

AGREEMENT HIGHLIGHTS

Solar PV Systems and Services

OECM #2023-430

Item	Description
Agreement Term	Effective Date: November 1, 2023 Initial Expiry Date: October 31, 2028 Optional Extension(s): OECM has the option to extend the agreement for up to three (3) additional years.
Resources and Services Available Through this Agreement	This agreement provides access to comprehensive Solar PV systems and services designed to support public sector organizations with the planning, design, implementation, and ongoing support of renewable energy projects. The agreement provides services including the following. Core Services: • <u>Feasibility Studies</u>: engineering review of existing site plans/drawings and conditions; system sizing and suitability; capacity analysis; approvals; and written feasibility reporting. • <u>Design Concept and Development</u>: system design to maximize energy generation; structural and electrical engineering; stamped drawings/specifications; supply, construction, testing and commissioning; monitoring systems; and operations/maintenance procedures. • <u>Pre-Construction Submittals and Approvals</u>: system descriptions, OEM/equipment information, calculations, wiring diagrams, product data, storage/delivery plans, fire safety information and expected electricity output. • <u>Construction</u>: construction and installation services for solar PV systems • <u>Project Management</u>: regulatory and legal support, LDC/AHJ applications and approvals, coordination with customer consultants/facility personnel, project schedules and installation records. • <u>Training and Project Close-Out</u>: customer staff training, manuals, drawings, reports/testing documentation, permit close-out and transfer of ownership where required.

Item	Description
	• <u>Warranty Coverage and Review</u>: minimum one (1) year labour/material warranty unless otherwise agreed, OEM warranty support, warranty paperwork and defect review. • <u>Other Optional Services</u>: maintenance, cleaning to maintain electrical connections, and disassembly services.
