Samsung LED Video Walls

Transform your space with ICON!

OEMC members can take advantage of discounts on large format LED displays (pixel pitch options available) in 3x3 (130") and 4x4 (173") configurations. This promotion includes display, mount, trim, backend, and cabling offering a complete package ready for install. Installation and CMS extra.

Samsung WAF Interactive Touch Displays

Take education and collaboration to the next level with Samsung WAF Interactive Touch Displays.

Designed for both classrooms and boardrooms, these 4K UHD displays enable seamless, real-time collaboration with multi-touch functionality and split-screen note zones—allowing multiple users to engage on a single canvas simultaneously.

Available in 65" and 86" sizes, the WAF series runs on Android 14, is Google EDLA certified, and offers flexible connectivity through Bluetooth, HDMI, and USB for easy integration into any environment.

Built for reliability, these displays support up to 12 hours of continuous operation.

Paired with an optional adjustable rolling stand, the WAF display becomes a fully mobile, versatile solution, adapting effortlessly to any space while enhancing engagement and productivity.

**Discounts on other models are available.
