

Latest OEMC Agreements

Click agreement titles to view full details online.

Commercial Ductwork Sealing and Related Services

Get province-wide access to duct sealing, cleaning, maintenance, and repair services that support healthier indoor environments, reduce energy consumption, and enhance operational efficiency.

Dental Supplies, Small Equipment and Related Services

A broad-range of specialized dental supplies including Supplier Partner endodontics, handpieces, instruments, laboratory, orthodontics, preventive supplies and more!

Electronic Device Disposal and Recycling Services

Gain access to secure, compliant, and environmentally responsible management of electronic device waste through IT asset disposition, secured media destruction, and electronic waste recycling.

Furniture, Mattresses and Related Services

Combining three previous OEMC furniture agreements into a single, streamlined solution that provides office, education, and residence furniture, as well as mattresses and sleep accessories. Supporting services include consultation, space planning and design, delivery, installation, storage options, project management, and comprehensive warranty coverage.

Heating, Ventilation, and Air Conditioning Air Filter Products and Related Services

Gain access to pre-qualified suppliers offering a full range of certified HVAC air filters and related services designed to enhance indoor air quality, energy efficiency, and facility performance. This re-tendered agreement expands beyond products to include services such as testing, training, maintenance, and installation.

IT Help Desk Services

Get access to experienced suppliers offering a full range of IT support services available 24/7, all year round. This agreement introduces bilingual service categories (deliverables in English and French), expanded supplier options, and multi-tiered support for issues ranging from basic troubleshooting to advanced technical resolutions.

Marketing and Promotional Products and Related Services

Obtain access to qualified suppliers offering a broad range of marketing and promotional products and services, including, awards and recognition, bags, clothing and accessories, drinkware, eco-friendly products, food, home and tools, Indigenous products, office and stationery, outdoor and leisure, shows and events, and technology, artwork/preproduction services, direct mail services, and more!

Special Education Equipment and Related Services

Gain access to a diverse range of sensory-motor, assistive technology, and physical accessibility equipment, supporting individuals with special needs and promoting inclusive learning.
