supplier to OEM or its Customers;

- (f) Maintain workplace professionalism and respect for the dignity of all employees, Customers, and individuals. The Supplier must never exercise, tolerate or condone harassment, discrimination, violence, retaliation and any other inappropriate behaviour;
- (g) Abide by applicable employment standards, labour, non-discrimination and human rights legislation. Where laws do not prohibit discrimination, or where they allow for differential treatment, the expectation of the Supplier is to be committed to non-discrimination principles and not to operate in an unfair manner. The Supplier must be able to demonstrate that their workplaces operate under the following principles:
 - i. Child labour is not accepted;
 - ii. Discrimination and harassment are prohibited, including discrimination or harassment based on any characteristic protected by law;
 - iii. Employees are free to raise concerns and speak up without fear of reprisal;
 - iv. Appropriate and reasonable background screenings, including investigations for prior criminal activity, have been completed to ensure integrity and character of the Supplier's employees; and,
 - v. Clear and uniformly applied employment standards are used that meet or exceed legal and regulatory requirements;
- (h) Provide healthy and safe workplaces for their employees. These workplaces must comply with applicable health and safety laws, statutes and regulations to ensure a safe and healthy work environment. Employers must also ensure that their employees are properly trained and that they have easy access to information and instructions pertaining to health and safety practices; and,
- (i) Give high priority to environmental issues and implement initiatives to foster sound environmental management through practices that prevent pollution and preserve resources. The Supplier must conduct business in an environmentally responsible and sustainable manner. The Supplier must comply with all applicable environmental laws, statutes and regulations, including, but not limited to, waste disposal (proper handling of toxic and hazardous waste), air emissions and pollution, to ensure that they meet all legal requirements and strive to prevent or mitigate adverse effects on the environment with a long-term objective of continual improvement.

The Supplier is expected to:

- (a) Abide by OEM's SCC;
- (b) Report violations of the SCC or identify any Customer requests that might constitute violations; and,
- (c) Cooperate and collaborate with OEM and bring about the resolution of SCC compliance issues.

Compliance with SCC principles is a criterion that is taken into consideration in OEM's supplier selection process and ongoing performance and relationship management.

The practices adopted by the Supplier must be verifiable. Such verification may be conducted by way of a Supplier's self-evaluation and/or an audit completed by OEM at its discretion. The Supplier must provide, upon request, OEM with documents attesting to their compliance with the SCC.

In addition, OEM may elect to visit the Suppliers' facilities if OEM so chooses. Appropriate notice will be provided to the Supplier. Whenever a situation of non-compliance is identified, OEM will endeavor to work with the Supplier in order to develop a corrective plan to resolve the non-compliant issues in a timely manner.

Failure to comply with OEM's SCC may result in termination of this Master Agreement.

For more information, visit OEM's website at <https://oecm.ca/suppliers/#code-of-conduct>.

APPENDIX F – OECM SCHOOL BOARD, COLLEGE AND UNIVERSITY CUSTOMERS IN ONTARIO

APPENDIX G – OEM AUTHORIZED RESELLER LETTER FOR EACH PROPOSED OEM PER CATEGORY

This Appendix must be completed, signed, dated and uploaded into OTP with a Proponent’s Proposal if the Proponent is **not** the OEM of the proposed EVSE per Category. Therefore, if the Proponent is the OEM of the proposed EVSE, the Proponent is **not** required to complete and submit this authorization, but all other Proponents are.

To: OEMC and the Proponent

Proponent’s Name: _____

OEM’s Name: _____

Re: Proponent’s Proposal in response to OEMC’s RFP #2024-456

The OEM agrees and confirms that:

- (a) The named Proponent is an Authorized Reseller of the proposed EVSE OEM;
- (b) The Proponent will be eligible and authorized to fulfill the requirements to supply EVSE from the OEM;
- (c) The OEM warranty period is for [\[Insert \(e.g., one \(1\) year\)\]](#); and,
- (d) The Proponent has maintained its status as an authorized reseller in good standing with the OEM for at least the past two (2) years.

This Appendix must be signed by an authorized representative from the OEM.

OECM may, at its sole discretion, contact the OEM to validate information proposed prior to the award of this RFP and/or at any during the Term of the Master Agreement.

EVSE OEM Name
